

## THE WEATHER.

8 a.m.—Fresh southerly winds, and becoming showery.  
 Toronto, June 26.—Showers have been fairly general today in Ontario but they have not been heavy except near Lake Superior. The weather has been cool in the western provinces and moderately warm from Ontario eastward. Minimum and maximum temperatures:  
 Victoria—64, 68.  
 Vancouver—58, 66.  
 Kamloops—68, 70.  
 Calgary—48, 68.  
 Edmonton—48, 70.  
 Prince Albert—45, 66.  
 Qu'Appelle—42, 56.  
 Winnipeg—58, 62.  
 Port Arthur—56, 60.  
 Parry Sound—66, 84.  
 London—69, 84.  
 Toronto—62, 74.  
 Ottawa—64, 75.  
 Montreal—62, 80.  
 Quebec—64, 84.  
 St. John—50, 70.  
 Halifax—45, 70.  
 Lower Lawrence and Gulf—Southerly winds, warm and becoming showery.

## AROUND THE CITY

**Water and Sewerage Board.**  
 The regular monthly meeting of the Water and Sewerage Board will be held at 3 o'clock this afternoon.

**Liquor License Case.**  
 The case of alleged violation of the liquor license act against Michael Harney will be taken up in the police court tomorrow afternoon.

**St. Michael's Won.**  
 In the Interscholastic League last night the St. Michael's and C. M. B. A. teams played. The St. Michael's won by a score of 6 to 0.

**Only Routine Business.**  
 The Women's Auxiliary of the Home for Incubables held their monthly meeting yesterday when nothing but routine business was transacted.

**Injured By a Bicyclist.**  
 Yesterday afternoon a bicyclist collided with a small girl on Jeffrey's Hill. The girl was knocked down and severely injured and was carried into a house on Charles street, where she recovered shortly afterwards.

**Home From Montreal.**  
 William McAulay, a well known longshoreman, who has been working in Montreal since the close of the winter port season is in the city for a few days, visiting friends and will return the last of the week.

**Not a "Row" But an "Argument."**  
 The caretaker of the Seaside Park informed The Standard that the report that there was a row at the park on Sunday afternoon was incorrect. "Some young men," he said, "had an argument with a number of children but there was no occasion to arrest anybody."

**Visitors Were Pleased.**  
 Mrs. J. K. Flemming, wife of the acting premier, and Mrs. Hetherington, matron of the Provincial Hospital, paid a visit to the Boys' Industrial Home yesterday and were greatly pleased with the excellent discipline and evidence of careful, capable management which they saw there.

**Meeting Of Chambers Lodge.**  
 The regular monthly meeting of Chambers Lodge No. 1 Royal Guards, was held in the Orange hall on Germain street. Regular business was transacted, and Ross D. Woodrow, who was the delegate from New Brunswick to the recent grand lodge meeting at Ottawa, reported. He stated that the meeting was a great success and that the order was in a flourishing condition.

**Arrested for Suspected Theft.**  
 About 9:30 o'clock last night Detective Killen arrested James Wright, a Scotchman, aged 29 years, on suspicion of stealing from Edward Edolton in the Ottawa Hotel on Friday last. The articles alleged to have been stolen are a new leather dress suit case, white shirt, black overcoat, light colored pair of trousers, and a rubber raincoat.

**The Tambourine Girls.**  
 One of the most attractive floats in the Polymorphians' parade on Thursday was that of the Tambourine Girls. D. A. Lumsay was in charge and he desires to extend his thanks to all those who assisted in decorating the float and also to the following young ladies who participated in the drill: Pearl Ramsay, musician; Clara Lipsett, Elsie Moore, Alice McKenzie, Violet Foley, Edna Hunt, Marion Roberts, Marion Lane, Gussie Lane, Lizzie Mullett, Irene Ingraham, Isabel Smith and Ada Foley.

**The Water Service.**  
 The committee appointed by the Water and Sewerage Board in the spring to take up with the underwriters the question of making a trial of the dual water service, has reported yet, and the proposition remains in much the same state as the land tax proposition. Peter Clinch, secretary of the Board of Fire Underwriters, stated last night that the insurance companies were not at all anxious to have a trial made of a divided water service. "All we want the city to do," he said, "is to stop the leaks in the conduit and renew the old and unreliable mains."

**Appreciated "Barry's" Efforts.**  
 Much of the pleasure and enjoyment which the Fitchburg Knights Templars found in their visit to St. John was due to the indefatigable efforts of LeBaron W. Thompson, the travelling passenger agent of the Eastern Steamship Company. It was Mr. Thompson who organized the trip and made all arrangements for the comfort of his charges. Nor did he stop there for when the company arrived in St. John he was their meritorious guide, introduced them to the men who could make it pleasant for them and in other ways showed his interest in their welfare. It is gratifying to know that on the return trip the members of the party passed a resolution of thanks to Mr. Thompson and in various terms conveyed to him their opinion as to just what particular sort of white man he is.

**Sale of Men's Pants.**  
 Two hundred pairs of Men's Pants for Sunday, Mondays and every day. We sell at prices undreamed of. From \$1.00 to \$2.00. If you pay you see them. D. Bassen, 14 Charlotte street.

## MR. HATHWAY'S VIEWS ON POWER DEVELOPMENT

**He Thinks Development of Water Power in Vicinity of Inglewood Should be Public Enterprise.**

Although the City Council received some months ago a communication from the Inglewood Pulp Company asking that the council postpone action on the proposition of the Hydro-Electric Company until they have an opportunity to submit a proposition to supply electric power to St. John, no further communications have been received from the Inglewood Company. Meanwhile the promoters of the proposed New Brunswick Hydro-Electric Company seem to have abandoned their project.

Speaking of the matter W. Frank Hatheway, M. P. P., who appeared before both the city and county councils to protest against the granting of the privileges asked for by the Hydro-Electric Company, said that in his opinion the best solution of the problem of developing the water powers in the vicinity to the best advantage of the public, would be for the province and city to enter into an arrangement to develop them as a public enterprise, managed by public commissions, as is the case in Ontario, Sweden and other countries. If developed as a public enterprise the consumer would be able to get the lowest possible rates, which was a consideration of great importance in a city with industrial ambitions like St. John.

The reason he thought the province should take a hand in the development of water powers and the distribution of electric current, was that while the city would only consider its own needs the province would be interested in seeing that the farmers were supplied with cheap electric current—something which would enable them to lighten their labors and brighten their existence. Mr. Hatheway is of the opinion that electricity is destined to play an important part in solving the problem of keeping people on the land.

## PERFECTING PLANS FOR TEMPERANCE BANQUET

**St. John County Temperance Federation Met Last Night and Heard Reports from Banquet Committee.**

A largely attended meeting of the St. John County Temperance Federation was held last night in the Christadelphian Hall, Union street. C. F. McTavish, president, was in the chair, and several men prominent in social and moral reform work took part in the meeting. Reports from committees in charge of the arrangements for the temperance meeting and banquet tonight in the assembly rooms of Keith's Theatre. The indications are that the event this evening will be a success. A large number of tickets have been issued and it is expected the attendance will be over two hundred.

At the meeting last night the final arrangements were completed. Rev. G. Lawson, of Moncton; C. F. McTavish, and others will deliver addresses. Harrison's orchestra will furnish music and several vocal numbers will be sung during the evening.

## THE SUMMER SCHOOL OPENED LAST NIGHT

**Successful Meeting Marks Opening of Church of England Sunday School Teachers Conference at Rothsay**

The annual summer school and conferences for Sunday school teachers opened in Rothsay Collegiate School last evening and will continue until Friday.

The attendance last night was large, over 50 being present. Fifty of the number being in residence. In the absence of the Bishop, Very Rev. Dean Schofield presided. After brief devotion the exercises, the dean welcomed those present and expressed regret at the absence of the Bishop. Rev. Canon Powell, principal of King's College, Windsor, N. S., gave the introductory lecture: "The Nature and Capacity of the Child," being the subject.

In the course of his interesting and instructive address, Canon Powell pointed out that the Sunday school teachers must pay due regard to the side of the nature of the child upon their instruction. The child has a social instinct, and the association and environment of the child must be the best possible. The influence which the teacher exerts over the child should be such as will best develop this instinct in the highest degree. As to the moral nature of the child, or the knowledge of right and wrong, the teachers must realize that he or she is dealing with a life, with a possibility of eternity; there is a responsibility to God which devolves on the teacher, in moulding the soul of the child.

The preparation of the child for rational living is a sacred duty. To know God is rational life. The child has a wonderful capacity for spiritual truth, and should be instructed in the best mode of the use and development of his own power.

The individuality of each child should be duly recognized, and the teacher have conviction and teaching must be real. The child easily detects anything that savors of carelessness, indifference or insincerity. To teach history, geography or even Bible knowledge is not the

## SWALLOWED AMMONIA IN MISTAKE FOR BEER

**North End Chinaman Badly Burned About the Throat and Mouth, as Result of Clerk's Mistake.**

There was a much frightened Chinaman in the North End yesterday afternoon. He arrived in the city about two weeks ago from China and can talk little or no English. He went to work in Hum Kee's laundry at 416 Main street and feeling dry yesterday afternoon about thinking the Mongolian to the Two Barkers' store for the purpose of purchasing a bottle of beer. The clerk is not up in the Chinese language and thinking the Mongolian wished something for cleansing clothing in the laundry, sold him a bottle of ammonia. The Chinaman returned to the laundry with the bottle and thinking it a beverage, took a drink. In an instant he knew that a mistake had been made. His suffering was intense and his screams alarmed the neighborhood. Fellow workmen in the laundry rushed into the street crying out in Chinese and broken English. It was thought the injured man had taken poison and was dying. The excitement was great as the ammonia drinker writhed about on the floor in great pain.

A hurry call was sent to Dr. C. M. Kelly, of 394 Main street and he hastened to the scene and learning the cause of the excitement, soon eased the suffering of the laundryman. Last night the Chinaman was still suffering from a badly burned mouth and throat, but was in no danger and will today be able to get at his work washing clothes again.

## HAD GOOD FISHING IN A NEW SECTION

**D. W. Clinch Had Very Successful Trip to the North Branch of the Southwest Miramichi.**

D. W. Clinch, secretary of the Provincial Guides' Association returned to the city last evening from the North branch of the Southwest Miramichi, where in company with Murdoch McKenzie he made a tour of inspection in the interest of the association.

From Beedle Brook they went by canoe to the head waters of the Miramichi. While in this section of the country, which is comparatively little known, they had an opportunity to test the possibilities for trout and salmon fishing. They succeeded in catching on the fly trout weighing four pounds, and also two salmon weighing ten pounds each, also caught on the fly.

They are satisfied that for fishing this district is equal to any; the outfit is fine, and the people of that section are beginning to realize the possibilities for trout and salmon fishing. A number of people were directed to this section last year for fishing and hunting, and report they were well satisfied.

It will be of interest to sportsmen to learn that through the efforts of Mr. McKenzie, the president of the Guides' Association, the Dominion government has agreed to stock the head waters of the Miramichi with fry.

As a result of this trip, the secretary and president of the association are not only satisfied that there are great possibilities in the section of the Miramichi which they visited, but they also discovered that despite the most stringent measures being taken to keep the streams clear of sawdust gross violations of the act which prohibits dumping of sawdust in the rivers are being perpetrated. While canoeing one of the branches of the Miramichi yesterday morning on their return trip, they discovered that sawdust from one of the mills was being dumped in the river and being carried down by the current. Although a complaint has already been lodged by the president of the Provincial Guides' Association, the matter has not as yet been adjusted.

## Boys' Baseball League.

The School Boys' Baseball League, which has been organized by W. H. Moor, of the Y. M. C. A., opens on Monday. So far six schools are represented in the league, including: St. Malachi's, Leinster Street, Aberdeen, Victoria, Dufferin and Winter Street.

## Arrested for Disturbance.

Last night about 11:45 o'clock two young men who were under the influence of liquor caused considerable disturbance near the corner of Germain and Princess streets with loud and profane language. A telephone message was sent into Central Police Station and as a result Sgt. Campbell with Policemen Rankine and McNamee hastened to the place and placed the youths under arrest.

The first train on the Grand Trunk Pacific Ry. from Prince Rupert East to Vancouver, 100 miles, went into effect Wednesday, June 14th, train leaving Prince Rupert 1:00 p. m. twice a week, Wednesdays and Saturdays, on arrival of Grand Trunk Pacific steamships. Returning following day.

The many friends of T. Fred Powers, undertaker, will learn with regret that he is seriously ill at his residence, Princess street.

Main work of teachers, but to train the soul for its higher destiny.

The conference will be resumed this morning at 7 o'clock and the proceedings for the day will be: 7:00 a. m.—Holy communion. 9 a. m.—"Half Hour" Devotional Bible reading.

9:30-10:30—Lecture by President Powell, M. A. "Preparation." 11 a. m.—Primary department work. 1:30-3:30 p. m.—Illustrated lecture by Rev. Canon Cowie, M. A. subject, The Prayer Book.

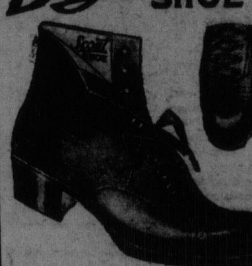

## Painless Dentistry

Teeth filled or extracted free of pain by the celebrated "HALE METHOD."  
 All branches of dental work done in the most skillful manner.  
**BOSTON DENTAL PARLORS**
