FAKE TELEGRAM SAVED SCOTT'S LIFE

BALL ADMITS HE LIED ABOUT THE SHOOTING

Sent Message For The Sake Of Humanity

HOPE REMAINS

Defense Attorneys Expect Commutation on Affidavits of Two Women

CHICAGO, July 20—Another ray of hope that one of the amazing last hour developments which saved him from death on the gallows, last Friday, would become a tangible enough to prove his innocence during a seven-day reprieve, has been extinguished for Russell Scott, erstwhile Canadian promoter.

James M. Ball, a Detroit telegraph operator, who last Friday declared that he witnessed the shooting of Joseph Maurer, Chicago drug clerk, and that Russell was innocent of the slaying, has admitted that the story was a romance concocted "for the sake of humanity."

ADMITS FAKE

Ball said that he "told a lie to save one whom I believe innocent" but that when he found that his story was not accomplishing anything he decided to admit the fake.

This was the second blow Scott has received since his dramatic reprieve. Six hours before he was to hang, the stay of execution was ordered by Governor Small when a Detroit telegram, supporting to him from Robert Scott, the condemned man's brother, confessing the murder, was received.

NO SURRENDER

The sender of the telegram promised to surrender the next day, but nothing developed. Various other communications were received, however, one letter purporting also to be from Robert, mailed in Chicago last Thursday night.

Scott's attorney still is pinning hopes for a commutation on affidavits they said they had from two unnamed women reported to have been in the drug store at the time of the shooting.

Ball indicated that he may have been the one who sent the telegram from Detroit to the Governor. Declaring that Scott's predicament preyed on his mind, the operator said he first decided to connect a telegram purporting to be from Russell's brother, "but I thought it out a little while further, and lastly struck the idea of representing myself as at witness."

Toronto Policeman Rounds Up Alleged London Bank Robber

BRITISH CABINET CRISIS IS AVOIDED AGAIN

All Symptoms Indicate Prolonged Battle On British Labor Situation

Canadian Press Despatch.

LONDON, July 20—Right Hon. J. H. Thomas, of the Railwaymen's Union, speaking of the mining situation, thinks that now within a few days of the expiration of the employers' notices, all symptoms indicate a bitter and prolonged battle, but that it would be a crime if a real effort were not made to bring both sides together. He hoped that neither party nor dignity would stand in the way for everybody with any knowledge of the country's financial and economic position, was bound to be gravely apprehensive of the consequences of a great upheaval.

Secretary Bromley of the Engineers' Union said he hoped the new alliance would be a useful body, but at Friday's conference of the unions, a deliberate attempt was made to stifle it at birth. He trusted that the rank and file would rise superior to such attempts. In his opinion all unions ought to throw in their lot with the miners at the start.

NO MESSAGE YET FROM DEAD WIFE

139 Spirit Messages Fail to Reveal Proper Signal.

British United Press.

NEW YORK, July 20—Before Mrs. J. Allen Gilbert of Portland, Oregon, died she and her husband, both students of spiritism, arranged a "password" whereby he would know that she was communicating with him after death.

In today's issue of the scientific American, Gilbert's story is told. According to the story, she also under indictment, did the shooting.

ADMITS FAKE

Bill said that he "told a lie to save one whom I believe innocent" but that when he found that his story was not accomplishing anything he decided to admit the fake.

RESIGNATION OF BRIDGEMAN IS POSTPONED

Premier Baldwin Is Said to Have Smoothed Out Difficulties

NAVAL PROGRAM

Trouble Arises Over Shipbuilding Plans and Finances in England.

Canadian Press Despatch.

LONDON, July 20—Premier Baldwin has been busy over the week-end endeavoring to smooth over the differences among his ministers on the crucial problem of naval shipbuilding, and in the opinion of most parliamentarians, the resignations of W. C. Bridgeman, the First Lord of the Admiralty, and of Admiral Earl Beatty and other sea lords, which were threatened at one time, will be withheld.

The differences hinge on the Admiralty's desire to have the new naval construction, involving a fleet of three cruisers to cost from two to three millions pounds apiece.

OPPOSITION

The Chancellor of the Exchequer, Winston Churchill, supported by Lord Birkenhead and various other ministers, has been strenuously opposed to making the plea that the state of the country's finances should govern future construction.

It was the task of the Premier to find a way to reconcile the difference of opinion, and one of the things he had to bear in mind was that to give the Admiralty a promise has been made that when the cabinet meets today the difficulties would be overcome.

FINANCIAL STRAIN

One report is the Admiralty has promised that five of the proposed great cruisers would not be laid during the present financial year.

If the Admiralty's original programme is carried out it would mean an additional £10,000,000 added to the estimates for next year.

Economists in the cabinet have protested that the country's finances could not stand the strain.

ACCUSED IS TAKEN IN CAR WITH HIS WIFE

Hathaway Is Charged With Theft At Thordale

MONEY FOUND

More Than \$3,800 Recovered—Loaded Revolver in Suit Case in Apartment

Canadian Press Despatch.

TORONTO, July 20—Leslie Hathaway of London, Ont., was arrested here last night, charged with the robbery of a branch of the Bank of Montreal at Thordale, near London, on July 3. Quick work by Constable Craddock, of the Dundas street police station, was responsible for the arrest.

Constable Craddock, on ordinary street duty, was asked by the police officer operators to be on the watch for an auto bearing a certain license number.

PURSUED CAR

Ten minutes later, Craddock saw the car, but instead of trying to intercept it at once, he commanded another car and instructed the driver to follow Hathaway. Starting at Queen and Soho streets, the case continued along Queen until Hathaway turned on McColl street. There Craddock ordered his driver to crowd Hathaway against the curb. Hathaway complained bitterly when brought to such an abrupt stop. The constable jumped into his car and ordered him to drive to Call street.

Hathaway street police station. Hathaway resisted and stalled his wife, but upon the officer insisting, drove to the police station. Hathaway's wife, who was with him in the car, wanted to know why her husband should be compelled to drive to a police station, and was then given the first information that he had been under arrest.

Mr. Hathaway satisfied the police that he knew nothing about the charge and was allowed her freedom.

MONEY FOUND

Shortly after his arrest, Detectives McDonald and Hamilton, who were on duty on Bath avenue, where Hathaway's wife has been living for the last two weeks, recovered \$3,800, believed to have been part of the loot from the bank. It was tied in a newspaper and concealed in a false bottom of a suit bag, found beneath a bed, the police state. The detectives also found a loaded revolver and a quantity of cartridges in a suitcase, also several cartridges concealed in the lining of Hathaway's coat.

Jones scored straight drives to the body of his opponent, but Bright occasionally landed swinging punches to Jones' face.

Jones received a deep cut over his right eye in the ninth, but he continued to have the better of Bright, and proved the winner on points.

THREE DEAD AT WINDSOR, ONTARIO

WINDSOR, Ont., July 20—Three persons are dead as a result of two drownings and an automobile accident during the week-end. They are Edwin A. Harris, 32 years old, of Windsor; Evangeline Morenci, 18 years old, of Lasalle; and Maurice Parent, five years old, Windsor.

Miss Morenci jumped from a truck in front of a car driven by James Madden of Detroit. She was instantly killed. Madden is being held on a charge of criminal negligence.

Young Parent was fishing for minnows, when he slipped into 25 feet of water. The body was recovered.

Stefan Raditch and his Croat peasants appear to have won a signal victory by becoming members of a government which left no stone unturned to arrest them, but failed to convict them. It's also means that Raditch's opposition to the Jugo-Slav constitution is ended. Jugo-Slav now stands united for the first time in the history of this young monarchy.
