POOR DOCUMENT

Halifax, Jan. 20—That the British Empire Steel Corporation had paid no dividends on its common stock and that the present outlook for a dividend was dividends on its common stock and that the present outlook for a dividend was not promising, that the constituent com-panies reserves of \$27,000,000 had been reinvested in plant and equipment, and the miners' leaders iaid undue emphasis on the rates of wages of the lowest paid men, were the features of the state-ment made by D. H. MacDougall, vice-president of the British Empire Steel Corporation, in reply to statements of the representatives of the United Mine Workers' District No. 26, before the ses-sions today of the Gillen conciliation board appointed by the dominion gov-ernment to enquire into the dispute over the recent wage reductions of 25 and 39 per cent. in the coal fields of Nova Scotia and New Brunswick. Mr. MacDougall said that the average rate of wages of all classes of workers involved prior to January 1 when the Montreal agreement ended, was \$5.75 per day. Under the new scale the aver-age reduction would amount to about \$1.50, according to United Mine Work-ers' figures, he added.

ARE DEPENDENT UPON EUROPE "If anyone could tell me what is going to happen in Central Europe I could **Old Dutch** make a fair estimate as to what business conditions would be in St. Clair Cleanser avenúe." This is the way B. B. Halli-

day of the Canada Cycle & Motor Com-

day of the Canada Cycle & Motor Com-pany, and president of the West End Kiwanis, Toronto, emphasized the im-portant bearing of world factors on local trade, in the course of an address before a luncheon of St. Clair and District Business Men's Association. The importance of regaining Central Europe as a market for British manu-facture, which would result in more employment in England, and consequent-ly greater ability to purchase Canadian goods, where some of the steps, Mr. Hal-liday pointed out, as conflicting Euro-pean conditions with business on St. Clair avenue.

Surveys World Conditions.

Surveys World Conditions. Mr. Halliday gave a rather compre-sensive review of the conditions entering into the creation of depression, and from considerable information gathered at first hand in recent trips to other Domin-ions and to foreign countried, he saw good reasons to hope for substantial bet-terment. The failing of German com-petition in South America, the more fav-orable conditions in British countries di-rectly reacting to the advantage of Bri-tain and Canada, were cited as signi-ficant in this movement toward better times.

times. In Canada he thought that one of the problems of first importance was the lack of building and consequent high rents. This militated against the reduction of wages by subjecting the workmen to high living costs. A great present need was for building trades and contractors to get together. One hopeful feature was the prospect of easier money at low-er rates of interest.

Building Boom Would Help.

A building boom would risp. A building boom, he thought, would be the greatest remedy of the present conditions. The Fordney Tariff Bill, one of the worst features of present con-ditions, reflected to some extent on Can-ada. It was the usual error made by having a tariff created by politicians, in-stead of by business men.

Campbell and J. Morrisey; union label committee, Joseph Murphy, A. D. Colwell and C. Brown. The meeting instructed the new legis

Brown. The meeting instructed the new legis-lative committee to prepare resolutions on unemployment, the Mothers' Pension Act, Minimum Wage Act, and amend-ments to the Workmen's Compensation Act. These resolutions are to be brought in at the next meeting of the council.

CARLETON ROYAL ARCH CHAPTER

Installation of the new officers of the Carleton Royal Arch Chapter took place on Thursday in the Masonic Temple with a large number present, several being from outside points. D. W. Kyle, grand high priest for New Brunswick, was installing officer, assisted- by H. Evanson, of Botsford Chapter, Moneton, and Rev. C. G. Lawrence, of the Sussex chapter. After the ceremony, those and Rev. C. G. Lawrence, of the Sussex chapter. After the ceremony, those present sat down to an enjoyable ban-quet. Reports submitted showed that the last year was one of great prosperity to the lodge. The officers installed were: F. H. P., W. R. White: king, G. C. Cos-man; scribe, J. H. Kelley; treasurer, H. A. Porter; secretary, Reverdy Steeves; C. of H., S. A. Sewell; P. S., H. Hooper; R. A. C., R. J. McEwen.

THE FAMILIAR S. O. S. SOON TO DISAPPEAR

London, Jan. 21—Tests for substitut-ing automatic wireless signals at sea for the S O S signals have been so suc-cessful that it is predicted that the fam-iliar S O S soon will disappear. The principle is an automatic signal with a four second beat repeated three times instead of using the old Morse code. The beat when given on a sinking ship rings an alarm bell on vessels within reach in such a way that it is really an automatic alarm. The important ad-vantage over the S. O. S. is that it won't enter other signal combinations and cause confusion.

IN OLD LADIES' HOME.

The orchestra of the Germain street Baptist church Y. M. A. gave a concert last evening in the Old Ladies' Home in Broad street under the leadership of Dr. P. L. Bonnell. The entertainment was thoroughly enjoyed both by the residents of the home and by many visi-tors who were present for the occasion. The orchestra, which has been giving en-tertainments in the various institutions in the city, played an excellent protertainments in the various institutions in the city, played an excellent pro-gramme last evening. Those who com-posed the orchestra last evening were: Dr. P. L. Bonnell, Stanley Mealey, Carl Brown, David Henderson, Reginald Brown, Frederick Bustin, Leslie Creigh-ton A. McLean and George Hoyt ton, A. McLean and George Hoyt.

"Whoever understands China socially, politically, economically, and religiously, holds the key to the world's politics for the next five centuries."-Former U. S. Secretary of State, John Hay.

Today, to practically all Canadians, China, with her four hundred millions of human beings, is a vast unknown, a mystery unfathomable. Never has so good an opportunity come to Canadians to know and understand China as now, when Japan and China have been brought together at a conference table of the world's great powers in the Capital of the American Republic. Therefore, THE LITERARY DIGEST has prepared a complete presentation of China, the Country, the People, their Industries, their Ideals, and their Relations with the Rest of the World.

Canadians Now May Know the Whole Story of China **JAPAN'S 21 DEMANDS** SHANTUNG

Countless ages back, lost in the countiess ages back, lost in the mists of antiquity, thousands of years before the Christian Era, the Chinese people began,—no one knows how. Their many centuries of known history is full of wonderful happenings. An outline of it is given in this special number of THE DIGEST. THE WHITE RAIDS ON CHINA To all who are accustomed to

think of Japan's "extension of in-fluence" as the chiefest of China's troubles, the article describing "Europe's Encroachments on China's Sovereignty" will bring an astounding revelation.

AMERICA: FRIEND AND PROTECTOR A splendid article tells what

America has done and is doing to maintain "the Open Door" and to protect China from voracious raids of foreign powers. A LANGUAGE OF PICTURES Chinese written characters are full of expressive symbolism and pi-quant commentaries on social and industrial life. An interesting article reproduces and explains many of these story characters of the Chinese language.

The cradle of Chinese Civiliza-tion; the Holy Land of the Chi-nese People; the birthplace of the silk industry; an Eden of agri-culture; an Aladdin's Cave of precious metals and stones; the heart that controls the internal commerce, and communications of the entire Chinese Empire; one of the richest and most densely populated provinces of the earth; self-governed for five thousand years—There are many reasons "Why They Struggle for Shan-tung," and the article under that title is full of surprizing information, illustrated with a speciallydrawn map.

CHINA'S RELIGIOUS. CUS-TOMS, ART

To know China it is necessary to know her religions. A clear ex-planation of the part which Buddhism, Taoism, Confucianism, Ancestor Worship, and Christianity play in Chinese life is contained in a special article on the subject. "Men and Manners in China" is another colorful article, full of interesting incidents. The "Pecu-liar Qualities of Chinese Art" are instructively described.

Probably not five persons in every ten thousand Canadians could name even three of the famous "twenty-one demands" imposed upon China by Japan. One of the most important articles in this week's DIGEST reveals "The

Along with the crippling of Chi-nese women's feet and the custom of killing or selling girl-babies, has gone a general subordination of the whole sex. A most instruc-tive article tells how the transfor-

SCIENCE IN CHINA

While the people in Europe were going about dressed in the skins of wild animals and using pieces of stone tied to sticks for tools and weapons, the Chinese were a highly developed and skilful nation. Read about their casting of metals, their electrical industries, their medicine, their curious treatment of fractures, and many other marvels and oddities.
