CUT IN RATES NOT ENOUGH Manufacturers Complain That Insurance Men Haven't Kept Promise. H. D. Scully, secretary of the Toronto branch of the Canadian Manufacturers' Association, has written the mayor voicing the dissatisfaction of the members with the extent of the reduction in rates made by the Canadian Fire Underwriters' Association as a result of the installation of the high pressure system. Commenting on the statement of J. A. Robertson, secretary of the latter association, that the insurance men have more than redeemed their promises of lower rates, Mr. Scully declares that the underwriters have "viewed their duty to the citizens in the narrowest and most restricted way possible." The council is asked to take action.

"THE WESTERNERS" SCORES

Splendid Production by Amateur Company at Princess. Toronto distinctly scored in the production of "The Westerners" at the Princess Theatre last night. It is an original musical comedy with libretto and lyrics contributed by Ralph Smith and Paul Sheard, and the music composed by J. Ernest Lawrence, all of Toronto. The production is given under the auspices of the Parkdale Canoe Club and Aura Ice Club. The music is full of melody, and the orchestral setting is splendidly adapted to bringing out its qualities. The plot is well designed for orchestral illustration. It is laid in Arizona, where Harvey Yale, a young college man, and the son of a rich New Yorker, has taken up his abode. Thither his father pursues him, and falls a victim to the "stalking" manner of one Washington D. Chubb. Incidentally Harvey falls in love with Molly Connor, an actress, and the story is ably embodied in libretto and song. Of the exceptionally large cast, honors were evenly divided by Wm. H. Oke, as Jack, and Chas. McHenry, as Washington D. Chubb, a confidence man. Both gave a genuine interpretation to their parts, without undue exaggeration. Frank Jackson, as Harvey Yale, and Miss Besse Hunter as Molly Connor, made a feature of the "twisting," which was cordially received by the audience, and whose melody permeates the whole production. The hit of the evening was made by Mr. Oke and Miss Gretta Doherty in the lyric "Sally and Hiram," illustrated by a special dance from a well-known party to the enthusiasm of the audience. Chas. McHenry provided much of the comedy, and proved himself a versatile artist. Particularly noticeable in the large production was the graceful dancing of Miss Marcella Kammner in the waltz song at the beginning of the second act, also John Greig as Algeon Fitzpatrick Hartley, and M. S. Bennett as Bulletin Scooper, the ubiquitous reporter of The Denver Despatch. In the role of Violet Yale, Miss Nellie Stewart received well deserved applause. If any deprecatory criticism can be allowed it might be said that too much prominence is given to what Col. Denison says is the "scotland and grid-iron." Canada provides material enough without encroaching upon the preserves of United States production too much credit cannot be given to those taking part. The audience was large, sympathetic and generous in its applause, and seen for the balance of the week. Miss Violet McKnight will introduce a Spanish dance at the remaining performances.

PARIS, May 20.—What is becoming known as l'affaire Marix threatens to involve statesmen, judicial authorities and lawyers in a grave scandal. Marix is a captain of artillery and rapporteur of the council of war at Cherche-midi Prison, the highest military tribunal of the nation. He was arrested on Saturday last on charges of selling pardons. A broker was arrested as his accomplice. It develops that Marix's office in the council chamber at Cherche-midi Prison was transformed into a kind of office for all manner of illegal transactions, such as traffic in decorations, the purchase of pardons by military delinquents and other operations of a similar nature.

DEER PARK. Dominion Bank Buys Corner Lot, Paying Reasonable Prices.

DEER PARK, May 20.—(Special)—Dr. Armstrong's property at St. Clair-avenue and Yonge-street was sold to-day to the Dominion Bank at \$200 a foot. The bank will erect a branch residence immediately south of his own at the corner of Parnham and Yonge-street. The attention of pedestrians passing along Yonge-street, opposite Mount Pleasant Cemetery, these days is invariably attracted by the splendid sward shown in the magnificent sward and beauty of the grounds generally. The view from the street is that of a beautiful park and to Supt. Ford and his staff of workmen the greatest credit is due. John Stibbard has been offered and refused \$2,000 for his residence and grounds, which extend to the east and overlook the Don Valley. The property is well situated and commands a fine view. Thru a misunderstanding the meeting arranged between the York Township Council and the members of the North Toronto Hockey team for to-night failed to materialize. When the meeting was arranged the fact that the North Toronto hockey team had already secured the use of the hall was momentarily forgotten. This morning Chairman Parke got in touch with Vardon Henry and the others interested, with the result stated. The opening of the splendid new hall under the auspices of York Lodge, A. F. & M., takes place to-morrow (Friday) night. The new structure is located on Yonge-street, just below Eglington-avenue, cost \$40,000, and \$30,000 was built under the direction of Architect Siddall and will add greatly to the architecture of the town. The formal opening proceedings in connection with the new hall will take place at a later date. Owing to the meeting of the South York Teachers' Association in the Normal School to-day and to-morrow there was a holiday among the juveniles of the town and happiness reigned supreme. The concert held in the town hall here to-night, under the auspices of the North Toronto Hockey Club, was a wonderful success, but not more so than the enterprise of the club well merits. The prizes and medals won during the season were presented, and the whole affair was marked by the greatest enthusiasm. Manager Tomlinson, who has been unremitting in his efforts to promote good clean sport in Woodbine.

LUGSDIN & CO.'S REMOVAL

Old Yonge Street Firm Goes To Temperance Street. With the removal of Lugsdin & Co. from their former store at 115 Yonge-street to their new premises in Temperance-street one of the Yonge-street landmarks disappears. For 49 years Lugsdin & Co. were doing a retail harness business at 115 Yonge-street. The firm started in April, 1860, under the name of Lugsdin & Barnett, and during the 49 years the building that they occupied had never been altered. In 1880, Mr. Barnett died and since that time the name of the firm has been Lugsdin & Co. This progressive firm specializes in all forms of harness and saddle supplies and their high standard of show necessaries is well known all over the continent. Their trade is not confined to Canada, for they make many shipments of goods to all parts of the United States. Their new premises at 16 Temperance-street were built especially to meet the requirements of the harness trade. The building, which is one of Roman stone and brick, is fireproof and is fitted with all modern conveniences. The factory rooms are large and airy, as well as the company for considering the convenience of their employees when constructing their new building.

The band of the Royal Grenadiers, under J. Waldron, will play on Saturday afternoon, the opening day of the Ontario Jockey Club races at the Woodbine.

BIG BUDGET OF NEWS FROM NORTH TORONTO

Real Estate in Northern Suburb Valuable Asset—Odds and Ends From County. NORTH TORONTO, May 20.—(Special)—Townpeople generally complain at the delay on the part of the authorities in getting the watering cart in commission. In striking contrast with other years is the condition of Yonge-street from the city limits south, where the dust has been thoroughly abated. The general public would welcome a generous use of the town watering cart this summer.

It is understood now that several properties on the west side of Yonge-street will shortly be placed on the market. These include the Ellis, Hewitt, Skinner and Bescoy properties, thru all of which it is proposed to open up an avenue. This road will be a continuation of Avenue-road and will run to Eglington-avenue. The activity in North Toronto real estate is one of the outstanding features in connection with the present revival in land values on the outskirts of the city. The north end is surely coming into her own.

Contractor Nelson has already begun operations for the removal of the old Christ Church edifice to the north end of the church property. The Sunday school, which has been sold, will be at once removed off the grounds. Another Dr. Armstrong is being sought in commission. In striking contrast with other years is the condition of Yonge-street from the city limits south, where the dust has been thoroughly abated. The general public would welcome a generous use of the town watering cart this summer.

The ordination of W. R. Taylor will take place in Victoria-avenue Presbyterian Church on May 30 at 3 p.m. Harper, Custom Broker, McKinnon Building, Toronto.
