THE STAR, ST. JOHN, N. B. WEDNESDAY, JULY 31, 1907

A CUSTOMER'S REASONABLE WISH IS THIS STORE'S PLEASURE.

DYKEMAN'S.

A GREAT BIG SHIRT WAIST SALE.

We have secured a large number of White Lawn Shirtwaists at the lowest prices that these goods have been sold for by any manufacturer. They are the manufacturer's wind up and are good fitting waists, stylish and of this year's make. The sizes run from 32 to 42.

We Will Place Over 800 Waists on Sale
On Friday Morning.

There will be about 100 WAISTS on sale at 19 CENTS. These waists are finished with lace insertion and are made of fair quality of lawn, all sizes.

At 25 CENTS, about 200 WAISTS with rows of lace insertion and tucked trimming, made from English Lawn, three-quarter sleeves.

At 35 CENTS, these waists are trimmed with three rows of insertion, are tucked back and front, three-quarter sleeves, stylish and of good quality.

At 39 CENTS these waists are trimmed with two rows of embroidered insertion and are tucked back and front, three-quarter sleeves. The other prices are too numerous to mention, they run from 19 cents up to \$1.25.

A lot of cream, brown and black LUSTRE WAISTS are marked 65, 75, and 85 cents. A lot of PETER PAN LUSTRE WAISTS in cream, a very latest affair, worth \$2.00, on sale at 55 cents.

LOCAL NEWS.

Miss Frances Fredericksen of Boston, Mass., is visiting her aunt, Mrs. L. R. Ross of the Union Depot.

The St. John Tennis Club tea, which was to have been held this afternoon, has been postponed until tomorrow.

Steamer Ocampo, of the Pickford & Black line sails from Bermuda at five p. m. yesterday for St. John direct. She will be due here on Saturday.

The Lake Erie passed Brow Head at 10 p. m., July 29th. The Empress of Japan arrived at Hong Kong, July 29th, from Vancouver.

Latest advices received by the Pickford & Black agents here regarding the wrecked steamer Orinoco confirm the report that she will be a total loss. The vessel as she lies off Seal Island is now being stripped, and the fittings will be sold by Lloyd's agent. There is no definite word about the saving of any of the cargo consigned to St. John.

The funeral of Arthur LeRoy Wright took place this afternoon at 2.30 from his late residence, 13 Hospital street. Rev. Dr. W. O. Raymond conducted the service and interment took place in the Church of England cemetery. The pall-bearers were companions and members of St. Mary's Band: Fred Doherty, Herbert Barton, Harry Barton, James Raftery, William Knowles and Albert Smith. Among the many floral offerings sent by friends was a set piece from St. Mary's Band.

A freshly stocked and up-to-date grocery, provision, meat and fish store will be opened tomorrow at the corner of King and Ludlow streets, Carleton, by Messrs. Fred Silliphant and Frank Woodland, and from the look of the premises and the quality of the goods it would appear that these enterprising young men will be eminently successful. Mr. Silliphant was formerly with W. C. Wilson, druggist of West End, and Mr. Woodland was formerly employed by Harry McBeath, the Charlotte street grocer, in the city proper.

MANUAL TRAINING

SCHOOL FINISHED

All is Now Ready for the Opening Next Month.

T. B. Kidner Expected Shortly — The Fittings of the Building are in Every Way Up-to-Date.

Work has now been completed on the manual training hall on Waterloo street, and the school will open shortly after the fall term begins in the public schools. The building, which formerly was the old Benevolent School has been rebuilt and is now one of the neatest and most tastefully designed halls in the city. The carpenters, painters and masons completed their work several weeks ago and since then the manual training benches have been placed in the rooms. On entering through the main door, the first room is to be used by the domestic science class. This room is a large one and will comfortably accommodate thirty pupils. Next to the domestic science room the lavatory is located. It is fitted up with the latest improvements. Upstairs are the manual training rooms. These are two in number, one fitted up with twenty-two benches and the other with eighteen. The rooms are well lighted and ventilated. The working benches are of the latest pattern and were manufactured by Chandler & Barber, of Boston. In each room are several cabinets. The pupils will be given one each, as a place to keep their drawings. The building will be heated by stoves. J. S. Hill, janitor of the Benevolent school has been appointed to look after the manual training building. He is at present engaged in installing a bell service from Central school into the new building. When wanted in either place, the teachers will only have to press a button to summon him. Electric lights will also be installed before the school opens.

The contractors who had charge of the different branches of the work were: James Myles, carpenter work; Robert Maxwell, masonry; and Robert Massee, painting.

It is expected that T. B. Kidner will soon visit the city to make arrangements for the opening of the school.

WILL GO OUTSIDE FOR

THE NEW DIRECTOR

None of Those Who Applied are Likely to be Accepted by the Council

A committee composed of Ald. Bullock, Baskin, Pickett, Holder and Willet was chosen at the meeting of the Board of Works' last evening to consider the matter of the appointment of a director and city engineer. The members of the committee are to consider the qualifications of those who have applied for the vacancy, and are also empowered to determine the qualifications of other gentlemen eligible for the position who have not made application.

From the expressions of opinion last evening it would seem as though none of the applicants are entirely suitable to the majority of the members, and it is not unlikely that the committee will recommend the name of some engineer who has not been spoken of as an applicant.

SAYS HE'S THE NEXT OLDEST AFTER DR. WILLIAM BAYARD

Dr. I. W. Doherty, the Veteran Physician of Rexton, Will Celebrate His 76th Anniversary Tomorrow.

It is now seventy years since Dr. William Bayard was graduated from Edinburgh University as a Doctor of Medicine. During those seventy years he has practised continually in this city. On August the first, 1837, he received his degree and tomorrow the members of the St. John Medical Society will fittingly honor the anniversary of their oldest member.

The members will assemble at Dr. Bayard's residence tomorrow afternoon at four o'clock, when Dr. T. H. Lunney, president of the society, will, on behalf of the members, present Dr. Bayard with an address of congratulation and esteem.

Dr. Doherty, of Rexton, N. B., who, after Dr. Bayard, is the oldest resident registered physician in the province, will tomorrow celebrate the seventy-sixth anniversary of his birth. He has written to the president of the society in reference to Dr. Bayard's anniversary. His letter shows what obstacles had to be encountered by the practitioner of half a century ago and voices the sentiments of all old friends in congratulating Dr. Bayard on the great work he has done in the interests of his chosen profession. The letter is as follows:

Rexton, Kent Co.
July 30th, 1907.

Dear Doctor—
After Dr. Wm. Bayard, who is about to celebrate seventy years of good and faithful labour in the noble calling of his profession, I claim to be the oldest resident registered physician in the Province. On the day (Aug. 1st, 1837) when he took his degree, was my sixth birthday anniversary.

Many years ago I had the benefit of Dr. Bayard's mature judgment and advice at the bedside of my dear departed father, when the doctor had to drive from Shediac to South Branch, Kent Co., this being long before the time of the Intercolonial Railroad or automobiles.

For many years I have followed with pleasure his arduous career in his several endeavors to advance the standing of the medical profession in the Province and establish institutions and laws for the better care and treatment of those requiring it.

The first of August, 1907, being my seventy-sixth anniversary I find I must spend it with my family and cannot, when presenting Dr. Bayard with testimonials of congratulation and esteem, be with you in the body but will be in spirit and it is my wish that if possible, by proxy, my name be affixed to any document of appreciation and congratulation presented to Dr. Bayard on the occasion.

Yours Very Truly,
I. W. DOHERTY, M. D.

T. H. LUNNEY, Esq., M. D.,
St. John, N. B.

Y. M. C. A. CORNER

STONE TO BE LAID TODAY

Major Sears Will Officiate and Ceremony Will be a Simple One

At four o'clock this afternoon, when the laying of the corner stone of the new Y. M. C. A. building will take place. The public are invited to attend and it is expected that a large number will be present. It has been decided that, owing to the surroundings, the ceremony will not be elaborate. Major Sears will officiate and is expected to make a lengthy speech. His worship will place the stone after which several officers of the Y. M. C. A. will speak.

In the corner stone a cavity has been made, in it will be placed a wooden box containing on parchment the names of the members of the building committee, board of management, board of trustees, officers of the ladies' auxiliary, and the names of subscribers to the building fund.

Among those who will probably speak at the ceremony are L. P. D. Tilley, T. H. Somerville, Frank White and others.

Work is progressing rapidly at the building now. The foundation has been completed.

DR. FALCONER SPEAKS

TO THE CANADIAN CLUB

Dr. R. A. Falconer, president-elect of Toronto University, spoke before the Canadian Club last evening. His address was a capital one, being in the main an appeal for clearer public life and a more efficient common school.

In touching on local conditions he said:—Is not what you are doing at Sand Point, but what you are doing to your boys and girls, which is the true test of your progress?

He expressed himself as favorable to Maritime Union, and in this he had the support of the majority of his listeners.

In speaking further of education, he referred to the salaries of those in the teaching profession, and emphasized the fact that for the continued performance of good work it was necessary the teacher should receive a salary sufficient to keep them in the profession.

Dr. Melvin moved the vote of thanks to Dr. Falconer for his address, and in seconding it Dr. Alward referred favorably to the proposed All Red Line, which subject had been touched upon by Dr. Falconer. During the evening Dr. Bayard was made an honorary member of the club.

Car No. 87 ran into a sloven driven by Richard McCrossin, of the west side, this morning, smashing one of the rear wheels of the truck. Mr. McCrossin was driving across the track at the time and his horse narrowly escaped injury. The car was not damaged. Mr. McCrossin is employed as a teamster for the New Brunswick Southern Railway Co. and his truck load was thrown on the street. Repairs were made after which the street was cleared up.

MEXICO CITY, July 31.—Frederico Gamboa, Mexican Minister to Guatemala, arrived in the capital last night. He was tendered an enthusiastic reception. Mr. Gamboa refused to discuss affairs in Central America.
