B. C. Satisfied. H. H. Stevens of Vancouver said that there had been perfect satisfac-tion on both sides in connection with the taking of the soldiers' vote for the provincial elections in British Colum-bia. The time had been extended for forty-two days after the province elec-ion for the taking of the prohibition vote. It was in connection with this vote that the alleged irregularities on which the commission had reported had occurred. He thought the oppo-rition members were needlessly alarm-ed in regard to the operation of the act before the house, because scruti-neers would be appointed in all cases.

Germans Repulsed. London, Aug, 21.—The Germans this morning made a third attempt to re-capture positions near Epchy recently taken by the British. The war office announces that they were repulsed completely. The statement follows: "Early this morning the enemy made a third attempt to regain ground recently captured southeast of Epchy. Though supported by fammenwerfer, his attacking troops were repulsed completely. "We hold all our positions. East of Epchy our troops raided the German lines on a wide front in the neighbor-hood of the St. Quentin canal and brought back prisoners. We improved our positions alightly during the night horth cf the Ypres-Menine road".

When the Canadians went over the top they saw masses of grey figures advancing towards them in the thick haze. Both sides had planned the at-lack at the same moment. Fifteen minutes after the clash came the Germans were making their last stand on the parapet of their trench. Then they retreated rapidly.
