How to Look Less
Than Your Age

There are three golden rules that every woman who would ward off signs of advancing age should follow: 1. Those who understand the physiological effect of worrying, know that worry should be taken more seriously than it usually is. 2. When the face shows signs of fatigue to look worn or withered, use ordinary medicinal wash for a week or two. 3. Apply a night cream, using it morning and evening. This cream should be applied to the thin film of surface skin, leaving the warm and tender skin underneath. An ounce of the wash, obtainable at any drug store, is enough to rejuvenate any complexion. When the tell-tale wrinkles appear, or cheek and chin muscles begin to sag, take the face on a day for awhile in a solution of powdered nascent, 1 oz. dissolved in 1 pint of water. This solution has a remarkable effect in "firming up" and smoothing out the skin.

HINTS FOR THE COOK

Potato Pan Cakes

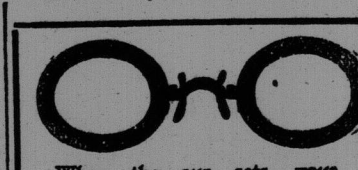

Grate six uncooked potatoes. Add one tablespoonful of salt and two eggs well beaten. Stir in four tablespoons sugar, mix thoroughly and bake as you do other griddle cakes, allowing them to cook about twice as long.

Peach Cottage Pudding

Stir sliced peaches into a batter made of 1/2 cup sugar, 8 tablespoons melted butter, one beaten egg, 1 cup milk, 1 pint flour and 1 1/2 teaspoons of baking powder. Bake in a loaf and serve with hard sauce.

Baked Peas

One quart peas soaked over night, 1/2 pound fat salt pork, 2 tablespoons sugar and pepper. Put peas in beanpot and add sugar, pork and pepper and cover with water. Bake all day.

When the sun sets, your eye troubles begin.

Excessive night reading will in time break down
