W. S. LOGGIE COMPANY, LIMITED.

P.S. We have SELF-SEALING JARS in pints, quarts and half gallon sizes. Nothing is so nice as a self-sealing jar for preserving fruit in. TRY THEM.

Miramichi and the North Shore, etc.

UNRIVALLED TOURIST SERVICE cars for the accommodation of passengers holding second class tickets, are run by the Canadian Pacific Railway on Trans-continental Express train, leaving Windsor Station, Montreal, at 11 a.m. every Thursday and running through to Seattle. Passengers for Canadian Northwest and Pacific Coast points will be accommodated in these cars, on payment of a small additional berth charge. Both berth will accommodate two passengers.

HAS REACHED ST. JOHN.—The St. John Record of Saturday last says:—The bug which is doing so much mischief along the New England coast, and the sting of which is attended with painful, sometimes fatal results has reached St. John, or at least has got as far as Torriburn. About eight or ten days ago Mrs. W. H. Jones, was stung on the nose near the left eye by this strange loquacious creature and has since suffered a great deal in consequence. The nose, cheek and eye were terribly swollen and for a time the eye was wholly closed and Mrs. Jones is recovering but still bears the serious looking mark of the sting.

CAMPBELLTON WATERWORKS.—Campbellton has at last got her water works at a total cost of about \$100,000. The water supply company has finally conveyed the system into the hands of the town authorities, who have paid the awards, \$73,750; the arbitration costs of the company, which were agreed at \$27,500, as well as the costs of the arbitrator on the works for \$8,000. The bill of Messrs. McLeod, Gregory and Vanier architects was \$8,000.

ST. ANDREW'S CHURCH FESTIVAL.—The strawberry festival held under the auspices of the Ladies' Aid Society of St. Andrew's Church, in the evening last Thursday evening, was notwithstanding the disagreeable nature of the afternoon, a huge success. The doors were opened at seven o'clock, and immediately the rink was filled with many of the youth and beauty of Chatham. The ladies of St. Andrew's were at their best and made the evening very pleasant for everybody and a great success from a social standpoint. Strawberries, ice-cream, candy, lemonade, etc., were served promptly and courteously and all came away with the feeling that the ladies of St. Andrew's Church know second to none, how to make an evening party and agreeable, even for those who do not belong to their "fold". Every church in town was largely represented at the festival, and many persons came in from the country, who helped to make the affair a success. We understand that about \$150 was realized.

PERSONAL.—Mr. D. L. Mitchell, late principal of Chatham Grammar and High School, was in town this week and was warmly welcomed by many old friends. He is to attend the Summer School of Science which opens at Campbellton on Tuesday, 25th inst.

THE COMMANDMENTS.—Rev. D. Henderson is preaching a course of Sunday evening sermons on the Ten Commandments. Last Sunday, we understand, that the St. Andrew's S. S. Hall was very full—many being unable to gain admittance at the evening service.

A PLUMBER FOR CHATHAM.—Mr. L. E. Dryden, plumber and tin-smith, of Sussex, is now in the employ of Mr. G. E. McLaughlin, and will attend to plumbing work in any part of the county. He comes highly recommended. Mr. Marquis is the only one in the county who has a plumber in his employ.

O. J. McCULLY, M. D., member of R. Y. College of Surgeons, England, of Montreal, will be at the Bowler House, Chatham, July 18th to July 25th inclusive, when he can be consulted on all diseases of eye, ear, nose and throat only.

OFFICE HOURS 9 a.m. to 12 a.m. 2 p.m. to 5 p.m.

THE LECTURER of the National Grange, Alpha No. 1, of Yemout, says the Farm Journal which we are offering, to send the balance of this year and all of 1900, 1901, 1902 and 1903 to every one who will pay up their subscriptions to the Advance one year in advance and to new subscribers, is "One of the brightest and best farm papers that comes to my desk."

GOOD FISHING was enjoyed by Rev. Dean Innes of London, Ont., on the government and Arcton waters, Lower Nepiguit last week. In a few days he killed 45 salmon and grise.

DR. H. G. VAUGHAN went up from Chatham to the waters on last Friday's accommodation train and killed two salmon and three grise on Saturday.

HON. L. J. TREDWELL returned home from Ottawa yesterday afternoon.

FIRE AT CAMPBELLTON.—There was a slight fire in the blacksmith shop of J. E. Kelly, at Campbellton, early on the morning of Friday last. The promptness of the fire department prevented great damage being done. The last fire in town was the Royal Hotel, which is just next door to Kelly's shop, and the fire before that was at the Commercial Hotel, which is next door to the Royal.

THE PIANO AND CONCERT, which are to take place at Douglastown next Wednesday, in connection with the new E. C. Bazaar, at that place will be a most attractive one. The committee are making preparations which warrant the expectation that a most enjoyable afternoon and evening is in store for those who patronize the melons and enterprising ladies and gentlemen in charge. See advt. for particulars.

THE E. C. BAZAAR.—The ladies of the Hotel Dieu, Chatham, will hold their annual bazaar, beginning on Tuesday, 29th August, and continuing until Monday, 14th. It will be held in the basement of the new building, and judging from the preparations that are being made, will be a very attractive one. The usual forms of entertainment will be provided and music will be furnished by St. Michael's band.

SALE OF TIMBER LICENSES.—There is a large sale of timber licenses advertised to take place at the Crown Land office in Fredericton, on Wednesday, Aug. 30. The berths that are for sale number 673, and the upset price has been fixed at \$3 dollars a mile and the license will hold good till Aug. 31st, 1900 and be on the 25-year renewal basis.

MIRAMICHI MARBLE WORKS.—Now is the time to place your order for country work and send the spring rush. We have now on hand and coming one of the largest stocks of marble and granite monuments, headstones and tablets ever shown on the north shore, all from the latest designs and worked from the best material the market can produce. Call and get our prices. They are right.

FATAL ACCIDENT IN P. E. L.—An accident happened at Ellerslie last Saturday, by which Mabel, the three-year-old daughter of Mr. and Mrs. William B. Hayes, lost her life. About 10 a.m. Mrs. Hayes poured a pot of hot water into a bucket on the floor, and Mabel, who was in the kitchen, was scalded and while she was in the gutter procuring some cold water, Mabel fell backwards into the hot water. Drs. Long and McLaughlin were at once summoned, but all their skill was of no avail.

MIRAMICHI ADVANCE, CHATHAM, NEW BRUNSWICK, JULY 20, 1899.

clothing his ideas in very dignified phraseology. W. Townsend addressed the people and gave a very timely counsel. He exhorted the congregation to respect their minister, to pay his stipend promptly and not to trespass too much on his time. The whole service, from start to finish, was very interesting and edifying, and Mr. MacLean began his work in St. John's church under auspicious circumstances.

The ladies of the congregation invited the ministers and members and adherents of the church to a reception and supper that was given in the Temperance Hall in honor of the occasion. We understand it was a very enjoyable and happy gathering.

The Adams Cup Race.

The deferred race for the Adams cup between the flyers of the Miramichi Yacht Club came off last Thursday. There was a flat calm at the hour for starting but Yacht appeared and soon after Mende was also out. A slight easterly breeze sprang up, but it was too light to make it worth while for Thetis and Troy to come to the line.

Commander Miller, with a naval courtesy, was on hand with his steam yacht, Morance, as judge's boat and had a party of Nova Scotia and Chatham gentlemen on board. Messrs. G. H. Harrison and E. T. Jones were judges. The trophy to be sailed for was the cup presented by Thos. D. Adams, Esq. The course was from a line off the A. R. Loggie wharf, Chatham, to a turning point off Col. Call's wharf, Newcastle, and return—about 9 miles.

Mende crossed the line fifty seconds ahead of Oriana, with the lazy fair wind hardly filling the sails. It was Oriana's favorite breeze and she gained about four and a half minutes over Mende on the run to Newcastle. Look favored her about a mile below the turn, where she caught a favorable freshening wind which came in with the tide and literally ran away from Mende, which remained stern almost in the doldrums. When Mende had sailed down a mile below the turn she was rapidly overhauling Oriana, when her flying-jib took foul in one of the snap forestay-banks and the jib had to be cut out after Messrs. Currie and Parry of the crew vainly endeavored for several minutes to clear it otherwise. Thos. Mende had to bear away off Douglastown to avoid a foul with a tug and loaded sloop, so that with the two untoward events she was put practically out of the race, which was won by Oriana with 14 minutes to spare, and she sailed on occupying thirty minutes of three hours to sail it. The yachtmen hope for a better sailing breeze for the club's next race.

The Bathurst Race.

The race which was to have taken place at Bathurst on the 6th inst., but had to be postponed on account of rain, will be held today, Thursday. About 200 yachts from different parts of the province have entered. The following are the entries so far:—

2.35 CLASS.  
Veron River Boy, R. Hebert, Kingston.  
Gay J., D. D. Warner, Bathurst.  
Malpee Boy, D. Cook, Seattle.  
Carnot, C. Sargeant, Newcastle.  
Banker, J. J. Legard, Bathurst.

2.45 CLASS.  
Myra, Thos. Flanagan, Chatham.  
Silver Thaw, D. P. Stacy, Bathurst.  
Stancher, S. Williams, Bathurst.  
Bersey, T. D. Adams, Bathurst.  
Mellie, E. J. Stewart, Bathurst.  
Sea, M. J. S. Eichel, Bathurst.

3.00 CLASS.  
Nellie, C. Sargeant, Newcastle.  
Lamps, Dr. McNeil, Bathurst.  
Kellie, C. J. P. Eddy, Bathurst.  
Pocahontas, A. T. Hinton, Bathurst.  
Frisch Girl, Wm. T. Stewart, Campbellton.  
Sydney, S. R. Shirley, Bathurst.

There will be \$500 in prizes divided as follows:  
Three minutes, \$50.00  
Two forty-five, 100.00  
Two thirty-five, 150.00

The track is in perfect condition. Fifteen stalls and a new grand stand have just been completed.  
Excursion tickets from Campbellton and Moncton are issued.

Northumberland County Sunday School Convention.

The convention opened in St. Mark's church, Douglastown, on Thursday afternoon at 2:30 o'clock. Devotional exercises were conducted by Rev. D. Mackintosh, pastor of the church. The President, Mr. Samuel McLeod, then took the chair and read his report of the work done during the year. Many encouraging features of the work in the county were noted.

Reports from the parish Vice Presidents were called for. Miss Bennie McNaughton gave the report for Glenora, Mr. Benj. D. Hubbard for Southport, Mr. Samuel McLeod for Chatham, Miss Draper for Newcastle, Mrs. Atkins for North Rock, Mrs. Thos. Platt for Nelson.

Nominating, Credential and Resolution Committees were appointed.  
Rev. A. Lucas gave an address on "Graduating the Sunday School," which was listened to with great attention.

A very excellent talk was followed by a lively discussion, in which Rev. J. D. Freeman, M. A., of Fredericton, Rev. G. M. Young, Mr. Benj. D. Hubbard, Miss A. McNaughton, Miss Kate Loggie, and others took part, clearly bringing out the necessity of adopting this advance movement in Sunday School work.

The evening session began with a song service led by Mr. Andrew Barr, and several delegates led in prayer.  
The Field Secretary gave an address on "World-Wide Sunday School Work," which was listened to with great attention.

The heavy showers of the afternoon and evening greatly interfered with the attendance.  
The third session opened on Friday morning at 9:30, Mr. Thos. Clarke presiding in the absence of the President.

Rev. A. Lucas conducted a profitable Bible reading.  
After the reading of the minutes the Secretary, Mr. D. P. MacLachlan, presented a report of the Association and Executive Committee, showing the returns for the county as follows:

Table with 2 columns: School Name, Increase over last year.

Miss Draper presented the report of the Nominating Committee which was adopted as a whole.  
Thos. A. Clarke, President.  
D. P. MacLachlan, Secretary.  
Bennie McNaughton, Field Secy.  
Helen McLeod, Corresponding Secy.  
Rev. Geo. M. Young, Supl. Normal Depy.  
Alice McLeod, Supl. Normal Depy.

PARISH VICE-PRESIDENTS:  
Lindsay, Mr. A. Kelly.  
Bathurst, Mr. H. B. Wainwright.  
North Rock, Miss Bennie Wainwright.  
Southport, Mr. Benj. D. Hubbard.  
Newcastle, Mr. Samuel McLeod.  
Chatham, Mr. Samuel McLeod.  
Nelson, Mr. G. M. Young.  
Northport, Mr. H. B. Wainwright.  
Aldous, Miss Kate Loggie.

A Central Executive was appointed as follows: Thos. Clarke, D. P. MacLachlan, Bennie McNaughton, Helen McLeod, Rev. J. M. McLean, Rev. D. Henderson, Rev.

Riots in China.

Serious riots occurred near Kia Chou on June 28. Thousands of armed partisans rose by preconcerted signal and attacked the railway now being actively pushed in the vicinity. The rioters offered determined resistance to the German infantry, and nine were killed. It is expected the military will be able to restore order without further bloodshed.

QUALIFIED TENDERS addressed to the undersigned and endorsed "Tender for supplying Coal for the Dominion Buildings," will be received at this office until Friday, 4th August next, for the supply of Coal for the Buildings throughout the Dominion.

Specifications can be seen and forms of tender obtained at this office, where all necessary information in regard to the work will be furnished. Tenders will be received until 11 o'clock on the day named. Each tender must be accompanied by a certified check made payable to the order of the Honorable the Minister of Public Works, equal to 10 per cent of the amount of the tender, which will be forfeited if the party declines to enter into a contract when called upon to do so, or if he fails to complete the work contracted for. If the tender be not accepted the cheque will be returned. The Department does not bind itself to accept the lowest or any tender.

Such hotels as the Royal contribute to the importance of our maritime centre and are effective promoters of their interests. They are not only homes for our own people when they travel—and the Royal is the St. John home of the best North Shore people—but they induce summer visitors and tourists to come to the Province from other countries. These had the courtesy and attention they require and are not only induced to come, but also to cause their friends to do likewise, and the ADVANCE is, therefore, pleased to be in a position to assure its numerous readers that the Royal, at St. John, is in a first class hotel in all respects and superior to any other of the many excellent ones in our larger Maritime cities.

Mr. Thos. Clarke read the report of the Primary Department—Superintendent, Miss Helen McLeod. This was the first report in progress in this important department. A large number of symbols used by primary workers were exhibited and explained by Mr. Clarke and an interesting discussion followed.

Mr. Thos. Clarke, Miss Bennie McNaughton, Rev. G. M. Young, Miss Helen McLeod and Mr. D. P. MacLachlan were elected to represent the county at the Provincial Sunday School Association to be held in St. John on October 17-19.

The convention closed Friday evening. Rev. D. Henderson gave an address, "From the Sabbath School to church membership." Rev. Mr. Lucas spoke on "The Royal Hotel." The Rev. Mr. MacLachlan gave the closing prayer.

Mail Route for a Brief Holiday Trip.

The Canada Eastern Railway has opened to the tourist and sportsman, from the very heart of the province. It runs through the valleys of the Nashwaak and Miramichi, two of our most beautiful rivers, and the scenery along the route is of the grandest, while the fishing and trapping grounds for big and little game are of the most extensive.

The railroad offers many other attractions that should make it a popular resort, not only for our own people, but for the thousands of strangers who annually visit New Brunswick. It passes through the finest timber and cotton king of Canada. From St. John no more delightful trip can be planned than up the international to the North Shore. It passes through the finest Eastern to Fredericton and home by the C. P. R. or by boat down the river. This trip can be reversed, and is equally pleasing.

Best Hotel in the Maritime Provinces.

The opening of the new extension of the Royal Hotel, St. John, which took place on the 15th inst., has given an impetus to the travelling public. The enterprising proprietors, Messrs. Raymond & Doherty have now the largest and most complete hotel in eastern Canada, which is fully up to the times in every respect and a credit to the province.

The enlargement of the favorite resort has been effected by including the Aning estate building on the corner of King and Gormain streets, to which a story was added to make its elevation and design uniform with the original building. The new part of the structure now presents a united and imposing appearance with its rich and massive details of exterior finish.

It is, however, in its interior arrangement and appointments that the genius of an experienced proprietor, aided by the best architectural and constructive talent procurable has been demonstrated. A representative of the ADVANCE who has long made the Royal his headquarters when in St. John, spent an hour in an inspection of the whole establishment, and was so impressed by the beauty of the new part that he noted that the recently acquired Aning building portion was being fitted up with special regard to the accommodation of the lady guests of the house. The ladies' parlor, on the second floor, is a most beautiful and elaborately fitted up. There is a fine view of both streets from the large plate glass windows. Its white and gold mantel—the largest, perhaps, in the maritime provinces—brilliantly toned walls, mirrors, hangings, pictures, ornaments, furniture, piano, etc., combine to make it the ideal of elegance and comfort.

There is a telephone room for the special convenience of the ladies, and this part of the new part is a most beautiful and elegant electric elevator which conveys guests to all the floors of the whole establishment.

The enlarged dining hall is a most important feature of the hotel. It will accommodate one hundred and fifty persons and is the largest in the province. Its walls and ceiling are done in robin's egg blue, with gold and colored elaborations, and the introduction of ample light makes the place perfect for its important purpose. There are four rooms for the use of the ladies, and there are four in the new part of the hotel connected with its sleeping rooms of which there are twenty four in all. These bath rooms are for the private use of the guests occupying the rooms with which they are connected and are in addition to the bath rooms and closets for guests generally. The new rooms, which are arranged in suites, are large, well lighted and elaborately finished and furnished, the carpets of the best fabric—Wilson, Axminster and Brussels—the beds are made up by the best of the province, and the beds are imported from the Royal.

The stairs leading up from the ladies' entrance on Gormain Street are of white marble and the vestibule and landing of tiles in mosaic.

The recent additions, together with the great improvements made by Messrs. Raymond & Doherty since 1894, which consisted of the gentlemen's sitting room, down stairs and their parlor up stairs, the billiard and pool rooms, the barbers' room, etc., besides the addition of an upper story over the whole house, have effected a thorough transformation and perfected the Royal as one of the best hotels in Canada. It has now 115 sleeping rooms, is heated throughout with hot water, lighted by both gas and electricity and has the best modern appliances for protection against fire and means for the escape of guests in case of an emergency. It has a special fire service pipe extending from cellar to roof with fire hose for immediate use on every floor, besides a supply of chemical fire extinguishers in every available place.

No hotel or household either, for that matter, can be perfect without a well-arranged and properly ordered kitchen. In this respect the Royal is thoroughly equipped. It has a new steel range about twelve feet long, and galvanized steel ovens for pastry and cake baking, the best modern devices for ventilation by which the odors of the cooking are carried away and the room cooled. The arrangement of the various utensils is of the most perfect. The kitchen is so arranged that the artist is not to be found exclusively under the public eye at the Royal, while scrupulous cleanliness prevails everywhere.

Within the building and communicating with it is the well-appointed ticket office of the C. P. R. and also the drug store of S. McDiarmid.

Waiverted.

LONDON July 14.—The Diggers News, the Boer organ in London, has received the following despatch from Johannesburg, dated July 14: "A cable despatch from the British government has been received by the Transvaal government conveying a cordial message of warm approval of the Volksraad's franchise proposal. The message also suggests minor alterations and tenders friendly advice."

"The Transvaal, in replying, gratefully accepts the suggestions of the Volksraad of the reform bill now before the Raad has been deferred in accordance with the British cabinet's advice."

"As a result of this development the peace party has come out triumphant and the question regarding the Johannesburg despatch to the Digger News, said there was not a word of truth in it from beginning to end."

Japan's New Treaty.

WASHINGTON, July 16.—A new treaty between the United States and Japan goes into effect to-morrow, at which time also new treaties between Japan and nearly all countries of Europe and some South American republics also go into effect. It is an event of far-reaching importance in the relations between Japan and the United States, as it does away with the treaty methods which have been in vogue for nearly fifty years, and substitutes an entirely new method of procedure. The same is true in the relations of Japan with other countries.

Taken as a whole, the many treaties which go into effect to-morrow place Japan on an entirely new footing with the world at large, as she is recognized for the first time as an equal in every respect.

The treaty with this country was made November 22, 1894, in Washington, between Secretary Gresham and Minister Kuroda, who then represented Japan here. The changes it made were so far-reaching that it was decided that the treaty should not go into operation until July 17, 1899.

Shipping News.

PORT OF CHATHAM.  
Entered from Sea.  
July 17.—St. Regis, 463, Johnson, Baltimore, J. H. Dyer, pilot.
