USE POWER FOR BENEFIT OF GERMAN IMPERIALISM

Paris, April 10-(By the Associated Press)-A wireless message from Belukun, Hungarian foreign minister, to M. Tchitcherine, Russian Bolshevik minister of foreign affairs, under date of April 8, has been intercepted by the Paris wireless officials. The message follows: "The German papers are publishing the stupid story that our dictatorship is only a patriotic mask and the only way the Bourgeoisie of the Central Powers could deceive the imperialism of the Entente. "We do not want to use the dictatorship of the Hungarian proletariat to take Bourgeoisie chestnuts out of the fire for the Bourgeoisie. When the German proletariat shall have power they will not use it for the benefit of German imperialism and will throw out Scheide-mann, Ebert, Hoske, David and their press valets."

Another despatch under the same date from Nikolai Lenine, Bolshevik premier, to Belukun says: "Please send details of the revolution in Bavaria. We have only the barest announcement. Wireless statement of how the new state was established." Lenine also sent a message to Belukun asking him to advise the entire world that Odessa had been taken by the Ukrainian Bolsheviks.
