A visit to our establishment will readily convince you that your money has a greatly increased purchasing power in footwear. A BURGLAR TAKES A BATH

Visitor at a Parsonage Exchanges His Clothes for the Minister's.

New York, Nov. 21.—Folk who insisting that cleanliness is next to godliness have a chance to explain the paradox in the visit of a burglar to the parsonage of the Emanuel Baptist church, in Williamsbridge, on Thursday.

The Rev. Clayton Grinnell, being a godly man, naturally had a bath tub in the house. Mr. Grinnell and his family were away on Thursday on a visit. As the shades of evening tumbled on Williamsbridge, and the twinkling lights began, etc., Mr. Grinnell returned to the parsonage.

As he passed the bathroom a moist sort of smell hit his nostrils. With it was mingled the searching odor of clothes worn for years. Entering the bathroom and striking a light, Mr. Grinnell found an ancient suit of clothes in extremely bad repair; shoes a tattered hat. There were little pools of water on the floor and the tub was wet; evidently some visitor had taken a bath.

Further investigation revealed that Mr. Grinnell's best suit—the suit that enveloped him on Sundays in the pulpit—was gone. Feminine shrieks from the ground floor informed Mr. Grinnell that the family's evening meal had entered the visitor. The caller had completed the job by taking the family silver, Mrs. Grinnell's jewelry, and little ornaments and things of small size, but of much value. Mr. Grinnell calculated his caller's net profits at about \$1,000.

Now, if cleanliness is next to godliness, how is it that a burglar who is far from being clean—the man who is elect passed in his nefarious undertakings long enough to take a bath.

THE PEACE NEGOTIATIONS

Must Soon Be Brought to a Termination.

Ultimatum of the United States Sent to Spain.

A Categorical Answer Will Be Speedily Required.

Varying Views of the Spanish Press on the Situation.

Paris, Nov. 21.—The Soleil this morning, reviewing at length the peace negotiations, says: "How miserable is the fate of our Spanish neighbors. American rapacity has not left them an inch of the territory they have possessed in America since the time of Columbus or in Oceania since the time of Magellan. But, that is not the worst of their misfortune. Their whole edifice of political economy and administration is going to pieces. Their parliamentary parties which, moreover, never had strong root, are completely disorganized, and no one dares assume the responsibility of power. The present ministry remains because no one wishes to replace it. But it is almost powerless before the ills which threaten the country." Touching the fate of the Spanish soldiers who are now returning to a life of idleness, the Soleil remarks: "If they employ their leisure in conspiring no one can be reasonably astonished."

The Petit Bleu says: "Spain is becoming resigned at the idea of giving the islands up and the cortes will understand and approve of the inevitable sacrifice."

The Figaro declares Spain will give in because she is powerless.

AN ULTIMATUM.

A cable on behalf of the American peace commissioners in Paris has been received at Washington from Judge Day, seeking instructions definitely on some points to be made in the American answer, which is yet to be presented. These instructions have been sent forward and are precisely in line with the policy which the American commissioners have been pursuing up to this point in the negotiations.

The American commissioners, by direct action of the president, early in the present week will lay before the Spaniards the final and irrevocable demands of the United States, allowing a specified time in which the American conditions may be accepted or rejected. This ultimatum, it is understood, involves all that has thus far been contended for, including the surrender to the United States of the entire Philippine group, and also names the amount of cash which the United States Government will pay Spain in consideration for her expenditure on account of pacific improvements and betterments in the island of Luzon. The amount of this cash payment is not known, but there is a basis for the belief that it is approximately \$40,000,000.

THE CUBAN DEBT.

Madrid, Nov. 21.—In political circles it is asserted that an agreement has been arranged between the peace commissioners in Paris. The government, it is semi-officially announced, intends to notify the Cuban bondholders that Spain will not pay the Cuban debt, which will not be mentioned in the peace treaty. The government considers itself completely freed from these engagements, which fall upon the nation exercising sovereignty and collecting taxes in Cuba.

SPAIN MAY REJECT THE OFFER.

London, Nov. 21.—The Madrid correspondent of the Daily Mail says: It is asserted that the government would reject an offer of \$40,000,000 for the Philippines as ridiculous.

A QUERY.

The Daily Chronicle, on the Hispano-American situation this morning, after expressing some apprehension "that we may have been mistaken as to the Anglo-American entente," points to the establishment of a "medieval navigation law in Porto Rico," and asks: "Is a still greater disappointment coming on the closing of the doors to our commerce in the Philippines?"

WRECK ON THE "BIG FOUR"

Eight Persons Were Injured—Caused by a Cow.

St. Louis, Nov. 21.—A special to the Globe-Democrat from Alton, Ill., says: Eight persons were injured in a wreck on the Big Four Railroad shortly after 7 o'clock last night. The train was a special, and was derailed by a cow at the Wood River bridge, three miles east of Alton.

LEAVING CUBA

Spaniards Endeavoring to Complete the Evacuation of the Island This Year.

Havana, Nov. 21.—Capt.-Gen. Blanco has received from Paris a cablegram authorizing him to draw on Paris for \$2,000,000 in gold, to be applied in payment of the Spanish troops in Cuba. This amount is in addition to the proceeds of the draft for \$425,000 sterling by the Madrid Government on London, which was sold here last week.

The Spanish authorities are making strenuous efforts to complete the evacuation by the end of the year. Martinique has been selected as the place of rendezvous of the Spanish navy for evacuation purposes.

ANGLO-GERMAN UNDERSTANDING

Proposed Treaty of Commerce to Follow the Political Compact.

Brighter Outlook for Dreyfus—The Patti Wedding.

London, Nov. 21.—Following up the Anglo-German political compact in Africa and elsewhere, pressure is being put upon the British ministers to meet German views in the matter of a new Anglo-German treaty of commerce. This pressure is warmly supported by the German semi-official press. The Frankfort Zeitung says that Mr. Chamberlain's friendly utterances of Wednesday respecting Germans should be translated into action in treaty negotiations.

The Vossische Zeitung relieves the British Government of blame for the delay. It says the British ministers are not responsible for Canada's action in introducing a preferential tariff. It doubts whether the government of Canada will openly maintain its present attitude. Canada is thus once more a pivot for British policy.

It is announced at Glasgow that specifications will shortly be issued for the construction of four first-class cruisers in private yards.

BETTER FOR DREYFUS.

Paris, Nov. 21.—The government, according to the Temps, has ordered a modification of the prison treatment of former Capt. Albert Dreyfus. Dreyfus is to be allowed to promenade and exercise six hours a day over an area of eight acres.

A terrible explosion occurred yesterday afternoon in the Cafe du Champ d'Or, underneath the office of the Havas agency. A woman was killed outright and eight other persons were seriously injured.

PATTI'S WEDDING.

London, Nov. 21.—The marriage of Mme. Adelina Patti and Baron Ceders-Stron, the Swede, whose engagement was announced recently, has been arranged to take place in February at Craig-y-Nos, Mme. Patti's residence in Wales. The ceremony will be performed by the Catholic Church and then according to the Lutheran service.

Paris, Nov. 21.—The hearing of E. T. Hooley, the contractor, in the bankruptcy court, ended with a general disclaimer on the part of Mr. Broadbent against Hooley's charges.

Broadbent had offered him money to falsify his testimony. Counsel declined to accept Broadbent's disclaimer at the eleventh hour.

SOCIALIST CONSPIRACY.

London, Nov. 21.—The Vienna correspondent of the Observer says: "The Galician newspapers say that a Socialist conspiracy has been discovered among the students of Warsaw. Kieff and Vilna, in Russia. Five hundred have been arrested and 80 exiled to Siberia. 30 of the latter being sent to perpetual banishment. Two hundred have been expelled from the university."

MISSIONARIES MURDERED.

London, Nov. 21.—A dispatch to the Daily Telegraph says that the Rev. Mr. Fleming, a missionary and a native evangelist, were murdered in the recent attack of the rebels in the town of Tui-Yu, in the Yang-Tsi-Kiang river, when the Catholic mission there was burned.

MILAN'S LIFE IN DANGER.

London, Nov. 21.—A special dispatch from Bucharest says two attempts have been made recently upon the life of ex-King Milan of Servia. The first, it appears, was on a train between Kragujevace and Nisch. A number of peasants attacked the former king's car with pistols and stones. They smashed the windows and wounded some of the members of his suite.

Later, at Nisch, a man dressed as a student and armed with a revolver, entered Milan's bedroom, but was arrested before he could attack the ex-king.

VAPORINGS OF A PARIS PAPER.

Paris, Nov. 21.—The Rappel, in threatening Great Britain with French hostility, in the future, says: "The blunders of Great Britain in the Fashoda question have irritated Europe and have excited the appetite of the United States. England and America can scarcely continue to agree. Canada is very tempting after Cuba, and then Jamaica, British Guiana, and the Cape. A secret alliance between Britain and the United States, and that day will be Great Britain's death."

FIVE CENT PHONES.

Paris, Nov. 21.—Under the direction of M. Mougeot, under secretary of the government mail and telegraph department, a new system of telephone service will at once be introduced in Paris and the larger cities of France. There will be a large central station, and sub-stations will be scattered all over the city, with waiting-rooms where the senders and receivers of messages can meet at appointed times. Messages will be delivered from the central station or from the sub-stations for five cents. "Phones" will be placed in residences for a small annual subscription.

"GYP" IN THE DREYFUS TANGLE.

Paris, Nov. 21.—A lawsuit truly Parisian has developed out of the Dreyfus affair. M. Trarieux, a senator, has begun suit against Countess Martel, who is none other than the well-known writer "Gyp."

Writing on the follies of justice in her latest volume, she cites M. Trarieux as an example, and says that he changed his religion for, and was converted to Protestantism by "an advantageous marriage."

The suppression of this passage, and damages to the amount of 500 francs for each volume—50,000 francs in all—is what Senator Trarieux demands for his outraged feelings. The interesting case will be tried this month in the premiere chamber.

CABLE NOTES.

Emperor William, from Messina, Sicily, sent a dispatch of condolence to the North German Lloyd Steamship
