Hamilton, Tuesday, Jan. 2 .- Hamilton's mayoralty contest turned out to

be an April fool on its citizens, for, instead of the favorites heading the

polls, Charles G. Booker, who was not

conceded the slightest chance, headed

the polls for the commencement of the voting. At a late hour last night, with

one division to hear from, Mr. Booker

was approximately 300 votes ahead i

of his runner-up Morris. Booker poll-

ed 4698 votes, Morris 4373, and Cooper

Booker's election was conceded from

the start, after the first few returns

were received by the papers opposing

him, and as the results flowed into the

city hall it was only a question how

much he would win by. At the 93rd

division, he was leading by 70 odd

votes, but at the 116th he was over

100 in the lead. When the returns

from the 140th division were received

he had increased his lead by 200 and

from that on he gradually gained on

Totally Unexpected. The result was totally unexpected

from the fact that Booker was reither

supported by the papers, labor party

or the Board of Trade. In fact none of

the various associations were behind

him. He ran as an independent candi-

date, tho in politics he is a Conserva-

tive, as is Cooper. Morris is a Liberal.

One of the reasons for his election is said to be that the liquor interests threw all their influence into his campaign to get back at the Consezvative

party for introducing prohibition.

Mayor Booker made a neat little speech from the city hall steps after the returns showed that he was elected. He stated that he was an independent candidate and that the interests of the

city would be his interests. All the de-

partments would soon be non-partision and the "big interests" would have to

Refused Bylaws. With the exception of the bylaw for the sanitarium for returned soldiers, which will be built on the mountain at a cost of \$55,000, the ratepayers absolutely refused to endorse any of the others. The steam pump bylaw calling for an expenditure of \$362.500, storm sewer bylaw, \$61,000, and Sher-man avenue inlet, \$25,000, were all lumped on hard, and while no official figures could be obtained, it was understand that they had been deeply buried by the voters. # QUIET AT ST. THOMAS. George W. Trott is Re-Elected Mayor by 400 Majority.

Special to The Toronto World. St. Thomas, Jan. 1.-There was n excitement over the municipal elections in St. Thomas today as no by laws were voted upon, and there were no controversial issues before the people. The main contest was for the mayoralty, George W. Trott being reclected by a majority of 432 votes. His opponent, Dr. P. E. Bennett, who was chairman of the board of education, and who is president of the horticultural society, has done much to beautify the city, made a good run, and it is expected will land the honor at some future time. Lt.-Col. V. J. Green and V. K. Sanderson were reelected by acclamation as members of the hydro commission. George W. Crccker was also re-elected by acclamation as water commissioner.

The following aldermen were elected: C. A. Hammond, Patrick Meehan, Frank L. Brinkman, E. A. Horton, W. K. Jackson, John K. Martin, E. A. Hookway, George H. Sloggett, John Hanford, W. Wilson, L. G. Pearson.

Berlin Intimates Refusal to Discuss Peace Will Evoke Reply.

Berlin, Jan. 1, via London.-The press version of the reply of the entente powers to Germany's peace proposals was received here yesterday A definite statement regarding the official attitude concerning the document cannot be given before the official text has been received, but officials intimate that the reply is just about what had been expected, taking into consideration the preliminary announcements from various statesmen in the entente countries and that Germany, while disappointed that her hope of the end of the blood-letting and destruction has vanished, is prepared to carry on the war with increased vigor and with a united people back of her. The entente statement, it is inti-

# CROWDS SAW PICTURES

Results Interspersed With Movies Kept the Watchers Amused.

Partly, perhaps, owing to the fact that the mayor had been returned by acclamation, and also no doubt that war matters absorb public interest at this time, the 1917 election day passed off without any demonstration whatever, and the crowd that gathered down town after the polls had closed was not near the dimensions assumed in previous years. The hydro Flattering to bylaw attracted a great deal of enthusiasm, as also did the daylight saving bill, and it may perhaps be due to the bylaws that were before the people that the people came out as they did. Enjoyed Pictures.

Aitho a drizzling rain threatened the earlier part of the evening, crowds gathered before the various newspaper Orangeville—Hydro Commissioners

cffices, where the returns were masned on the screen as swiftly as they were received, and perhaps the biggest of these crowds was seen outs.de The World offices, where some excellent films were thrown on the sheet erected on the opposite side of the street. By 8.30 so dense was the crowd that the police were in place to keep them back. But it was a good-natured mass that enjoyed the pictures and bandled jests with one another. A most notable thing was the large quantity of khakiclad figures that awaited with interest every figure as it came thru. The crowd was well divided among the screens of the different newspaper offices, and as the final results were made known they gradually dwindled away until the downtown streets once again assumed their normal aspect, and election day was over for another
