PROBE RETAIL GASOLINE SALE IN SAINT JOHN

Commissioner Harding Speaks of Reports That Law Violated

ALLEGED SOME ARE SELLING FROM CANS

Asks Council Instruction to Chief, Though This Declared Unnecessary

Illegal storage of gasoline for retail sale on the part of many in Saint John was a charge made this morning at a committee meeting of the Common Council by Commissioner Harding and on his motion the common clerk was instructed to write to the chief of the fire department and ask him to investigate and report violations of the by-law to the Commissioner of Public Safety.

The latter said it had been brought to his attention that many persons were violating the by-law regarding the storage of gasoline on their premises and were keeping it in five and 10 gallon cans for retail sale and he would like to have the council instruct the chief of the fire department to carry out the law and report violators.

Mayor White said that where there was a by-law he did not see the need for any resolution of council as it was for the proper officials to carry out the law without special instructions.

Commissioner Harding thought a communication from the council would strengthen the hands of the fire chief and moved that the latter be asked to investigate and report violators to the commissioner of safety.

Commissioner Bullock said he saw no reason for the resolution. The fire marshal and the fire chief were both familiar with the by-law and he thought if the commissioner of safety would simply call the attention of the fire chief to the matter that would suffice.

Commissioner Prink agreed with Commissioner Bullock that it was a matter of internal economy in the safety department and ventured the opinion that if no effort was made to enforce any of the city by-laws it was an expression of incompetency of the department.

At the present time the city was, he said, suffering from a multiplicity of laws, many of them non-enforceable by reason of changes in conditions since they were passed.

His Worship thought the commissioner of safety had all the authority necessary to deal with the matter and was not averse to having the motion passed if the commissioner thought it necessary.

Commissioner Bullock thought all that was necessary would be to call the attention of the fire chief to the matter and as that official was also an inspector of the fire underwriters he probably was acquainted with what was going on in this respect.

FIRE CHIEF'S PAY

Commissioner Prink asked if it was true that the fire chief was paid by the fire underwriters and Commissioner Harding said he knew that the fire chief did receive a certain amount from the Board of Fire Underwriters although he had no official knowledge of the matter.

The motion of Commissioner Harding to send the communication to the fire chief passed.

KEEPS UP GOOD WORK

Son of Mr. and Mrs. H. V. MacKinnon Graduates in Vancouver

At the convocation exercises at the University of British Columbia in Vancouver this month, Ronald L. MacKinnon was among the graduates in arts, standing very near the top of the list. Mr. MacKinnon, after leaving Saint John High School entered Dalhousie. Toward the end of his first year he became seriously ill, but his standing was such that on a report from Dalhousie to the U. B. C. he was given his first year without examination. He has specialized in various branches of economics and will probably proceed to one of the more advanced universities to continue his work in business administration and corporation finance. A rather unusual feature, as pointed out by Dr. Bridges, is that since the day this student first entered public school in Saint John he had never failed in any examination. The young student is a son of Mr. and Mrs. Hedley V. MacKinnon, formerly of Saint John.

SPORT AT ROTHESAY

Getting Ready Tennis Courts—Baseball Diamond in About Fortnight

Officials of the Rotherhay tennis club reported this morning that work on the courts is being rushed along in order to have them ready for play as soon as possible. It is thought that by the middle of June at the latest, the Rotherhay racquet wielders will be out in force practicing for the season's tournaments.

A member of the Rotherhay baseball team said today that the unfavorable weather of the last week or two has greatly retarded progress in getting the outfit in shape for the season but that a fortnight should see the diamond in use.

FINANCES OF HOME BETTER THAN YEAR AGO

Annual Meeting of Old Ladies' Home Directors Is Held Today

The annual report of the directors of the Old Ladies' Home, which was presented at a meeting of subscribers held this afternoon at the home, showed the institution to have had a more satisfactory financial year than it had enjoyed for some time. During the year just closed, the deficit was reduced somewhat, owing to a slight increase in receipts and a small decrease in expenditures. The report showed that six of those in the home had died and that three were admitted during the year. Necessary repairs were made to the home, and the buildings were now in a good state of repair, both inside and out.

The only change in directors during the year was the appointment of Mrs. Walter C. Allison to replace Mrs. H. A. McKewen, who had resigned owing to her departure from the city. The report, which was presented by Col. B. R. Armstrong, secretary, paid a tribute to the management and ability of the matron, Mrs. Robinson.

LEGACIES RECEIVED.

During the year legacies of \$500 from Mrs. George F. Smith, the balance of \$2,900 from the estate of Henry Horsman, Moncton, and \$1,000 from the estate of R. H. Dorkhill were received and acknowledged with thanks. These amounts were placed in capital account.

The directors of the home, most of whom were present this afternoon, are Mrs. J. Morris Robinson, Miss C. M. Armstrong, Mrs. W. S. Allison, Mrs. W. S. Fisher, Mrs. W. P. Bonnell, Mrs. Robert Reid, Mrs. T. E. G. Armstrong, Mrs. R. C. Cruikshank, Lady Hasen, Mrs. L. P. T. Mrs. E. D. Bonnell, Mrs. Rising, Mrs. Walter C. Allison, Mrs. Shives Fisher, F. P. Starr, A. C. Hankins, C. H. Peters, E. Allan Schofield and B. R. Armstrong. The president, W. Shives Fisher, was in the chair.

At noon today the provincial representatives attending the convention, together with local telephone officials, enjoyed a luncheon at the Royal Hotel. The discussions were continued at this afternoon's session. This evening the convention members will attend, in a body, "Facing the Music," a comedy presented by the company's troupe some weeks ago, and which will be repeated tonight in the auditorium of the telephone building. The proceeds will be donated to funds for Boy Scout work.

Given Farewell As Honeymoon Starts

A uniformed young man of color on duty at the steps of the Pullman car at the Boston train remarked last night, "This is certainly an auspicious beginning of the run." Many in the train shed had no doubt the porter was correct, for at times the air was filled with confetti and with hearty cheering, and there were other demonstrations of a festive nature—all in honor of El Boyaner and his bride, who left a tour of New England and New York.

Many relatives and friends, including Boy Scouts, assembled 20 minutes before the express pulled out. The happy couple were greeted heartily, cheered some and showered with confetti, while the Scouts performed numerous antics.

At the "all aboard" signal a great cheer was given, arms and handkerchiefs were waved, the bride from the car restful showered confetti on those left behind, including policeman and reporter, and finally tossed a massive bouquet tied with ribbon into the crowd. Young men of the party had attached a bunch of tin covers for stove pots beneath the car, and the clatter of the tinware added to the parting demonstration as the train slowly moved out for Boston.

FISHING CLUB HAS WOOD LAKE LEASE

A prominent member of the Wood Lake Fishing Club stated last evening that the story appearing in yesterday's issue to the effect that Wood Lake was now open to the public, was misleading. He pointed out that the largest part of Wood Lake was still under lease to and controlled by the Wood Lake Fishing Club, while that portion which it is proposed to open to the public is known as Burke's shores. Fishing beyond the limits of Burke's holdings would not be allowed, said the member of the club.
