

REPORTS OF TRIAL WERE GARBLED BY SUBSIDIZED PRESS

Wm. C. Haywood Central Figure in Stunenburg Murder, Speaks Of The Case—Going To Springhill.

Wm. C. Haywood, one of the central figures in the famous murder trial at Boise, Idaho, a few years ago, when prominent labor leaders were on trial for the murder of Governor Stunenburg, and who was acquitted after being in jail for eighteen months, arrived in the city yesterday and before leaving the Maritime Provinces will deliver an address on "The Class War in the West." in Keith's Assembly Rooms.

In speaking to a Standard reporter last evening, Mr. Haywood took the ground that the proceedings of the trial had not been correctly reported, but were garbled by a subsidized press.

Mr. Haywood reveals what he claims to be the true story of the trial at Boise, Idaho, which will be delivered here on his return from the mining districts in Springhill, which will probably be on Monday next. He will leave on the early train this morning and will speak at Springhill tonight.

Struggle With Mine Owners.
Speaking of the struggle with the Mine Owners Association in the West, Mr. Haywood said:—

"The Western Federation of Miners, in its organized effort to secure living conditions for the workmen employed in the mines, mills, and smelters, found themselves opposed by the Mine Owners' Association, Smelter Trust, Copper Trust, Standard Oil and the combinations of organized greed which own and control Legislatures, Courts, and Governors, the Federal Judges and the President.

"All of these forces were called into action by the mine owners and used to crush the mine workers and reduce them to helpless slavery. The story of that struggle is a record of tyranny, martial law, bull pens, the slaughter of unarmed miners by uniformed troops employed by the Association, the destruction of the property of the Union, the deportation of workmen, and the violation of every right guaranteed to citizens by the Constitution. Finding these methods unavailing to crush the spirit of the miners and destroy their union, a plot was hatched to railroad the officials of the Western Federation to the gallows on the Pinkertons."

MRS. STEWART DENIES WARRINER STORY

Brands Statements Of Defaulting Treasurer Of Big Four R. R., As False—Broke Her Silence.

Cleveland, Ohio, Nov. 10.—Mrs. Jeanette Stewart, also known as Mrs. Ford, one of the women accused by Chas. L. Warriner, defaulting treasurer of the Big Four R. R., of having shared in his peculations by blackmailing him, declared tonight she would give the whole inner account of the \$542,000 theft when the case came to court. Mrs. Stewart denied she ever received money from Warriner.

Her suddenly making silence was caused according to her, by a quarrel which she had with another woman, who has also been mentioned by Warriner. This quarrel resulted in the attachment of Mrs. Stewart's furniture today. The officers who made the attachment were quickly followed by reporters; and in the stress of excitement, Mrs. Stewart's reserve broke down.

Will Tell Story.
"I never received a cent from Charles Warriner," she said, "and I never gave any information to the railroad about his shortage. It was another woman that did it all; a woman I thought was my friend. I knew the whole story and I will tell it in court, too."

One of the women said to be involved in the case, started to leave Cincinnati tonight, but was detained by detectives that if she left the city, her arrest would follow. She then abandoned the plan.

At present the question that is exercising the railroad officials is "what became of the \$542,000 which Warriner admits having stolen?"

Warriner says he lost in speculation in stocks and in satisfying the demands of blackmailers, but that explanation is not satisfactory to the officials.

The stock plunging of the defaulting treasurer was conducted through New York and Chicago brokers, according to his confession, but so far investigation has been unable to disclose any record of the losses he says he sustained.

BOWLING SCHEDULE IS ARRANGED

Final Dates For International Match Decided On Last Night—Will Be Played At Black's Alleys.

The schedule of games for the bowling tournament to be held in Black's alleys on Nov. 17 and 18 has been completed. Teams from Fredericton and Calais will take part besides the Marathons, Victoria alley team and Black's alley team, of St. John, the latter the present holders of the trophy. Fredericton has a strong lineup and it is expected that they will give a good account of themselves. The St. Croix club, of Calais, who won the trophy in 1908 and who have come

TO STOP BOYS FROM FALLING INTO OLD LIFE

Governors Of Boys' Industrial Home Appointed Committee Yesterday To Investigate Systems.

At a meeting of the governors of the Boys' Industrial Home held yesterday afternoon in the Mayor's office, a committee consisting of Judge Ritchie and Mr. J. N. Harvey, was appointed to look into the systems that are enforced in other institutions of a similar character in connection with boys who have served their time, but who, on being discharged, were liable to return to their old life, its on account of unfavorable home environment. Mayor Bullock presided, and among those present were Messrs. W. S. Fisher, J. N. Harvey, R. T. Hayes, Judge Ritchie and Mrs. E. A. Smith.

A committee was appointed to write a letter of condolence to Mrs. A. MacRae on the death of her husband who was a valued member of the board.

When Boys Are Discharged.
The matter of best looking after the boys on their discharge in order that they might not go back to their old ways of life was discussed at some length.

Mr. F. E. Macdonald, superintendent of the home, in referring to the matter, stated that some boys, on being discharged, returned to their former ways on account of their home life, others went to the bad because they had no place to go, nor any employment. He referred to one boy who, when brought to the home, was so ignorant that he did not even know how to eat properly. His father was dead and his mother in the poor house. The boy turned out well, and in time improved wonderfully at the home, but when the time came for his discharge, the question arose as to what had best be done with him. If he was turned loose without employment, he would probably fall in with bad companions.

The superintendent finally obtained employment for him on a farm. He was found to enjoy the work and was able to be of great assistance about the place.

Legislation Necessary.
Those present were all of the opinion that a system should be adopted whereby the boys could be assisted on their discharge, the matter was finally left with a committee to look into and report. Before any improvements can be carried out it will be necessary to have an act of the Legislature passed.

Speaking with The Standard after the meeting, a member of the board stated that one of the chief reasons why the boys were apt to go back to their old life on being discharged was because they were not taught how to make a living while at the home. This was not done, he said, because sufficient funds were not available.

MRS. J. W. H. MASSEY DEAD AT FREDERICTON

Sudden Demise Of Popular Bank Manager's Wife Brings Gloom To Capital—Death Follows Operation.

Fredericton, N. B., Nov. 10.—The city was shocked this morning when the sad news went forth that Mrs. Massey, wife of G. W. H. Massey, the popular manager of the Bank of Montreal here, had passed away at Victoria Hospital. Mrs. Massey had been ill but a short time and for the past week had been attending regularly by her physician. Yesterday afternoon she drove to the hospital in a coach and there underwent an operation at the hands of Dr. Atherton, assisted by Dr. Bridges, the family doctor. The operation took four hours and the cause of the trouble was removed. It was a bone that had lodged in the intestines and effected a stoppage. It was thought that as Mrs. Massey was a strong healthy person, recovery was but a matter of time. She died, however, never rallied and passed peacefully away at eight o'clock this morning.

Her death comes as a great blow in this city where she had during her short residence here made many friends. Mrs. Massey was greatly beloved by all who knew her, a true mother, wife and friend and the family has the sympathy of the community. Besides her husband the deceased leaves three daughters and one son and a sister, Miss Birrell, who resided with Mrs. Massey.

Second in the other three competitions are not after it this time, and are sending their very best men to represent the club.

Following is the schedule:

Wednesday, Nov. 17.
10.30 a. m.—Marathons vs. Black's Alleys.

LOCOMOTIVE FIREMEN WANT PAY INCREASED

Chicago, Ill., Nov. 10.—Locomotive firemen of 42 railroads west of Chicago today filed demands for a wage increase of from 20 to 25 per cent.

KING'S COLLEGE LAW SCHOOL ENTERS UPON ITS EIGHTEENTH YEAR

Dr. Alward Last Evening Referred To Past History—55 Students Admitted To Bar—Officers Elected.

King's College Law School entered yesterday upon its eighteenth year. Seventeen years ago through the efforts of the late Mr. Justice Hanington and already writ large on the public utility of this city, a law school was established here, affiliated with King's College, Windsor, N. S.

When the school opened last evening at eight o'clock in the class room in the Pugsley building members of all the classes were present besides a number of graduates and visitors. Dr. Silas Alward, dean of the faculty, presided, and in opening the meeting, outlined the history of the school since its establishment. Mr. E. T. C. Knowles, lecturer on Torts, and Mr. J. Roy Campbell, secretary to the faculty, also spoke.

In the course of his address Dr. Alward referred to the successful efforts of a number of members of the legal profession in this city in establishing the school, and contrasted the ancient method of ploughing through books in a lawyer's office with the up-to-date method of imparting the law as advocated by the present day schools.

Every lecturer, he said, was a practical man, and proficient in his own subject. He recalled that of the first faculty only three members were now lecturing: Dr. A. O. Earle, the secretary and himself.

Many Distinguished Members.
The late Hon. Judge Hanington, Hon. A. G. Blair, Dr. A. A. Stockton and many other prominent lawyers and judges had occupied seats on the faculty board. Since the founding of the school, 65 graduates had been added to the legal profession. Of this number the majority were in responsible positions in their profession in western Canada.

Dr. Alward then delivered his first lecture on sales. After the lecture the students met and elected the following officers for the evening year:

Vice-President—John C. Belyea, '11.
President—J. F. H. Teed, '11.
Secretary—William Carr, '12.
Reporter to the King's College Record—H. A. Porter, '11.
Audit Committee—H. P. Saunders, '10, and L. A. Conlon, '11.

Deputy Comptroller—The president, Saunders, '10, Conlon, '11, and Wilson, '12.

At the adjournment of the meeting the debates committee met and outlined their work for the year.

NUMBER OF FRIENDLY VISITORS TO HOMES WILL BE INCREASED

Board Of Associated Charities Enlarging Scope Of Work—Many Cases Present Difficulties.

The November meeting of the Board of Associated Charities was held yesterday in the room of the Relief and Aid Society. Mr. W. S. Fisher was chairman, and there was almost a full attendance.

A resolution was passed to the effect that the board would join the Medical Society in promoting measures for better sanitation in the poorer homes in the city.

A number of cases of families needing relief or assistance in procuring employment were brought before the meeting by the secretary, and steps were taken to meet the circumstances. Some of these cases are extremely perplexing, as that of a family of small children who are not properly cared for or kept from hunger and cold by their natural protectors, and yet cannot be taken into an institution without the parents' consent.

The number of friendly visitors under the auspices of the board is to be considerably increased. Some of these ladies will have only one distressed family in their care. The visitor will undertake to go to this household as often as may be necessary, assisting, instructing and in every way of fair dealing proposed shippers and others. These varied views on the great common-carriers of the country were expressed tonight at the first annual banquet of the Railway Business Association at the Waldorf-Astoria. The association, which is a sort of self-imposed medium of conciliation between the Railways and the public, had as its guests at table tonight more than 600 men interested in railroads. George A. Post, president of the association, was toastmaster.

BJORNSSON IN FRANCE.
Paris, Nov. 10.—Bjornstjerne Bjornson, the Norwegian novelist, arrived here today for special medical treatment. During part of the journey from Christiania the novelist travelled with the king of Denmark in the king's private car. He was greeted at the station by a representative of Premier Briand.

FOUR BOYS LECTURED AND ALLOWED TO GO

Lads Under Fourteen Years In Police Court Yesterday Afternoon For Petty Robberies—Various Excuses Given.

In the police court yesterday afternoon four boys, all under 14 years, were arraigned before Magistrate Ritchie charged with petty robberies. Albert Ritchie, aged 14 and Edgar Friars aged 14, were charged with stealing a lady's pocketbook containing \$3.50 and a ticket from St. John to Boston from the Boston train on the 28th of October.

Ritchie told the magistrate he was in the train and found the bag on the floor and went through the car asking who had lost a purse, until the train pulled out.

Young Friars said he did not go to school but worked in his father's mill. Ritchie had given him \$1.50 of the money found in the handbag.

His Honor after lecturing the boys, said that he would remand them to jail until they decided to tell where they got the purse.

Charles Howard, aged 14 and Philip Traskey, together with Edgar Friars, were charged with stealing \$4.00 from the till of Worden and Reece's store, 611 Main street, last Friday night.

The boys told the magistrate that William Stone had taken the money from the till and had gave each of them a dollar.

Asked by the magistrate if they went to school, the boys replied in the negative. They had spent the money for candy and in going to the Nickel.

Mr. John Kerr appeared for Howard and told the magistrate that Howard's father was willing to make good to Messrs. Worden and Reece the amount taken and intended to send his boy to the country to live with his uncle.

Traskey's parents appeared in court and elected to have the ambulance sent to send their boy to school. Both Traskey and Howard were allowed to go.

At 7 o'clock last evening Magistrate Ritchie summoned Ritchie and Friars before him in the guard room and after giving both boys a severe lecture, gave them their liberty.

ATTEMPT TO ROB TRAIN THWARTED

Two Men Who Under Took To Hold Up A New York Train Are Arrested At Muzzles Of Revolvers.

Syracuse, N. Y., Nov. 10.—An attempt to rob New York Central train, No. 24, the American Express, between Lyons and this city tonight, was frustrated and two men were arrested at the muzzles of revolvers.

A third is believed to have fallen under the train and been killed.

The two men arrested are now locked up, charged with attempted express robbery. They said they were George Williams, aged 18 and Frank Brown, aged 16, both of Buffalo.

The American Express is generally laden with silks and other valuable goods consigned by shippers in New Orleans and other western cities to New England merchants.

Tonight there were ten cars in the train.

Car Looted.
A car on the train was looted of several hundred dollars worth of silks four weeks and two weeks ago, when New York Central detectives, William Hennessey and Frank Bognard, were ordered to ride the train between Buffalo and this city. Both were well armed, Hennessey having a double-barrelled shotgun slung over his shoulder. No signs of car thieves appeared until tonight. When the train stopped at Lyons at 9 o'clock the detectives and express messenger, R. D. Beard, noticed three men with a large electric flash lamp, walking

along the tracks examining the cars. When they reached the car in which were the express valuables, the steps and waited for the train to pull out. The locomotive was soon approaching a minute and the men were seen to enter the car.

With a skeleton key, turned the lock. A large chain still held the door and this was soon pulled from the woodwork by a claw hammer. Two men entered the car and were quickly covered by the officers' guns, and ordered to throw up their hands. Too surprised to move, they failed to obey. A second order was effective, and the prisoners were shackled. A search was made for the third man, but no trace of him could be found.

The prisoners declined to say anything about themselves beyond giving names and saying that Buffalo was their home. They also declined to give information about their companion.

Steps For Ferry Passengers.
Steps are being erected at the head of No. 5 berth to be used by foot passengers while the ferry floats are being repaired and the steamer landings there. The floats will probably be taken out on Saturday. The Western Extension is being got ready to go on the route while the Ludlow is being inspected.

The Selkirk Centennial.
On Friday morning Hon. J. K. Fleming, provincial secretary, and Mr. W. W. Hubbard, secretary of agriculture and the express messenger, R. D. Beard, noticed three men with a large electric flash lamp, walking

ALD. MCGOLDRICK SEES BRIGHTER PROSPECTS FOR NEW CITY HALL

Joint Committee Is Now At Work—Market Square A Desirable Site, But There Are Others.

Ald. McGoldrick is feeling very much encouraged in his campaign for a new municipal building. The work of the alderman for Stanley ward is already writ large on the public utility of the city but he has an ambition to rear for himself a still greater monument in the shape of a pretentious City Hall which he intends shall be erected on some desirable site in the central part of the city.

At present, a committee of six, three from the municipality and three from the Common Council are considering the matter and Ald. McGoldrick is prepared to submit to them a dazzling array of figures purporting to show that a saving can be effected. It is proposed to sell or lease the old City Hall, as an insurance or bank building, and to centralize all the departmental offices now in the various parts of the city. The provincial government, it is understood, has endorsed the idea and will remove the immigration rooms and law courts to the new municipal building.

A partial list of the offices which will be removed to a building of suitable size is as follows: Board of School Trustees; Water and Sewerage Department; County Treasurer's office; County Secretary's office; Sheriff's office and County Court rooms; Harbor Master's office; Building Inspector; Government Immigration rooms; Equity and Supreme Court rooms.

Central Fire Station.
Ald. McGoldrick points out that No. 3 fire station could be sold at a high figure and the fire apparatus centralized in the county court house which could be sold at a high price.

Here all the apparatus in the central part of the city could be stationed and no matter where the fire was the engine could get a start on a down grade. Quarters for the ambulance and the proposed police patrol wagon would also be provided in this building.

As regards the site Ald. McGoldrick suggests Market Square, but is not committed to any particular location. He proposes to fill up about 18 feet at the head of Market Slip and make space for a driveway around the building, which will probably be about 150 feet square. There would still remain the open space in the square and a handsome building it is claimed, would add materially to the businesslike appearance of the heart of the city.

**AGAIN RECOMMEND
TENDERS FOR FEED
SHOULD BE ACCEPTED**

Board Of Works Has No Place To Store Supplies—Charlotte Street, Carleton, To Be Repaired.

At a meeting of the Board of Works yesterday afternoon, the tenders for feed supplied to the department which were referred back by the Council, were again recommended for acceptance.

Ald. McGoldrick presided and Ald. Codner, Spruell, Likely, Scully and Belyea were present with the Common Clerk.

The chairman requested Superintendent Winchester to attend to Charlotte street, West end, in front of the Baptist church.

City Engineer reported that the department could only store one-half of the feed required during the year. Ald. Likely said it would be better to ask for 1,500 bushels of oats and the said Margaret Edwards Hamilton, to oats. The P. E. Island black oats in his opinion were just as good.

Ald. Scully moved that the tenders of Wm. A. Gaulton and Thomas Quinton be accepted. This was seconded by Ald. Codner and carried.

Ald. Spruell said it might pay to consider the question of storing the feed. Mr. Quinton had agreed to make a reduction if the feed was delivered all at one time.

No action was taken.

Ald. Scully was assured that Charlotte street, West end, would be repaired at once.

On motion the meeting adjourned.
