ADVENTURES OF THE TWINS

By Olive Roberts Burton

WHAT THE GAZING BALL TOLD.

The Green Wizard was sitting in his easy chair trying to make up his mind. Nobody in Doofunny Land knew one thing about the House-That-Jack-Built, or rather about the House-That-Jack-Lost.

Not even the tiny-turtle-that-shivered-and-shook knew a thing about it. So Nancy and Nick and Daddy Gander said good-bye to Mister Fuss Wuss, and said they were much obliged just the same for his help. Then they left Doofunny Land the same way they had come in, by means of the hollow stump, and hunted up the magic dust-pan that Daddy had hidden nearby.

"There are too many detours on this adventure," said Daddy with a wag of his head. "Instead of going straight to the place we are bound for, we keep getting side-tracked all the time. Let's go at once to—let's go to—let me see, where we were going, my dears?"

"Don't you remember?" cried Nick. "We were going to ask the Green Wizard if he knew anything about Jack's house."

"Oh, yes. So we were," said Daddy. "Well, then, here is the dust-pan all ready and waiting. Hop on!"

The magic dust-pan spread out and

SANITARY SYSTEM PROGRESSING WELL

East St. John Soon to Have Water and Sewerage

Good progress has been made in laying the sewer pipes and water system at East St. John and there now remains only about 150 feet of the lower level of sewer pipe to be got in. A 30-inch concrete pipe has been put in for the lower levels and smaller sized pipes will be laid for the streets still to be served. The work which remains to do will be largely rock excavation and can be carried on as well in the winter time as in the summer but it is expected that all work will be completed by the end of the year. Kane and Parker have about 70 men at work on the sewerage installation and the city crews are following along behind the sewerage work putting in the water installation. The sewers are being carried up the middle of the roadway but the water system is being cut in with service pipes carried to the lot lines. Of the sewer work that remains to be done there will be about 2,500 feet of smaller sized pipes to run up the four streets from Mount Pleasant and about 500 feet for Park Avenue and that vicinity.

Salesman For Skin Cream Learns How To Clear Up Pimply Complexion

Mr. Cliff Miska, of 595 Ninth Avenue, Astoria, L. I., writes: "I was a salesman of creams for healing pimples, blemishes, etc., but when my face broke out with blotches, pimples, and blackheads I tried one salve after another with no permanent results. I found it as impossible to sell skin cream as to get a bald headed man-finds selling hair tonic. Finally I decided I would have to get at the cause—the blood. I was skin, you bet." This old remedy found that within a few days after taking Carter's Little Liver Pills, my skin took on a new healthful look, for 67 years. 25c at all good drug stores.

WORN OUT MEN AND WOMEN SOON REGAIN STRENGTH

The nervous system is the vital force of your body; the force that gives energy to every organ and every muscle. So great is the power of the nerves that a tremendous shock, such as fear, may cause death.

A lesser nerve shock will pale the cheeks, make the knees tremble, cause the heart to beat wildly or almost paralyze breathing.

To keep our vitality and strength we must nourish the nervous system. When we restore lost nerve power we quickly regain lost strength!

Nervous, exhausted men and women can soon regain their nerve force and as they rebuild their nerves they see the signs of returning vigor.

Wincarnis gives to the nerves the very elements they must have to be nourished back to energy. For fifty years this nerve restorative has reinvigorated those who were weak, thin, pale and so discouraged that life seemed to hold no real happiness.

If you need more nerve power go to your druggist today and begin the safe Wincarnis treatment. A sixteen ounce bottle, which is a fourteen day Wincarnis treatment, is sold by all leading druggists for \$1.50. Wincarnis is so effective that only three tablespoonfuls a day need be taken.

Try Wincarnis and see the difference—a few days will bring—

"Best Thing in the World For Delicate Girls"

Mrs. John Bennett, Boggy Creek, Man., writes: "My little girl had organic nervous trouble, could not sleep, had severe headaches and fainting spells. This went on for three years, and three doctors helped her very little. After reading of what Dr. Chase's Nerve Food had done for others, I got some for her. She is now so well that she is like a different child. She is fourteen years old and looks the picture of health."

"We have used Dr. Chase's Nerve Food for different members of the family, when recovering from 'flu' and scarlet fever, and it has always helped them."

"We thought," said Nancy, "that perhaps you would look in your magic gazing-ball and find out what had become of it."

"Of course! Of course!" declared the kind Green Wizard, reaching up to the top shelf of his cupboard where he kept the ball. "Here it is. Come and pull your chair up, everybody, and we'll gaze as hard as ever we can."

He put the ball on the table and everybody looked into its crystal depths.

And what do you think they saw. The House-That-Jack-Built riding along on a cloud with dough sticking out of all the windows!

"Well, I declare!" said Daddy Gander. "So that's what happened!"
