

## YORK COUNTY — AND — SUBURBS

### BUMPER CROPS IN ONTARIO PROMISED

Conditions in York County Justify Hopes of Remarkable Yield.

Travelers arriving in the city yesterday from outside points all over Ontario, said last night that they had never before passed thru such magnificent fields of hay and grain, and the outlook for a bumper crop was never so good. If this is true, and it is of outside points, the conditions immediately surrounding the city are even better. There never were such crops of barley, spring wheat and oats, taller in many cases than the fences and some of the fields of barley are four feet high and as level as a table. And it is nearly all standing up well despite the heavy storms which have from time to time swept over the county. Given two weeks of the weather, the farmers will gather in a wonderful crop of hay, not so heavy as last year but infinitely better, and be ready for the big barley, oats and wheat crop. What they need now above all things is dry weather, and all the men they can lay their hands on.

### EARLSCOURT NEEDS SWIMMING POOL

Ald. McGregor Brings Matter to Attention of City Officials.

John Walsh, president of the Earlscourt Business Men's Association, has received a communication from Ald. McGregor, stating that he has written to both the property and parks commissioners urging upon them the necessity of at once installing a swimming pool in Earlscourt for the children. "There is no place in Earlscourt," said the alderman, "where a swimming pool is needed as badly as in Earlscourt, where the children have at present no place to frolic and play as in all other sections of the city." Mr. McGregor is also endeavoring to have a drinking fountain placed in the playing patch at the corner of Earlscourt and Hope avenues. "Commissioners Chambers may be depended upon to deal with the property commissioner in doing the best possible for the needs of Earlscourt," stated the alderman, "and I am sure the children will not be longer neglected in the loyal and patriotic north section."

President Walsh believes Ald. McGregor's efforts will bear fruit, and as one of the business men said to The World yesterday: "You may depend on Ald. McGregor sticking with it until that he has committed himself to act in the interests of the children, who have no proper places at present to safely spend their vacations or to learn to swim."

**Exodus to Beaches.**  
The brilliant weather of yesterday was responsible for the exodus of the people of the Earlscourt district to the lake shore, the island and other bathing resorts, and the "standing room only" sign was necessary throughout the day on the St. Clair avenue civic car line. The number of persons carried constituted a record for this busy line.

Many complaints were heard regarding the lack of bathing and park accommodation in the district among the thousands of residents who are compelled to journey such a considerable distance in the sweltering heat to avail themselves of these necessities. "Earlscourt is the only district in all Toronto which is deprived of a park and bathing pool," said a prominent resident of St. Clair avenue to the reporter for The World yesterday.

### PRESENTED EASY CHAIRS TO WOUNDED VETERANS

Pupils of St. Clement's Sunday School Sacrificed Annual Excursion to Buy Gifts.

North Toronto, July 22.—By an act of self-denial on the part of the pupils of the Sunday school of St. Clement's Anglican Church, who voluntarily gave up their annual excursion this year, and spending the money thus saved in another direction, a presentation of two library chairs, a bookcase and two easy chairs, all oak, has been made to the Daviessville Military Hospital. Seventy-five children, headed at the hospital Friday evening and the present was handed over by R. Wallis, which was received by Sister King, who thanked the children for their patriotic action. Heartily cheers were given for the soldiers by the children and the convalescent heroes, not to be behind hand, gave rousing cheers in return for the children.

**Chief Sweet of Oakville Did Not Render Account**

Incorrect information led to a statement being printed in The World on July 19, to the effect that J. T. Gough, whose car was stolen in Toronto about that date and recovered in Bronte by Chief of Police Sweet of Oakville, had received a storage bill from Chief Sweet. Mr. Gough only paid Chief Sweet for two telephone messages sent to notify him of the car's recovery. The chief had the car brought from Bronte by Mr. Whitaker, a garage owner, who charged Mr. Gough \$3.50. Mr. Gough paid the money to Mr. Whitaker and not to Chief Sweet.

### BIRCHCLIFFE RESIDENTS HOLD GARDEN PARTY

Addressed By H. E. Redman, Scarborough Township Solicitor, on Benefits of Co-Operation.

A very successful garden party was given Saturday afternoon by the Birch Cliff Ratepayers' Association, when there was a very large attendance. It was held so that the members could get better acquainted with each other as the district is a very scattered one. An address was given by H. E. Redman, solicitor for Scarborough Township, who spoke on the benefits arising from such associations and advised them to stick together. The affair was under the management of the following committee: W. Kennedy, A. R. Nightingale, T. Allen and A. H. Mitchell. At the close of a pleasant afternoon supper was served in a large tent. It was proposed to hold a large field day under the auspices of the association at an early date.

The association is raising money to place steps down the cliff at stop 19. At the present time there is only a pathway, but on account of the crumbling nature of the cliffs this pathway is considered dangerous. Already the sum of about \$500 has been subscribed by residents, but as the steps will cost about \$800, the council has been asked to contribute to the scheme. Although no definite promise has been given it is understood that the matter will receive careful consideration.

To be sure of the genuine Neolin—mark that mark, stamp it on your memory. Ask for Neolin with the accent on the "O"—Neolin

—the trade symbol for a quality product.

Neolin has been a great success. Because of distinct superiorities it is replacing leather for shoe soles. Neolin's appearance can be imitated. But Neolin's qualities are the result of methods and materials known only to us.

Now there are other soles that look like Neolin. But there is only one Neolin—and every pair of soles is branded with the trademark shown below.

## The Story of Neolin

is the story of science meeting a modern need with a modern product.

—of modern qualities that far out-distance those our fathers knew.

Out of the dark past comes the leather sole—a relic.

A relic of the time when men knew nothing better—when they were more easily satisfied.

Water-sogging, stiff, heavy, short-lived, it fulfilled its need only so long as there was nothing better.

But now comes Neolin, replacing leather for the soles of shoes.

Cutting down the frequency of shoe-bills, giving greater comfort.

Neolin! It is a modern sole material created by science for wear. Wear quality that will stand under the roughest wear and over the roughest road. Neolin soles—as easy on the purse as on the feet. Neolin soles—that make shoes last longer by holding them to their shape.

Put the children on Neolin. Let them pound and play. Neolin was made to last and last under just such conditions.

And Neolin soles are waterproof soles, good in wet as they are in dry. Good for winter—good for summer.

They are good soles because they are light and flexible and foot-easy. Good for the wife at her housework. Good for the busy man in shop or office. Good for the children in their play-hours and school-hours.

Stylish people are wearing Neolin for modern looks.

Sensible people are wearing Neolin for long-lasting and great comfort.

And they are finding Neolin the same on shoes of varying prices.

Your shoe merchant has shoes with Neolin soles.

Your shoe repairer will apply new soles of Neolin.

As the affair was in the aid of the building fund, large crowds swarmed the grounds both afternoon and evening and all seemed to have an immense time.

### COLONEL OSBORNE HURT AT GYMKHANA

A. A. G. Thrown From Horse in Umbrella Race Has Collarbone Broken.

### HORSE SHOW SUCCESS

Camp Borden Sporting Events Saturday Attracted a Large Crowd of Civilians.

Camp Borden, July 22.—Except for one unfortunate accident, which marred what was otherwise a splendid afternoon's sport, the Camp Borden horse show and gymkhana was a great success and was witnessed by a big crowd, including many women who came in by train and motor cars for the event.

Colonel Osborne, A.A.G., was thrown in the umbrella race and sustained a dislocated right shoulder. He was removed to the camp hospital in the Royal Flying Corps ambulance, which happened to be near the scene of the accident. This morning he was taken to Toronto by Capt. Brown, A.M.C., where an X-ray collar-bone has been fractured.

The umbrella race is one in which the contestants gallop down the field, going over and under a brush jump. At the end of the race the winner is the one who returns on the return jump with the open his left stirrup on the return jump and when the horse, frightened by the umbrella, swerved suddenly, he was thrown underneath with his right foot still in the stirrup. Still grasping the umbrella in his right hand he was dragged several yards before he cleared himself, while

the horse galloped on and fell on the roadway, skidding its flank.

Two other riders had falls, but were not seriously injured. The display of horses was most creditable to the groom, who must have worked hard at their grooming and saddling. Much of the success of the afternoon was due to the work of Capt. Widger, master marshal, who acted as ringmaster, under whose direction the meet was organized. The camp directors furnished the musical program. The prize were presented by Miss Logie at the conclusion of the sports.

This morning there was only one Protestant church parade, instead of two as formerly, and the place was changed to a spot where some trees afforded shade to the troops. A platform had been erected by the Engineers for a pulpit. A sacred concert was given the patients at the hospital this morning.
