J. A. MACKELVIE DIES SOON AFTER LEAVING HOUSE

Served in Riel Rebellion—Was Twice Sent by People to Commons.

REPRESENTED YALE

Succumbs to an Attack of Heart Disease in Room in Hotel.

(Canadian Press.)

Ottawa, June 4.—John A. Mackelvie, Conservative member of Parliament for Yale, B. C., died of heart disease at his apartment in the Alexandria Hotel at one o'clock this morning. He was in his 59th year. He had come to the hotel after attending the night session of the House of Commons and retired at 10.30, complaining of a pain over the heart. At one o'clock Mrs. Mackelvie was awakened by her husband, who was in great distress. She summoned Senator Schnafner, M. D., who has rooms near Mr. Mackelvie. He hastily went to give medical assistance, but found that Mr. Mackelvie had died in bed in the short interval.

Born in St. John.

John Armstrong Mackelvie was born in St. John, N. B., on September 14, 1865, the son of Thomas Mackelvie and Sarah Jane Armstrong. He was educated at St. John grammar school. On February 15, 1892, he married Jessie Stuart McIntyre, daughter of Donald McIntyre of Inverness, Scotland. He went to British Columbia, and in 1893 he became editor of the Vernon News. He was a member of the royal commission on labor for the Government of British Columbia, 1912 and 1913. He was a member of the Vernon City Club, A. F. and A. M., and the Independent Order of Foresters.

Mr. Mackelvie went to Calgary in 1893. He served during the Riel rebellion in 1885 in the Alberta mounted rifles. He moved to Vancouver in 1888 and to Vernon in 1889. He was first elected to the House of Commons in a by-election for Yale on November 22, 1920, and was re-elected in the general election of 1921. In religion he was a Presbyterian. Mr. Mackelvie is survived by his wife.

AN INDIAN BOY TRIES SUICIDE

Sends a Bullet Through His Breast and is Near Death.

Fredericton, N. B., June 4.—(Special)—Frank Joe, an Indian boy in his 15th year, sent a bullet from a sixteen calibre shotgun through his right breast this morning at the St. Mary's Reserve, Devon, in an attempt at suicide. He is in Victoria Hospital here, with little hope held out for his life. The boy formerly resided in Woodstock, but for a few years has lived at the St. Mary's Reserve as the adopted son of S. Brooks. He is a bright boy, and attended the Indian school at the Reserve, where he did well and was about completing his final year.

No reason for the boy's act seems apparent. Brooks this morning said he had been told since the attempt that the boy had told women about the Reserve that he had intended to shoot himself. His parents are both dead and he has no relatives. Between 7 and 7.30 o'clock this morning Brooks was aroused by the report of the gun. He left his bed and was met by the boy, who after taking the gun to the outhouse and shooting himself opened the door of the outhouse and climbed the stairs. He was asked if he had done the deed intentionally and replied that he had. He evidently had used a bullet, which had entered his right breast and left under the right shoulder. Investigation showed that the boy had placed the butt of the gun in a corner and touched the trigger with an older twig.

France May Suppress Embassy at Vatican

Rome, June 4.—The Vatican has learned with regret of M. Herriot's intention, as head of the new French Ministry, to suppress the French Embassy to the Holy See. It is unlooked for move so far as the Vatican is concerned, and it is contended by Vatican officials that the embassy is more to the advantage of France than the Holy See, as, in maintaining good relations with the Catholic missions in the Near East and Far West for furthering French interests, it recalled that the Vatican abstained from appointing a papal nuncio at Paris as a recommendation of France, which desired that all Catholic interests in China should be looked after by the French minister there.

ALBANIANS ARE FOR A REPUBLIC

That is the Explanation of the Revolutionary Movement—Italy Watchful.

By HENRY WOOD.

(United Press Staff Correspondent) Rome, June 4.—The success of the Albanian Nationalist revolution probably means final defeat of the party which sought to establish a monarchy and that Albania will become a Republic. Nationalists who favor a Republic revolted against the present Government because they held it responsible for the assassination of King Zog. The Albanian Nationalist revolution probably means final defeat of the party which sought to establish a monarchy and that Albania will become a Republic. Nationalists who favor a Republic revolted against the present Government because they held it responsible for the assassination of King Zog.

Italy keeps a watchful eye on developments and her interests, does not intend to act as long as the revolution keeps within its present limits. Italy regards the revolution merely as a struggle between political parties, according to traditional Albanian methods, the object being to secure control of the Government. If, as the late dispatches indicated, the insurgent Nationalists now occupy Tirana, the capital, it is all the same to Italy. On a purely domestic affair such as this, the attitude of Italy is that of the United States might be towards a minor revolution in one of the Latin American countries.

OPPOSES ADVANCE IN HYDRO RATES

Toronto City Council Unanimously Protests Against Equalization Scheme.

Toronto, Ont., June 4.—There was evidence of the unpopularity of the Provincial Hydro Commission's "equalization" scheme for local hydro rates when the city council early this morning voted unanimously, on motion of Councillor Foster, in protest against any increase in hydro rates for domestic purposes. Mayor Hiltz was instructed to take up the matter with the Provincial Hydro Commission. The general tenor of the speeches by aldermen was that the present was no time to raise rates to small consumers. Earlier, the council had stood 20 to 3 to accept Sir Adam Beck's plan, whereby the city will spend \$2,000,000 in improving the York radial lines, operated by the hydro for the city.

PEGGY HOPKINS JOYCE MARRIES SWEDISH COUNT

Actress for Whom Men have Killed Themselves Takes Fourth Husband.

IS BUSINESS MAN

Says Stage She Has Graced Will See Her No More.

By FRANK GETTY. (United Press Staff Correspondent) New York, June 4.—"This is my first real marriage and my last. Oh! at last I'm in love!"—and Peggy Hopkins Joyce, radiant, raised her beautiful arms ecstatically and smiled upon her new and fourth husband, Count Gosta Mörner of Sweden.

For pretty Peggy, for want of whose love men have killed themselves and whose priceless jewels and millionaire husbands and fascinating smile have long been the sensation of two continents, has married again.

"This time for love," the actress said, happily, "love at first sight, the love the parents blessing awaits them. I've been waiting for all my life." Peggy Joyce's new husband is descended from an old noble house of Sweden, but he is a young, strapping business man, six feet, three, aristocratic and immaculate in appearance. He is 24 years old, and when they signed the register in the Swedish Lutheran church at Atlantic City last week Peggy gave her age as 28. The stage which Peggy has graced for many years will see her no more, her new husband says. HE will take her to Paris in the fall for a rest, the count explained; then Sweden and the baronial halls among the fjords, where the parental blessing awaits them.

Chicago, June 4.—(Canadian Press)—Peggy Hopkins Joyce, married to Count Gosta Mörner, has apparently ended a precedent of wedding only millionaires. Her husband is said to be only moderately wealthy. He is associated here with a Swedish dentistry company which makes toothpaste from a formula brought from the count's native land.

Since her divorce in 1921 from Stanley Joyce, wealthy Chicago lumberman, which netted her \$800,000, jewelry valued at 10 times that sum and various and sundry houses, automobiles, and some real estate, Peggy has been reported engaged or married many times.

Among the various persons who were reported about to marry her were Henri Lettler, wealthy Parisian publisher, Lou Tellegen, Jack Dempsey and Prince Lubomirsky.

BURNED TO DEATH IN THEIR COTTAGE

Toronto Woman and Two Children Perish—Maid and One Child Escape.

Toronto, June 4.—Mrs. Harry G. Peppel, wife of Harry George Peppel, 15 Whitney avenue, Toronto, formerly manager of the Aemilias Jarvis bond firm of Bay street, Toronto, and her two children, Ned, aged five years, and Rosemary, aged three, lost their lives when their summer cottage at Eastbourne, Lake Simcoe, was destroyed by fire at 7 o'clock this morning.

Mrs. Peppel's only daughter, Allen, aged eight, and the maid rushed outside for help when they saw the flames, but as the nearest residence is a considerable distance from the cottage no assistance could be obtained. Mrs. Peppel went back into the burning cottage to rescue her children. She had succeeded almost in effecting their rescue as their charred bodies were found in the ruins of the veranda, while her body was discovered just inside the door of the cottage.

Her husband, Harry Peppel, was at the cottage last night but returned to Toronto at a late hour. The fire was caused by the explosion of a gasoline stove. Harry Peppel is one of the defendants in the charges of conspiracy to affect the market value of Ontario succession duty free bonds preferred by the Attorney General. He is a brother of Andrew Peppel, who recently faced a charge in Los Angeles of illegal entry into the United States.

Will Aid Flow of Capital to Canada

London, June 4.—(British United Press)—British capital for the development of the mineral resources of Canada will be available in far greater volume during the next twelve months than has been the case in the past, was the view expressed by delegates and experts attending the mining and metallurgy conference which opened last night at Wembley. The splendid display in the mining section of the British Empire exhibition is an important factor in influencing capital to be sent to Canada was the generally expressed opinion. Lord Leung devoted a large portion of his inaugural address to the resources of the Dominion.

AMERICAN FLYERS REACHED SHANGHAI

They Passed Doisy This Morning—Smith Commander—Portuguese Leave Calcutta.

(Canadian Press.)

Shanghai, June 4.—Lieut. Leigh Wade and Eric Neilson, United States army aviators, arrived here today from Kagoshima, Japan. They left Kagoshima at 8.30 o'clock this (Wednesday) morning. The third plane refused to rise owing to engine trouble.

Shanghai, June 4.—(United Press)—Two of three American round-the-world planes flew successfully across the East China Sea from Japan to China today. The third plane, that of Lieutenant Leigh Wade, commander of the flight, failed to take off satisfactorily from Shigetomine, Japan. Lieutenants Wade and Neilson, after hovering around awaiting their commander would catch up with his comrades here tomorrow.

The American coast is under attack by the United States army, although the flight was abandoned after he had conferred with the air service chief and other war department officials.

Pass the Frenchman. Tokyo, June 4.—(United Press)—Captain Bellard D'Olisy, Frenchman, and Lieutenants Wade and Neilson, Americans, may be said to have passed in the air today on their respective long distance flights, although their courses lay many hundreds miles apart. Capt. D'Olisy, winging eastward, flew from Phonyang to Zalko in the Korean Peninsula, landing at the latter place at 8.20 a.m. About the time the plane was crossing the 38th meridian, on his eastward course, the American flyers were over the ocean while flying westward over the east China sea, 150 miles farther south. D'Olisy is flying to Tokio.

MARX GOVERNMENT STILL IN POWER

Three German Groups Have United to Keep It in Office.

Berlin, June 4.—The Marx-Stresemann cabinet, which resigned May 26, but continued to carry on current affairs, is back in office. President Ebert last night reappointed Dr. Wilhelm Marx as Chancellor and confirmed the members of his ministry in their posts. In the period intervening since the resignation of the cabinet it had been found impossible to bring about an alignment of parties so that a new ministry could come into power, and the final outcome is a reunion of the German People's Party with the Clericals and Democrats, enabling the Marx-Stresemann combination to office.

Bootlegger's Appeal For Exemption Denied

Ottawa, June 4.—Judge Audette in Exchequer Court dismissed the appeal of Cecil B. Smith, who asked that profits made in bootlegging be exempt from income taxation. Smith operates a garage in Windsor, Ont.

The court remarked that Smith invokes his own turpitude to claim immunity from paying taxes and to be placed in a better position than if he were an honest and legal trader.

METROPOLITAN GIVES ADDRESS IN FREDERICTON

Provincial Synod, Church of England, Assembles in Memorial Hall.

100 IN ATTENDANCE

Church Doctrine Referred to by Archbishop—Newfoundland.

(Special to Times-Star.)

Fredericton, N. B., June 4.—The Provincial Synod of the Ecclesiastical Province of Canada Church of England, assembled here this morning with about 100 clerical and lay delegates from the four dioceses of Montreal, Quebec, Fredericton, and Nova Scotia in attendance, representing the Anglican connexion in Eastern Canada. The delegates assembled at the Memorial Hall of Christ Church Cathedral at ten o'clock and at 10.30 marched in procession to the Cathedral where service was held. His Lordship Bishop Partridge of Montreal was the preacher. The vestments of the clergy made "a most impressive sight."

The first business session of the Provincial Synod opened this afternoon. His Grace, Archbishop Worrell of Nova Scotia, metropolitan, delivered an address to the combined upper and lower houses after which the two houses met separately. His address was as follows:—

Right Reverend Brethren and brethren of the clergy and laity of the ecclesiastical province of Canada. It is a great pleasure to meet, as a synod, in this beautiful and historic city—the see of the Diocese of Fredericton.

It is closely connected with some of the most interesting events of the early history of Canada and it will never be forgotten that this was the centre of the jurisdiction of that saintly prelate, Bishop Medley, the first bishop of the City of Montreal to hold the office of Metropolitan of the ecclesiastical Province of Canada. He would have been Archbishop of Fredericton if that title had been adopted in his time as the distinguishing title of the Metropolitan of a Canadian province. His monument is that stately and beautiful cathedral in which we held our opening service and which was first erected through his earnest and faithful work and that is the centre of the splendid organization which he gave to his diocese.

The diocese has been singularly blessed in the bishops that have presided over it from the beginning: Bishop Medley with his genius for organization and wealth of spiritual life, Bishop Kingdon, who was an acknowledged authority in theological learning and, now, the present diocesan, who holds so prominent a place in the councils of the church and who is strong in the affections of his people.

The settling of our synod meeting is perfect and I have great hope for the work which I believe will be accomplished. Prayer Book It is not my intention to take up the time of the synod with an extended address. My enforced absence from the province and the consequent demands upon my time after my return prevent me. I know, too, that the delegates who have come are anxious to get to business as quickly as possible and make the session as brief as possible, consistent with a careful consideration and discussion of all matters to be brought up.

The session was called especially to give the synod an opportunity to confirm the canon authorizing the Canadian prayer book for use in this province. It was thought well that this should be done before the meeting of the general synod in September, and there seemed to be no other time for this but the present week.

It also gives an opportunity for presenting for confirmation the amendment to Canon VI which was adopted at the last session.

It would hardly be wise for me at this stage to express an opinion upon these matters. They are for the synod to decide and I have every confidence that the judgment of those present will be in every way satisfactory. The canons and regulations of the provincial synod have been more or less difficult to discover and it seems desirable that these should be arranged and consolidated and made accessible to the delegates.

The committee appointed for this will present its report which has been the work chiefly of the lay secretary, who has given much time and thought (Continued on page 9, fourth column.)

Abolition of Veil Discussed

Woman's rights are having an airing in the Caucasus as well as elsewhere. This interesting and exclusive photograph shows a gathering at Usbek where the right to abolish the veil, with which women of that region have been swathed for generations, is the question. Also they are being instructed as to their rights under recent emancipation rulings.

Babe, Forgotten in Fire Excitement, Is Fatally Burned in High Chair

New York, June 4.—Susan Cabine, three years old, was burned fatally in a fire that destroyed the kitchen and dining room of the apartment of Mrs. Mary Cabine on the second floor of the four-story building at 631 Cumberland Street Hospital.

A crowd of several hundred persons watched the fire, which lasted only ten minutes, but necessitated the rescue of a woman and a six-year-old boy from an apartment on the top floor. The fire was started when clothes drying on a line in the Cabine kitchen fell on a gas range where Miss Annie Buonopolo, the baby's aunt, was preparing lunch. Susan was seated in her high chair near the stove.

The flames spread from the clothes to window draperies and to other furnishings. The woman became frightened and ran from the apartment, calling to Mrs. Cabine's two small sons, Frank and John, to follow. When Mrs. Cabine managed to explain that her baby was in the flat, and several men hurried up the smoke-filled stair well and into the kitchen. Susan was still seated in her high chair. It was charred and blackened and the little girl lay across a bowl that had been placed before her to hold food. The rescuers picked up the chair without removing the baby and carried both to the street.

A physician lifted both chair and baby into the ambulance. Emergency treatment was given the child in the race to the hospital, but Susan was dead when the ambulance drove into the hospital entrance.

As the ambulance darted away other firemen raised a 35-foot ladder to an apartment on the top floor and carried Miss Vincenza Casumano and her nephew, Carmine Nitter, six, to the street. The young woman said she and the boy had tried to escape by the stairs but were driven back by smoke.

GREAT BRITISH RACE CLASSIC IS RUN IN DRIZZLE

Sansovina, Owned by Lord Derby, Followed in by Astor Entry.

HURSTWOOD THIRD

Twenty-seven Horses in the Great Race Witnessed by Half Million People.

(United Press.)

Epsom Downs, June 4.—Lord Derby's Sansovina, the favorite, won the historic Epsom Derby today from a large field of the best three-year-olds in England.

The race was run in a drizzle, which dampened the course but not the enthusiasm of nearly half a million race-goers who crowded grandstand, enclosure and rolling downs to see the 141st renewal of the famous race for the Derby stakes.

The victory of the favorite was greeted by thunderous cheers. Sansovina, ridden by Jockey Weston, had been quoted at 7 to 1, choice of the field. Astor Entry Second.

Sansovina is by Swynford, out of Gondolite. Viscount Astor's St. Germain, by Swynford out of Hainesse, was second and Somerville Tattersall's Hurstwood, by Gay Crusader out of Beadale, third. Twenty-seven horses ran.

Epsom Downs, Surrey, England, June 4.—The dawn of Derby Day disclosed a grey sky with a chilly wind, portending rain. Britishes, however, are familiar with such dawns and thousands of them, willing to take a chance with the weather as with their hopes, were at the track early with hundreds of others wending their way to the tipples in motor, in lorries and on foot.

The handlers were about their tasks early, getting the thirty or so three-year-olds ready for the dash of a mile and a half which constitutes Great Britain's blue ribbon classic, and upon the result of which the entire nation's interest is centered. The horses were to go to the post at three o'clock.

The uncertainty over the possible winner was greater than ever this morning. Although the betting odds were warned by the sport writers not to back any horse without being prepared to lose their money. The selections of the tipsters differed widely, and all tied a string to their choicest.

The doubtful outcome of the race was emphasized by overcast weather in the betting odds, the Earl of Derby's Sansovina becoming the favorite at 7 to 1 against H. H. Aga Khan's Diophon. The horses were to go to the post at three o'clock.

The question of Steve Donoghue's mount was declared in motion to the newspaper reports this morning to have been definitely settled. J. B. Joel being adamant in his determination to retain for his defiance the services of the jockey who won the Derby three years in succession. Some of the sport writers said, however, that Lord Woolavington was continuing to the last moment in his efforts to persuade Joel to allow Donoghue to have the leg up on Tom Pinch, which otherwise will be ridden by M. Beasley. Ben Irish, owner of Papyrus, the Derby winner last year, is represented by Dawson City, son of Spearpoint, which won the great classic in 1906.

The biggest pot of all the many that are won on the Derby is piled up, not in pounds sterling of London but in the rupees of India, the Calcutta Sweepstakes. In London there is a Stock Exchange Sweepstakes with £50,000 in it for the one who holds the name of the winner, and everywhere throughout the country in every club, almost in every office — even among little children who have only pennies to place—there was money to be won on the outcome of the great classic.
