Because a hyena, in many mavel officers, but the facts made public were abready known by the officers of this highly prized finger, Mrs. Richardson has brought suit in the Supreme Court of Kings County for \$15,000. If Mrs. Richardson places a pro rata architecture. There is no great enthusias many many of the naval officers in regard to the construction of a ship which will equal the Dreadnaught as a ser fight will action upon the remaining fingers and thumb of the left hand, the estimated worth of one hand is \$150,000, while both hands according to the simplest rule of arithmetic, would be worth \$300,000, an amount considerably in excess of that for rich Ignace Paderewski, the famous piranist, insured his technically perfect fingers and thumbs. The hyena may be purchased for a sum far below the amount considerably in excess of that to rought suit in the Sulphin that in broadside action all of the twelve-inch guns of the American ships can be utilized, while two of the twelve-inch guns on the British ship must be inactive.

TRIED FOR MURDER

RAVENNA, O., July 25—It has developed here that the widow of Dr. A. C. Ridout, of Ravenna, the physician who committed suicide by hanging himself, was formerly known to the public as Mrs. Anna C. George, who was on trial some years ago in Canton on the charge of killing George B. Saxton, the brother-in-law of President McKinley.

She was acquilited of the charge and went into seclusion. No one familiar with the facts of the famous murder trial was aware of her whereabouts until the revelation came today.
