### AMERICAN SUGAR IN MONTREAL FOUR DOLLARS CHEAPER

dian Prices up.

Montreal, Oct. 11.—Special legislation will have to be passed by the Government if the price of Canadian Sugar is to be maintained at key present level," said a local dealer this morning. A custom official added, "The anti-dumping clause of the customs act does not apply to the importing of sugar from the United States unless it can be proved that the Americans are selling for purposes of export at 1 cent less than the prevailing market price in their own country."
