An Important Discussion at Chatham Meeting Last Week.

Their Annual Banquet a Most Enjoyable Affair—Methodists Also Have a Happy Re-Union.

Chatham, March 17.—Miss Lulu Harris, of Holmestown, and William Marshall, of Tracadie, were married at St. Andrew's manse, on Wednesday evening, Rev. W. W. Rainie officiating. The bride wore a stylish suit of green cloth, and large black hat. She was unattended. After the ceremony, Mr. and Mrs. Marshall drove to their future home at Loggieville. Frank Wall who was called home a short time ago, by the death of his mother, has returned to Montreal. Mrs. Alexander Robinson and family have decided to move to St. John, about May 1st. J. L. Palmer, has rented Mrs. Robinson's house, Wellington St.

Thomas Johnson, died Wednesday night, after a lingering illness. He was 29 years old, and a son of David Johnson, of Little Barilboque. The funeral will be held this afternoon.

Miss Helen MacLeod, and Miss Edith Clarke, of Newcastle, are visiting. Mr. and Mrs. Bentley, Blink Bonnie.

A meeting of Sunday School workers was held in St. John's Hall this evening. After devotional exercises led by Rev. J. Morris MacLean, Rev. J. B. Ganong, Provincial Sunday school Field Secretary, gave a practical business talk on the following subjects, which were discussed and approved of—let a uniform method and time of gathering collections for the Provincial Association, and when collecting that such congregations confine themselves to their own constituency; and that pledge for Provincial work be made at county, instead of Provincial, conventions; that the county ministers take turns in assisting at these meetings; 4th, that a constitution, clearly defining the duties of parish officers, be adopted; 5th, houses to house visitation; 6th, the county convention which will be held here on May 19th, 20th, 21st.

After a short address by Ald. Bentley, president of the County Sunday School Association, the meeting closed.

Patrick Lloyd of Barilboque, who was 95 years old, today attended services, in the pro-cathedral this morning. One day last week, Mr. Lloyd walked from his home to St. John, which is a distance of about six miles.

This forenoon, St. Michael's Band played several of their National airs opposite the homes of Mrs. Edward Haley, Michael Moran, and Michael Dees, our oldest Irish residents, all of whom are between 80 and 90 years of age, and are as loyal to old Ireland, as when they left it many years ago.

Miss Louise Brobant expects to leave on Monday to attend the millinery openings in Boston; and Miss Susie C. Oughton will go to St. John next week, and will attend the John next week, and will attend the opening there.

Wendell Bentley left this morning on a business trip to Sackville. Rev. G. B. Ganong is the guest of Ald. and Mrs. Bentley, Blink Bonnie.

WINDING LEDGES BILL. The Winding Ledges dam bill is to be taken up in committee at Ottawa Wednesday next, and Hon. John Coadin, it is understood, will seek to put it through. It will be stoutly opposed by the local lumbermen and by the New Brunswick government as well.

On Saturday evening George S. Cushing and A. P. Barnhill left for Ottawa to represent the lumbermen in fighting the bill. The provincial government has appointed Hon. A. S. White, who is now in Ottawa, to argue on behalf of the government in opposition to the measure.

The local government think that the bill as now framed will interfere with the rights the provincial government is granting in connection with the development of the water power at Grand Falls. The purpose of the bill in the local house in connection with this development is to give the company which has this project of extending their works from St. Francis to Grand Falls.

STUDENTS OF BIBLE.

Rev. Wm. Cummings of Amherst Baptist Church Has Class of 100.

Is 95 Years Old and Walked Six Miles—Sons of Erin Serenaded by the Band—A Wedding—Personal Notes.

Amherst, Mar. 18.—A most enjoyable and profitable time was spent last evening when the Young Men's Bible Class of the Baptist Church held their first annual banquet. About 75 members of the class and gentleman friends assembled. Chas. Martin, president of the class, ably presided, with the teacher, Rev. Mr. Cummings opposite. At the right of the president, Rev. D. A. Steele, D. D., and at the right of pastor Cummings, Rev. H. G. Estabrook of Spring Hill occupied the places of honor.

An elaborate bill of fare provided by postmaster B. W. Rolston, responded to by Councilor E. H. Moffat and W. Manning, our recreations, proposed by pastor Cummings and responded to by Dr. Steele.

Dr. Steele in responding to this toast spoke of the necessity of recreation for all, and outlined some of the many ways in which one could not afford the more expensive luxuries of travel might yet from the common things of every day life receive much recreation. Ex-Mayor Wm. Read proposed in fitting terms the toast to "Our Class." He referred to the growth of the class and the good work it was doing. "This toast brought response from the members of the class, who stated that the class was a source of great joy to him; that in meeting the young men on their way to work, and seeing their numbers constantly increasing, was most encouraging. He outlined the aims and objects of the class, and invited all not only to join themselves but to bring others. In closing he counselled them all to be loyal to their country, their town, their church and to themselves.

"Our Sister Class," "Our Possibilities as a class," and "The Press" were spoken to by Wm. A. Lourier, Rev. H. G. Estabrook, Rev. J. A. Dimock, Messrs A. S. Schurman and A. W. Allaby, S. Freeman, J. Christie, E. H. Kennerly, C. F. Jamieson, M. McVicker furnished appropriate music and J. L. Rolston gave an impromptu address.

Pastor Cummings may well be proud of the success of his organization and the progress of his class. Starting with less than a dozen he has now about a hundred. The class room in which they first met was found inadequate to their requirements and they have been obliged to greatly enlarge their quarters and now have a room holding 125. The class has purchased a fine high lantern with which illustrated Bible studies are given, and the prospects are that in the near future that rooms for study and recreation will be provided by the class.

At the same hour Rev. D. Chapman D. D. entertained at his home the Home department of the Methodist Sunday school, and officers and teachers of the school. A most interesting programme was presented and enjoyed by the 60 guests who were present. After the programme was presented by the school was served. Interesting addresses were given by the host, Dr. Chapman, and A. J. C. Harlow, superintendent of the Sunday school.

The programme consisted of vocal and instrumental music, readings and recitations. At the close a vote of thanks was extended Dr. Chapman for the pleasant evening.

SACKVILLE NEWS. Fine Concert—Death of Mrs. Orcutt—Captain Wells Coming.

Sackville, Mar. 18.—The Ecclectic society held their annual concert last evening in Beethoven hall, before a large audience. The delightful and interesting programme which was listened to and very much enjoyed by all was as follows: P. Lacombe Chorus—Estudiantina. (J. Riley) Reading—The Bear Story. (J. Riley) Miss E. W. Weatherpon Scenes—Hamlet, Act I scenes IV & V. Misses Pétley, Killam, Woodbury and Tait. Violin Quartette—Fete champetre. C. Allen, Misses Palmer, Deinstadt, Robb and Lundan.

A special feature of the programme was the scarf drill, in which eight of the college girls took part, and were loudly applauded. After the programme was through, a candy poster sale occupied the remainder of the evening.

The death is announced of Mrs. Cynthia A. Orcutt of Malden, Mass. Deceased was 25 years of age and a native of Sackville. She is survived by a husband and four children.

Captain Edward Wells, of Sackville is expected shortly to arrive in the W. W. McLaughlin from South America at Providence, R. I., from which port he will proceed to Hillsboro, South again. Mrs. Wells and her little son have been with him on this

So far, the thaw has not seriously affected the basements of the houses on Main street along the base of Fort Howe, but a heavy rain fall would likely flood cellars. The melon in Paradise Row recently made it inconvenient for a number of householders on that thoroughfare.

The fishing schooner Eddie James of Shulee (N. S.), fell over at Robertson's fish wharf Saturday and was badly strained. She fills with water. She will be placed on blocks today for repairs. One of the crew, Theodore D'Entracout, was struck by the main boom and knocked over the side. He is quite badly injured about the body and legs.

Some one broke the glass in fire alarm box 412 at 6 o'clock yesterday morning, and rang in a false alarm. There was considerable difficulty in getting the apparatus over the bad roads. The city funeral directors met with W. Wallace, secretary of the Maritime Funeral Directors' Association Saturday evening, and talked over matters relating to the coming annual meeting. If the association accept the invitation, which is likely, Mr. Wallace is to assist the local men to make this meeting one of the best.

The following men, recruited here by Sgt. Smith for the garrison at Quebec, left for that city today: Charles Cordey, William Dunham, William McFarlane, Leonard Dixon. What We Are Doing. Helping Misplaced and Dissatisfied People to Change Their Work.

Many a good man that would make a success in Electrical, Mechanical, or Civil Engineering, or in Architecture, or in business as an Ad writer, Window Trimmer, or Show-Card Writer, is working today for very low wages or in a distasteful position.

Many a bright woman that would make a success in Illustrating or Designing or in Architectural Drawing and Rendering, or in Ad Writing, or as a secretary through a knowledge of Stenography, Typewriting, and Correspondence, is eking out a scant living as clerk, housekeeper, or seamstress.

The trouble is that they do not know how to change to a more desirable or lucrative occupation. The I. C. S. solves the problem for them. We have prepared thousands for salaried positions in new lines of work, at their homes, in spare time, and at small expense. They held their old positions until they changed to the new with a salary better than before.

Thorough training and special skill in an occupation are sure to command employment, even in dull times.

Qualifying Young People to Start Work at Good Salaries.

We train young men and women, by mail, at home, in spare time, and at small cost, for positions in which they earn GOOD SALARIES AT THE START, and advance.

A few months devoted to earnest study of Mechanical or Architectural Drawing; of Newspaper Illustrating; of Carpet, Wallpaper, or Linoleum Design; of Show-Card Writing; of Typewriting, Stenography, Book-keeping, or Correspondence, will qualify any young man or woman for a good position at the start in any of these occupations.

No previous experience is necessary. All we ask is that you follow our instructions. We guarantee to make you a success in your chosen line of work.

Teaching Mechanics the Theory of Their Trade. In nearly every machine shop, drafting room, industrial plant, etc., we have students that have secured promotion and advance in salary through study in our Schools. The increased value of an employe that masters the theory of his trade or profession brings prompt and substantial recognition.

Even now, when times are dull, very few men who are thoroughly trained, and have special skill in any line of work, are out of employment. The industrial world demands technically trained and skilled employes, and such always command good wages and permanent employment. The mission of the I. C. S. is to train men's brains to accomplish the very best that is in them and to qualify them to fill the highest and most responsible positions in their line of work.

If you are dissatisfied with your salary, you can increase your earning capacity by home study, and fit yourself for a higher position. An I. C. S. Course is a guarantee of success.
