EARLSCOURT SHOW

WINNERS GET PRIZES
Returned Missionary Tells of the Work in Bolivia and Life of Natives.

At the distribution of prizes to the winners in the Earlscourt Foultry Show last night, there was a splendid attendance. Alex. MacGregor, K.C., who occupied the chair, complimented those present on their keen interest and remarkable success in the recent show. The principal prize-winners were: Green Shields, Reeve Miller Challenge Cup; MacGregor Cup, won by Alex. MacGregor; D. Ploom, silver shield; Mat. Wainwright, silver plate; Mrs. Chuxton, shield and silver butter knife; Mr. Dowling, silver cup; S. Greenshield, cup for the best bird in the show; M. Davidson, cup. Bronze medals were awarded to Messrs. Dawson, Wainwright, Wainwright, butter dish, and M. Parker, coffee percolator. Many other valuable prizes and medals and ribbons were awarded. Mr. Davidson also won the Best of Show. Thos. Crawford Cup.

Johnston Turnbull, returned missionary from Bolivia, gave an interesting lecture in Room Avenue Baptist Church last evening. The speaker dwelt on the work of the missionaries, and the life of the natives in that country. The lecture was illustrated with lantern slides. Rev. W. F. Roadhouse, pastor, occupied the chair.

At a recent executive meeting of the G.A.U.V. and the Ladies' Auxiliary a district committee was formed and the following officers appointed: C. W. Taylor, chairman, and Mrs. F. Wilde, secretary. This committee will take in charge the arrangements for their first dance, which will be held at an early date.

Earlscourt Lodge, Good Templars, met in Creber's Hall, corner of West St. and Grand Lane, last night. There was a large attendance of members and friends. Brother J. Taylor, C.T., presided.

THE WEATHER

Meteorological Office, Toronto, Nov. 24. (5 o'clock).—The Atlantic coast storm is slowly disappearing to the south of Newfoundland. From Ontario eastward the weather continues cloudy with light snow or rain, with the western provinces it is fair and comparatively mild. Minimum and maximum temperatures: Dawson City, 18 below zero; Prince Rupert, 25, 44; Victoria, 44, 48; Vancouver, 42, 44; Kamloops, 36, 44; Calgary, 18, 42; Edmonton, 24, 30; Medicine Hat, 20, 30; Prince Albert, 14, 30; Regina, 18, 30; Saskatoon, 17, 35; Winnipeg, 24, 36; Port Arthur, 12, 30; Pelly Sound, 10, 30; Whitecourt, 35, 40; Toronto, 34, 36; Kingston, 28, 30; Ottawa, 28, 32; Montreal, 28, 30; Quebec, 24, 30; St. John, 28, 34; Halifax, 34, 38.

FORECAST.
Lower Lakes and Georgian Bay—Moderate winds; mostly cloudy with light snow or rain; with the same temperature.
Ottawa Valley and Upper St. Lawrence—Northeast winds; cloudy and somewhat colder; light snow or rain.
Lower St. Lawrence, Gulf and North Shore—Northeast winds; mostly fair and a little colder; light snow or rain.
Maritime Provinces—Fresh to strong northeast winds; cloudy and a little colder; light snow or rain.
Lake Superior—Moderate winds; fair with much the same temperature.
Western Provinces—Southeast winds; fair with much the same temperature.

BURGES CHANGE IN INSURANCE PLAN

Veterans Suggest System to Run in Line With Loans for Houses.

The regular meeting of the North Toronto branch of the G.W.V.A. was held last night in the Orange Hall, the chair being taken by President Savage. There was a large attendance, and the meeting was addressed by a member of the insurance commission and Dominion Secretary J. B. Connor. Mr. Connor spoke on the unemployed in Toronto, and proposed that the association urge on the government the establishment of a returned soldiers' department, which was to be a pension from the government. Speaking on the soldiers' insurance, he stated that he thought some system might be adopted which would run concurrently with the loans for houses, so in the event of the death of the insured the debt on the house might be paid off by the insurance.

Speaking to the World, President Savage said that the insurance he has seen was all right for those returned who are disabled in such a manner that they are unable to obtain any ordinary company, but he declared it was no good for those men who can obtain insurance. "There are too many strings to it," said Mr. Savage. "In the first place, when a man takes out insurance he has to decide on some dependent, and if he dies and is insured for \$1,000, then his beneficiary must be named. Another thing, there is no loan value to this insurance. Thirdly, if a man insured becomes entitled to a pension from the government, at the death of the insured the amount of such pension is deducted from the insurance policy. If the insured becomes totally disabled, he can claim total disability payments only if the disability occurs after the insurance, therefore a man who has been gassed and becomes totally disabled cannot claim such disability benefit. It seems to me that a man is much better off if he can get insured in any ordinary company."

Under the auspices of the Women's Auxiliary of the Anglican Church an interesting address was given last night in the school room by Miss Harris on the custom of ways and the missionary work in Egypt. Miss Harris has been engaged in missionary work for some time, and has just returned on furlough. She illustrated her address with many lantern slides, and some of the native costumes. The women's auxiliaries from Christ Church, Deer Park, St. Outhbert's (Leaside) and Christ Church (York Mills) were visitors.

Twenty-five members of Eglinton L.O. L. and the leadership of S. Fowler, W.M., last night journeyed to Victoria Lodge, Richmond Hill, where they assisted in putting on the degree work.

The news which appeared in an evening paper to the effect that the partitioning of the city and not North Toronto only has aroused the ire of the secessionists. They point out that this is impossible as the act provides that a vote shall be taken in that part of the city of Toronto formerly known as the old city of North Toronto, and the form of the vote is to be "A vote in favor of separation from the City of Toronto and of the incorporation of the City of North Toronto."

A special meeting of Metropolitan Lodge, F. & A. M., was held last night in the Eglinton Masonic Hall, presided over by C. L. W. Wilson, W.M. During the evening several new members were initiated to the order.

STREETVILLE SCHOOL NURSE JOINTLY PAID

Miss Flynn, the newly-appointed public school nurse of Peel County, who paid her first official visit to the public school here on Tuesday, is to have part of her salary paid by the local Junior Women's Institute and the Junior Farmers' Club, both of which institutions recognize the importance of her work in connection with the teeth, eyesight and general health of the school children.

Local war veterans are more than pleased at the appointment of one of their comrades, Henry Staley, to the postmastership of Streetville. Mr. Staley succeeds the late Robt. Graydon, who held the position for close on half a century, and whose son, Hector, has acted as interim postmaster during the past few months.

A lecture on cultural English was delivered by Prof. Coombs, of the University of Toronto, to the members of the Junior Women's Institute and Junior Farmers' Club. This was the second of a series of lectures being given in connection with the University extension course which the young people of the district are taking.

NEW TORONTO RECEIVES VISIT OF BURGLARS

New Toronto was visited by burglars on Tuesday night, when the house of Sam Holtham on Seventh avenue, was entered and \$100 in cash stolen. A considerable quantity of silverware and jewelry was left untouched.

A water main at Quebec and Humboldt avenues burst yesterday morning and caused considerable damage to the roadway. No injury, however, was caused to the dwelling houses in the vicinity.

Reeve Sam Robinson has just returned from a hunting trip in North Ontario. He will be present at the committee meeting of the council on Friday, when the question of a successor to Treasurer G. D. Scott will again be before the members.

PASSENGERS ON TRAIN HAVE NARROW ESCAPE

At 9.35 yesterday morning, No. 31, G. T. R. train, consisting of four passenger coaches and two baggage cars, was derailed opposite the Wyllye-Overland line near Mount Dennis. Nobody was injured, and a miraculous escape was effected by one car turning from trestle over an embankment of 18 feet.

EDUCATION BOARD POLICY REVOLVED

Ratepayers Also Complain of the Lack of Police Protection.

The lack of police protection in the Beaches district, and the board of education's methods of redistribution of pupils were two of the principal matters discussed at a representative meeting of housing joint ratepayers' executive committee, held in St. John's Parish House, Woodbine avenue, last night. J. Bentley, vice-president, was in the chair.

That the board of education policy in the redistribution of pupils is a deliberate attempt to confuse the issue and to develop a sentiment in opposition to the city council's idea that the board is to levy sufficient money, providing that the ratepayers are not dissatisfied with the unanimous opinion of the meeting. Dr. Arthur Fleming pointed out that, although many districts are overcrowded, others have ample room for additional pupils.

Complaints were made regarding Woodbine avenue hill. It was stated that no progress has been made by the works department in the grading of the roadway, although many unemployed men could be put to work at the present time and relieve unemployment.

It was decided to ask the works commissioner if the work has been shopped, and if so, for what purpose. Reports were received from various members regarding the number of assaults on young people in the vicinity of the park and the large number of motor cars packed after nightfall on Coxwell avenue between Danforth and Woodbine.

The chairman criticized the treatment meted out to the deputation which recently waited upon the county judge and police commissioners on the matter, who, he stated, received a shifty and were waved out of the room.

"More police protection is given in the Riverdale district to protect the residents' bonds than is given in the Beaches, and the candidates for municipal honors will be asked to pledge efficient police protection in the district," declared the chairman.

The secretary reported that Dr. Hastings, M.O.H., would address the next general meeting on "The Work of the Medical Health Department." A special committee was appointed to draw up a plan regarding the extension of the Toronto Street Railway in the Ward Eight section.

It was decided to discuss school board matters at a special meeting to be held early next month.

Joe H. Harris, president of the Monarch Park Ratepayers' Association, stated to the World yesterday that he is not a candidate for municipal honors at the next election.

St. John's Anglican Young People's Association held a pleasant dance and social evening in the school room last night. J. Collins, president, and the entertainment committee superintended the arrangements. Music was furnished by an augmented orchestra. There was a large attendance.

LACK OF EFFICIENCY IN BUILDING ROADS

"We are not getting efficiency from the roads commission," said Warden J. Mackenzie, in a report to the council last night. He pointed out that the commission, set up to investigate the expenditure of \$41,700 on bridges, culverts and other works in the city, and I suggest that we report progress and the matter be laid over until tomorrow, when we will discuss it. I think the ratepayers have a right to fair treatment, for the ratepayers have a right to know what they are getting for their money."

There was no dissenting vote, although Commissioner W. H. Keith thought the matter had been discussed enough, and that those interested were all gone home.

"The government pays one-third, the city one-third, and the county one-third, and the trouble is that the government does not pay its share. I have been over many of the roads, such as Malton road, and which are in a state of disrepair, and if I ran my business as some of that work has been done I would be out on the roadside. The commission is only one of five on the commission, and I respect him. But these matters are not more or less in the hands of Engineer James and his engineers. I have seen \$20,000 and \$35,000 contracts passed as the work was done, something trifling. What we want is good roads, but I claim we are not getting results."

The criticism of the report began with protests from Reeve F. H. Miller and Deputy Reeve W. C. Graham of Four Townships, reported on the road and Old Weston road, which was to have been done last year, and Vaughan road. Reeve Miller persisted in saying that the township had to call out the emergency staff to pump water across the road because the culvert was not sufficiently large. "We want to know what we are to do (if anything) with the highways."

Make Protests.
Reeves C. J. Wallace of Woodbridge and J. G. Whitmore added their protests regarding culverts near Pine Grove and in an instance in Woodbridge. The road was raised and stone dumped upon the sidewalk. Deputy Reeve W. J. Garthhouse voiced a protest against the road and wanted to know if the work was done in rotation or what order was followed.

"There was a time when the engineer would come here and discuss these matters," said Reeve C. J. Wallace, "but I understand the engineer claims that he is not responsible for this council." "I think the engineer should be here. He is not altogether responsible to this council, but he is responsible in a good big part to this council," said Deputy W. M. Graham, Warden Garthhouse and Deputy J. A. Macdonald of York joined in and Engineer James was finally sent for by Commissioner Keith, who himself believed he should be there too.

Upon the arrival of the engineer, matters were all reviewed. The claim was made that material and labor were hard to get. The report of one of two roads was accepted, but that of Malton road opened up the whole matter again. Commissioner Keith informed Deputy W. J. Garthhouse of Etobicoke that the work was not done in rotation. "I claim that Walton road is not getting a fair deal," said Mr. Garthhouse.

Mr. Stewart of Scarborough thought the council had no right to discuss the commission since they had the right to suggest. "We are willing to assume the responsibility of our own report," declared Reeve Miller. "We are responsible to the ratepayers."

"The commission has 250 miles of roads to attend to," said Mr. Keith, "and 250 miles of people to attempt to please. The report of the committee is a total of \$41,700 was as follows: Bridges, \$30,000; culverts, \$34,000; and construction work, \$17,000. Malton road, \$24,000; Weston road (south), \$65,000; Don Mills road, \$21,000; Malton road, \$28,000; Walton road, \$17,000; Yonge street, \$27,000; Sutton road, \$50,000; Weston road (old), \$45,000; South Loyalton road, \$2,000; King road, \$3,000; Vanders road, \$7,000; Pine Orchard road, \$3,500; Brown road, \$5,000; and Maple road, \$2,000. The roads were described as being of a higher crest."

EAST TORONTO CHURCH HOLDS FIRST CLERICUS

Twelve Clergymen From Eastern Section of the City Take Part.

The east and "clericus" (the first to be held in Toronto) was held yesterday at Holy Trinity, conducted the service, and Rev. Canon W. L. Baynes-Read, D.S.O., presided. There were twelve clergymen from the eastern district of the city present. Luncheon was served after the service.

Petitions are being circulated for signatures of residents for a cement sidewalk to extend east from Cedarway, between Main street and the city hall, and to extend east from Cedarway, between Main street and the city hall, and to extend east from Cedarway, between Main street and the city hall.

The prizes won at the annual show recently held in Aberdeen Park were presented at a well-attended meeting of the East York Poultry Association in the hall, Main street, last night. George McKillop, president, occupied the chair. The presentations were made by Ald. F. M. Johnston, who complimented the show committee for their good work and the organization for the large number of exhibitors in the past and the large number of exhibits at the recent exhibition and the valuable cups, prizes and other awards presented.

Application has been made to the parks committee by the Monarch Park Ratepayers' Association for a hockey cushion for Monarch Park.

WYCHWOOD REQUESTS SIDEWALK IMPROVED

According to the statement of a prominent Wychwood resident the corners of the sidewalk in front of the Wychwood fire hall should be rounded and the entrance widened so that the fire reels could make more efficient use of the fire hall entrance. "The block of land adjoining," he states, "belongs to the city, and therefore the fire hall entrance should be improved if the aldermen and controllers would come to life, and see the necessity for immediate action."

YORK COUNCIL IN SESSION

The morning session of York County Council yesterday was taken up with discussion on pedlar licenses, the South York registry office, which was left over until January, and the following chosen officers: Master, Bro. F. McCormack; deputy, Bro. W. Morton; chaplain, Bro. Harman; secretary, Bro. S. Morris; financial secretary, Bro. R. J. Morris; auditor, Bro. G. Cross. Among the other business transacted were the following: W. Bro. J. Dempster, C.C.; W. Bro. E. Smith, and Bro. D. Brunton, D.R.C. W. Bro. R. Keeler was in the chair, assisted by W. Bro. J. Morris.

SUGGEST SITE FOR NURSES' RESIDENCE

Objection to Taking the Only Playground for Children in the District.

According to Dr. E. A. McDonald, president of Riverdale Ratepayers' Association, the west wing of the hall in East Gerrard street should be demolished and fitted up as a nurses' residence in connection with the isolation hospital being convenient to that building and the logical site, in preference to the proposed location on the plot of land at the eastern end of the viaduct which, he points out, is the only playground for the children in the district.

The heating of the west wing, if taken over by the hospital authorities, might be siped from the incinerator plant near by. The heat from the burning matter at the present time is allowed to waste and could at a small initial cost save a large sum in the fuel bill.

A branch of the Merchants' Bank of Canada will shortly be erected on the northwest corner of Danforth and Eglinton avenues. The Danforth avenue frontage, which is 66 feet, was purchased in two parcels; 40 feet was secured about six months ago at a cost of \$300 a foot and 26 feet was recently secured at \$265 per foot from the owner, Ald. W. W. Hill.

The sum of \$130 was realized as a result of the recent Sunday school annual concert, held in the Danforth Avenue Methodist Church, Sunday, Oct. 25. The following were the chosen officers: Master, Bro. F. McCormack; deputy, Bro. W. Morton; chaplain, Bro. Harman; secretary, Bro. S. Morris; financial secretary, Bro. R. J. Morris; auditor, Bro. G. Cross. Among the other business transacted were the following: W. Bro. J. Dempster, C.C.; W. Bro. E. Smith, and Bro. D. Brunton, D.R.C. W. Bro. R. Keeler was in the chair, assisted by W. Bro. J. Morris.

PORT CREDIT COAL PRICE.

As forecasted by The World yesterday, the cost to purchasers of the latest carload of coal to reach Port Credit is to be considerably below the \$23 a ton charged for the initial two carloads. And now that navigation on the lakes is closed, there is every probability that a plentiful supply of coal at very little more than city prices will be obtainable in the village.

FAIRBANKS BOYS PRACTICE.

The boys' club of St. Hilda's Anglican Church, Fairbank, held a well-attended practice last night at which special efforts were made to complete the organization of the baseball team.

SEES LIKE STARTING LIFE OVER SAYS BURNS

Back On His Feet After Being Unable to Hit a Lick of Work for Two Years—Gives Tanlac Credit.

"After I did pull through I was left so weak that I was practically helpless. I could not walk around alone and was simply a burden to myself and friends. My stomach was in a worse condition than ever and ate so little that I lost considerable weight. I worried and worried over my condition and was about the most discouraged man you ever saw. "I took to reading a lot while about the house and kept seeing where so many people were taking Tanlac that I made up my mind to give it a trial myself and see if it would do any good in my case. Well, sir, I commenced to pick up and by the time I had finished my first bottle I was able to walk about by myself. From then on I improved rapidly until now, although I have taken only four bottles, I am feeling so well that it seems I am almost starting life over again. "My appetite has come back and no matter what or how I eat it all agrees with me just fine. I have picked up ten pounds in weight and am now working hard every day. I have told all my friends about Tanlac and am going to keep on telling others for as long as I live. Tanlac is a medicine the whole world should know about. "Tanlac is sold in Toronto by all Tamberlin Drug Stores, and by an established agency in every town.

"Back about two years ago," he said, "I had the 'flu' like so many other people, and it left my whole system out of order. My stomach was all upset and my appetite gradually dwindled away to nearly nothing. I couldn't get back my strength and just felt played out all the time. Last winter, due, no doubt, to my already run-down condition, I was taken down with the 'flu' again, and this time it developed into pneumonia and at one time no hope was held out for my recovery.

GRATUITY SUPPORTED.
The G.W.V.A. of Mount Dennis voted at their meeting on Tuesday evening to support the \$1 a day scheme for military service.

STREET CAR DELAYS
Wednesday, Nov. 24, 1920.
King cars, both ways, delayed 10 minutes, at 9:02 a.m., at G.T.R. crossing, by trains.
Queen cars, westbound, delayed 15 minutes at 1:38 p.m., at Queen and Simcoe streets, by fire.

To Friends and Subscribers:

SO that the citizens of Toronto may realize the great value of the Federation for Community Service to the philanthropic and charitable institutions in its membership the following statement is published. It shows exactly the portion that each organization is voted and expects annually from the Federation Budget Committee:

Institutions.	Total Required.	Portion Assumed by Federation.
