St. Andrew's Society Celebrate For First Time Since War— Greetings From Far And Wide

Members of St. Andrew's Society with some invited friends gathered last evening in the Masonic Hall, Germain street, and enjoyed a fine celebration of the anniversary of their patron saint, the first held in this city since the war. Scotch emblems were conspicuous about the rooms. Headed by the pipers the president, officers and guests opened the proceedings by a grand march into the hall.

Alexander McMillan, who was president of the society during two years, which he spent overseas, and has been again elected to that position, was given a hearty reception as he entered the hall, headed by his four pipers. Enthusiasm was unbounded. The gathering was well attended and the large auditorium was crowded.

The president made an opening address referring to the history of the society and to the pleasure all felt that the war was over and its functions might continue with the society in a flourishing condition. He called upon Hon. R. J. Ritchie, president of St. Patrick's Society, who gave a pleasing address. Professor H. L. Stewart of Dalhousie University, Halifax, made a humorous address in which he was warmly received. He congratulated the Scots on their entertainment and the success of their society.

The remainder of the programme included the following: song, "The Hundred Pipers," Mr. Gray; song, "Gae Sing Tae Me the Auld Scots' Songs," Miss Louise Knight; song, "Scots Wha Hae," David Allan; Highland Fling, Alexander Campbell, late pipe major 26th Battalion; song, "The March of the Cameron Men," Miss Louise Anderson. Miss Dorothy Bayard was accompanist.

Opening of Inter- Church Meeting

Distinguished Speakers Heard in Interest of Forward Movement

The inter-church forward movement two-day convention was given a magnificent start in the meeting held in Centenary church last evening when the building was filled beyond its seating capacity. It is estimated that 2,000 persons attended and heard with great attention the eloquent addresses of Bishop Lucas, of the diocese of the MacKenzie River, and Chancellor McCrimmon, of the MacMaster University. Hon. H. A. McKenna, chief justice of the supreme court of New Brunswick, was the chairman for the gathering, which was made doubly impressive through the music of the combined choirs of the city churches in which the congregation joined with hearty good will. Delegates from every part of the province were present, in all about 300, and all delegates are to be billeted by the citizens while the convention is in session. The convention is one of the most important in the city.

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick results. Really and cheaply made.

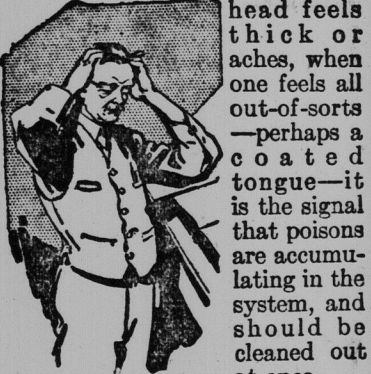

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, laryngitis, whooping cough, croup, asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex (50 cents worth), into a 16-oz bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get 16 ounces—a family supply—of much better cough syrup than you could buy ready-made for \$2.00. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

MY HEAD!

When the head feels thick or aches, when one feels all out-of-sorts—perhaps a coated tongue—it is the signal that poisons are accumulating in the system, and should be cleaned out at once.

Auto-intoxication can be best ascribed to our own neglect or carelessness. When the organs fail in the discharge of their duties, the putrefactive germs set in and generate toxins—actual poisons, which fill one's own body.

Sleepiness after meals, flushing of the face, extreme lassitude, biliousness, dizziness, sick headache, acidity of the stomach, heartburn, offensive breath, anemia, loss of weight and muscular power, decrease of vitality or lowering of resistance to infectious diseases, disturbance of the eye, dyspepsia, indigestion, gastritis, many forms of catarrh, asthma, ear affections and allied ailments result from auto-intoxication or self-poisoning.

Take castor oil, or procure at the drug store, a pleasant vegetable laxative, called Dr. Pierce's Pleasant Pellets, composed of May-apple, aloes and jalap.

of fifteen that will be held within a fortnight, from coast to coast in the dominion. The speakers were Bishop Lucas, Chancellor McCrimmon, Rev. H. E. Thomas, Rev. H. C. Priest and Bishop Richardson.

At last evening's meeting Bishop Richardson gave the opening prayer and Rev. H. E. Thomas read the scriptural lesson. Judge McKenna presided and introduced the speakers, who included Bishop Lucas, Chancellor McCrimmon, Rev. H. C. Priest, and Rev. E. McI. Smith. The addresses were followed with appreciative interest and the meeting was marked by keen enthusiasm, as the chairman said, "starting so well the movement must be attended with magnificent results."

Fredrickson Markets.

Gleaner, Saturday—The market at Phoenix Square this morning was well supplied with country produce, both sides of the square being lined up with teams. Pork was plentiful and sold by the carcass for 18 cents and by the quarter for 20 to 28 cents. Butter remained at 65 cents, while some farmers asked 50 cents for eggs, but no one seemed to want them at that figure.

The prevailing prices were:

CALL TO CAPT. HARRISON.

Chatham World—At a meeting of the war committee held in St. Stephen's church, Black River, on Thursday evening, Rev. F. W. Thompson, Loggieville, presiding, it was decided to recommend the congregation at the meeting to be held next week for this purpose, to extend a call to Captain, Rev. Dr. Harrison, to succeed the Rev. J. M. Fraser, now of Labrador, in the pastorate of the congregation. Dr. Harrison is a chaplain of the Canadian army and spent three or four years overseas. Previous to the outbreak of hostilities he returned chaplain was minister of the Presbyterian church at St. George in the Presbyterian of St. John. He is an Irishman and preached at Black River and Lower Nippan a few Sundays ago with much acceptance.

SALVATION ARMY CHANGES.

Ensign and Mrs. Condie of the Salvation Army have received orders to remove to Brantford (Ont.), at the beginning of next week and will be succeeded by Ensign and Mrs. Laurie of Toronto. Ensign and Mrs. Condie are well known and most highly regarded in the city where they have made for themselves a very large circle of friends. They will be greatly missed. Their work for the army and for the community has been worthy of the very highest praise.

BOARD OF TRADE

Annual Meeting Pledges Support to Aviation Scheme—Officers Elected

The annual meeting of the Board of Trade was held last evening in their rooms, Prince William street, with the president, R. B. Emerson, in the chair. Only a fair number of members gathered for the meeting. Captain Stevens and Lieut. Stevenson, of the De Vere Aviation Company, of Truro, were present and were called on to speak by Mr. Emerson.

Captain Stevens and Lieut. Stevenson outlined their scheme as it was presented to the city council yesterday. M. E. Agar, who was of the opinion that there would be a great deal of flying done in the near future, said St. John should participate in its advantages. Captain Stevens said that they had two good sites in view here.

It was suggested that a circular should be got out by the city acquiring the public with the facts regarding the taking over of the port.

Before the close of the meeting a motion was passed referring the matter of the aviation scheme to the incoming council.

The next business before the meeting was the election of officers which resulted as follows: president, R. B. Emerson, vice-president, W. F. Burditt, for representation on council, M. E. Agar, W. Allison, G. E. Barbour, T. H. Estabrook, W. E. Golding, H. P. Robinson, L. J. Seidensticker, H. C. Schofield, L. L. Warwick and A. H. Wetmore. These gentlemen will choose six more to make up the council.

St. Monaci's Society

Regret Resignation of Miss Haley —Plans For Christmas Distribution

Keen regret was expressed yesterday afternoon at the meeting of St. Monaci's Catholic Ladies' Society in the Heights of Columbus rooms, Colburn street, when Miss Amelia Haley tendered her resignation. She has been secretary for seven years, and had done much capable and faithful work. She was tendered a standing vote of appreciation for her work. Mrs. D. C. Deardon was appointed pro tem secretary. Mrs. D. P. Chisholm, president, presided over the meeting. Several reports were presented concerning the work of the month.

Mrs. W. E. Scully reported upon the work of the charity committee and spoke of preparations made for distributions of baskets at Christmas. Mrs. Joseph Ritchie reported for the sewing committee. Mrs. John Owens for the Immigration committee. Mrs. Joseph Gleason for the Boys' Industrial Home visiting committee. Mrs. J. H. Dooey for the Home for Incurables visiting committee. Mrs. A. J. Mulcahy for the tea committee.

In connection with the recent rummage sale Mrs. Richard O'Brien reported a total of \$819.50 from that event and Mrs. C. J. Kane and Mrs. Mulcahy reported for the committee in charge of the rummage sale. The total of \$844.20, a contribution of \$10 was voted for the Free Kindergarten in the Women's Institute.

It was agreed that St. Monaci's society should co-operate with the women's council in its Rescued Day effort on behalf of the Children's Aid home and should take charge of a ward on that day. Mrs. H. C. Grout was appointed convener of the ward committee.

Before the meeting adjourned, an announcement was made of the resignation of Miss Haley as secretary and very great regret was expressed at the announcement.

At a meeting of the G. W. V. A. in their rooms in Wellington Row, last evening, plans were reported upon for the Christmas treat for widows and orphans of soldiers. A collection was taken among those present and a neat sum realized. It was reported that the Soldiers' Wives' League had offered to provide candy for the function.

Before the meeting adjourned, arrangements were made for the election of officers at the annual meeting in January.

Many Vessels at
Sydney For Coal

Sydney, N. S. W., Dec. 2.—The output from the mines of the Dominion Coal Company for November was 28,000 tons. A large number of steamers with cargoes for overseas and which were unable to procure bunker coal in the United States ports owing to the miners' strike are coming to Sydney for cargo. The week will see great activity at the pier of the Dominion Coal Company and in consequence there will not likely be any banking of coal by the company as was the case last week.

A Pimply Face or Poor Complexion Quickly Restored

Thousands of young men and women would be handsome and attractive were it not for unsightly pimples, blackheads and rough uneven skin. Custom seems to recommend lotions and salves, but unfortunately their effect is but temporary. These disgusting blemishes do not originate in the skin—their birth in every case goes further back, to the blood, which must be cleansed of humors before the pimples depart for good.

A physician who has made a careful study of such cases, says that the quickest cure comes from a blood-building medicine like Ferrone's. The minute Ferrone strikes the blood its good work begins. Poisons and foul matter are expelled. Every trace of humor is driven out, and the whole life current is supplied with nutrient and healthy giving qualities. You can always tell a Ferrone complexion when you see it—the cheeks are clear and rosy, no signs of sallowness—the eyes are bright and expressive because rich, red blood is circulating through the whole system.

Good for young and old, for well folks and sick ones, too. 50¢ per box, or six boxes for \$2.50, at all dealers, or direct by mail from The Catarrhoid Co., Kingston, Ont.

MONTREAL'S STRONG MAN, RIVAL OF LOUIS CYR, DIES OF HEART FAILURE

Montreal, Dec. 2.—Horace Barre, "the strong man," died yesterday of heart failure. He was a jail guard at Bordeaux and for the last ten years was in charge of prisoners taken every day from the jail to the court house.

Barre first attained fame twenty-five years ago as a rival of Louis Cyr, who claimed to be the strongest man in the world. Cyr was then at his best and was touring the province with his circus. While at Levis, his challenge was accepted by a young giant of twenty, young Barre, who was then a shoemaker by trade. Though not yet at his full strength, Barre was persuaded to join the Cyr circus, which he did, and with the old champion toured the country for several years. When Cyr retired, he surrendered his title to Barre, who for a time upheld it against all challengers.

ST. ANDREW'S DAY, 1774.

The following is an extract from records of the North British Society, Halifax, Wednesday, 30th November, 1774, being St. Andrew's Day:

This day, by appointment, ye North British Society met at the house of Mr. John Rider, Hollis street, with a number of officers of the garrison and navy, and other of their countrymen, to celebrate ye Feast of St. Andrew. At precisely 8 o'clock, ye company sat down to an elegant dinner in ancient Scott's taste; William Allan in ye chair.

Ye loyal toasts honoured were: Saint Andrew, King and Saint Andrew, Land of Oakes and Saint Andrew, Saint George, Old England and Saint Andrew.

Saint Patrick and Saint Andrew, Lieut.-Governor and Saint Andrew, Navy, Army and Saint Andrew, General Campbell and Saint Andrew. After which followed many loyal toasts and sentiments, while much good fellowship prevailed.

In fine ye day was crowned with great festivity, mirth, jollity and ancient Scott's songs.

Ye company separated at nine of ye clock in great harmony.
