FROM THE

PROSPECTUS.

The object of the Commercial Academy is to prepare and qualify pupils who have diligently followed the course of instruction, to embrace with success, any commercial or industrial pursuit.

The unusually large proportion of French Canadian and English speaking scholars who have hitherto attended the school, greatly tends to make it a most desirable Institution for acquiring a prompt and practical knowledge of the French and English languages, which are taught respectively by professors of acknowledged ability.

Without in anyway binding itself to provide with situations all pupils indiscriminately who have attended its classes,—this institution nevertheless considers it a pleasing duty to extend its patronage and to favor, to the utmost extent in its power, such pupils as prove themselves specially deserving. Its relations with the principal commercial houses of Montreal, and the cordial interest manifested by the numerous friends of the Institution, usually render this an easy and agreeable task.

TERMS.

By a resolution of the Board, bearing date the 8th August 1871, the Commissioners have fixed the following rates of fees :

1o. All pupils indiscriminately—at whatever time they may enter the school—will be charged an admission fee of two dollars (\$2.00). The proceeds of this amount,—which will in no case be reimbursable,—will be devoted to the maintenance of the school furniture and appointments, of the Chapel, library, and museum of specimens.

2o. The School fee is payable quarterly, in advance, as follow
