NEWCASTLE

Newcastle, Jan. 30.—The funeral of Hazel, the eleven year old daughter of Mr. and Mrs. Alex. MacFarlane, whose death occurred Friday morning, was held in St. Mary's church yesterday afternoon, a large number, in spite of the bad road, attending. Deceased is survived by her parents and two sisters and a brother, all older.

The two young men arrested by Officer Hill Friday night for drunkenness and disorder, one of whom violently resisted the officer's attempt to arrest, were on Saturday fined \$10 and \$8 respectively.

Newcastle, Jan. 31.—Newcastle town council met yesterday afternoon.

The committee on the curfew bell reported lack of authority without legislation.

Ald. Butler's motions to have the property qualification for alderman abolished and income of heads of families exempted up to \$300, were lost, receiving no second.

A substitute motion to exempt all incomes up to \$200 was passed.

Ald. Butler's motion to apply for power to exempt from taxation money lent upon real estate or for industries in the town or invested in town debentures by persons other than corporations, passed.

It was decided, on motion of Ald. Morrison to apply for legislation to allow a poll tax of \$5. Now one-sixth of the total tax must be raised from polls and the poll tax for 1911 was \$2.85.

The finance committee report showed the town's net bonded indebtedness to be \$183,000, with about \$183,238 floating. It recommended new bonds for \$30,000 to wipe out floating debt and leave a working surplus. The year's business had been so conducted as to save \$2,222.29 in comparison with last year.

The police report showed that there were in 1910 eighty-five complaints to the magistrate—73 for drunkenness. Fines collected were \$922.25, of which twenty-one were for drunkenness, and the balance covered expenses was \$230.65.

The Scott Act report showed twenty-four convictions during the year, one case dropped, five dismissed; one pending. Fines collected, \$1,400.35; expense, \$181.70; balance paid to the town, \$1,218.65.

The Scott Act report showed twenty-four convictions during the year, one case dropped, five dismissed; one pending. Fines collected, \$1,400.35; expense, \$181.70; balance paid to the town, \$1,218.65.

WILL MEET HERE FEBRUARY 14

Health Officers to Take Up Recommendation for Smallpox Prevention — Many Cases on the North Shore.

Thursday, Feb. 2.

Dr. E. O. Steeves, of Moncton, chairman of the Provincial Board of Health, was in the city yesterday, on his way home after attending a meeting of the board in Fredericton on Tuesday. A number of important matters were considered by the board, among them being the smallpox situation on the north shore. Dr. Steeves said that the health officers in that district had not been very serious. He said he did not know of a health district on the north shore where there were not cases of smallpox, except perhaps in the towns of Campbellton and Newcastle. Thus far the disease had been mostly confined to the sparsely settled sections. At the meeting on Tuesday it was decided that definite action regarding certain recommendations to the government concerning the prevention and spread of smallpox in the future, should be deferred until a meeting to be held in St. John on Saturday, Feb. 14, at which health officers from the districts most involved will be invited to be present.

It is decided that the health regulations for the province, which have been revised, should be published complete to date.

In connection with a complaint about the dog fish reduction plant at Shippegan, a committee was appointed consisting of Dr. Steeves and Dr. Mullin, K. C., to inquire into the situation. The object of securing the co-operation as to the best method to pursue in having certain disagreeable conditions removed. This factory operated by the dominion government and is very beneficial to the fishermen in that locality, but there are certain disagreeable conditions existing that can be remedied by some slight alterations in the plant and mode of handling the fish, and this the board felt assured will be done as soon as the matter is brought to the attention of the dominion authorities. Those present at the meeting were: Dr. Steeves (chairman), Dr. Mullin, K. C., St. John; Dr. Sprague, Woodstock; Dr. Murray, Fredericton; Dr. Jones, Charlottetown; Dr. U. N. B.; and Dr. E. B. Fisher, Marysville, secretary.

CHURED OF CONSTIPATION

Mr. Andrews praises Dr. Morse's Indian Root Pills.

Mr. George Andrews of Halifax, N.S., writes:

"For many years I have been troubled with chronic constipation. This ailment never comes single-handed, and I have been a victim to the many illnesses that constipation brings in its train. Medicine after medicine I have taken in order to find relief, but due to my illness in the same hopeless condition. It seemed that nothing would expel from me the ailment that caused so much trouble, yet at last I read about these Indian Root Pills.

"That was indeed a lucky day for me, for I was so impressed with the statements made that I determined to give them a fair trial.

"They have regulated my stomach and bowels. I am cured of constipation, and I claim they have no equal as a medicine."

"For over half a century Dr. Morse's Indian Root Pills have been curing constipation and clogged, inactive kidneys, with all the ailments which result from them. They cleanse the whole system and purify the blood. Sold everywhere at 25c. a box."

Cure Yourself Right Now with "Fruit-a-tives"

There is just one thing that causes Rheumatism—Uric Acid in the blood. Uric Acid is formed when either the bowels, kidneys or skin fail to rid the system of waste matter. This waste, or Urea, remains in the body and is changed into uric acid. It is this uric acid that poisons the blood, inflames the nerves, and causes Rheumatism, Sciatica and Lumbago.

Grimms' and ordinary rheumatic remedies won't cure Rheumatism, as none of such preparations go to the very root of the trouble—the blood, and the vital or formative organs of the body. "Fruit-a-tives" is the greatest cure for rheumatism in the world. And we will tell you why.

"Fruit-a-tives" by its action on the bowels, kidneys and skin, prevents the formation of uric acid. "Fruit-a-tives" causes the bowels, kidneys and skin to throw off the waste of the body, and thus keeps the blood absolutely pure.

If you have suffered with Rheumatism, and dread a return with the coming of cold weather, start in at once to take "Fruit-a-tives" and thus defeat your old enemy. 50c. a box, 6 for \$2.50, trial size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

John Taylor, Business Manager of Montreal Herald, Here En Route to Boston — Landed in St. John 37 Years Ago—Likes This City.

Thursday, Feb. 2.

John Taylor, business manager of the Montreal Herald, was in the city yesterday and will leave by steamer this morning for Boston. Mr. Taylor is taking a mid-winter vacation after a year of extremely hard work, during which year came the destruction of the Montreal Herald building by fire and the necessary reconstruction following that disaster. The Herald is soon to erect a new seven-story building which will be one of the finest in Canada and Mr. Taylor when he returns from his short rest will be busy with new work in connection with the paper's new home.

Mr. Taylor landed in St. John from the old country thirty-seven years ago, and for a time he lived in Kincaid, this province. He went to Montreal many years ago and has been there ever since. He thinks New Brunswick is a fine province and St. John a fine city, and when he was told yesterday of signs of greatly increased business activity this year, he said he could not believe it and was rather puzzled to know why this city of this province had not advanced at a much faster rate up to the present time. It was easy to see, he said, that this part of Canada has many advantages and should experience great advancement in agriculture and manufacturing in the near future. "The railways will do a great deal to build up the country and progress will be rapid."

OTTAWA, Jan. 31.—An attempt today by the opposition to stop the name of the minister of Finance, S. Fielding, was defeated.

Mr. Boyce, of Algoma, motion declaring that ministers should not be the recipients of any source. He demanded that those who had subscribed to testimonial given to Hon. Mr. Fielding and admirers last winter should be named.

Hon. Mr. Fielding was indignant and declared that he had considerable emotion, and his voice broke while he was making the effort to deprive him of his recent splendid achievement.

He said that it had had intention to say anything of which was so largely personal but he feared that his sibilant

OTTAWA, Jan. 31.—The Provincial Board of Health met here this afternoon and evening. This afternoon's board considered a complaint concerning a dog fish reduction plant at Shippegan. The complaint was referred to a committee composed of the chairman, Dr. E. O. Steeves, of Moncton, and Dr. Mullin, K. C., of St. John.

Dr. Steeves, chairman of the board, was accompanied by Dr. E. B. Fisher, of Marysville, secretary of the board, at the residence of Wm. Fowler.
