A Student Murderer-Horrible Outrage at the Cornell University-The Victim of Torture at the Hands of a Secret Society.

New York, Oct. 15.

The sad death of Mortimer Leggett, a young student of Cornell University, and son of the United States Commissioner of Patents, occasions the most profound excitement in Ithaca, where the tragedy has just been brought to light.

From the intelligence received here, it appears that young Leggett was the victim of the most barbarous treatment at the hands of a number of his fellow students, who had undertaken the task of initiating him into the mysteries of a college secret society.

The usual practice of blindingfolding the candidate and cutting him with a whip-lash, and otherwise ill-treating him appears to have been carried out to the letter in this instance, and to have resulted in the most tragic consequences.

The members of the Kappa Alpha fraternity, having elected young Leggett a member, met on the bank of a creek just outside the village a few evenings since, and after ordering the candidate to step into a ring, he was seized by half a dozen masked students, his hands bound behind him, and blindfolded. He was then chased up and down the banks of the stream, while a large number of boys and girls looked on from a distance, amused at the terror and struggles of young Leggett. Suddenly two of the students in charge of Leggett disappeared with their victim. Hearing groans and cries a number of students took means to reach the bottom of a deep gorge in the vicinity, and the three unfortunate were found on an abrupt bank, lying across each other and suffering the most intense agony. It was there found that Leggett, after falling over the precipice, lay on his back, his head struck on his head, fracturing the skull, breaking the bones of the nose, and paralyzing the neck. He lived about half an hour after the fall, but was unconscious. "Take it off! take it off!" were the cries of the bystanders, and the collar bone broken and was slightly bruised about the body, while the others and students reached the bottom of the gorge, and the tragedy was over.

The slain was at once given, and the officers and students of the university started for the scene of the tragedy. Before young Leggett had been conveyed to his room, however, he expired, and his parents in Washington were at once notified of the outrageous performance which had resulted in the death of their promising son. The high-handed proceeding has occasioned the most intense indignation in Ithaca and it is thought that summary measures will be taken for punishing the murderers. The affair is undergoing the most rigid investigation by the proper authorities, and members of the secret society which is under guard in anticipation of their being held responsible for the murder.

Young Leggett was a member of the Freshman class, and his home is in Zanesville, Ohio, whither his remains have been forwarded at the request of Commissioner Leggett, who, it is expected, will go to Ithaca to prosecute the case.
