

1922 GONE

With its Mistakes and Worries, both largely due to the absence of one thing needed—**WORK.**

1923 AT HAND

With its Promises and Resolutions, fulfilled and made good by the one thing indispensable—**WORK.**

Let us all take as our Slogan,
DON'T WORRY—WORK

With the coming of the New Year we turn upon a new stretch of Life's Road.

The last Mile-post of the Old has been passed and the New stretches before us just a little uncertainly.

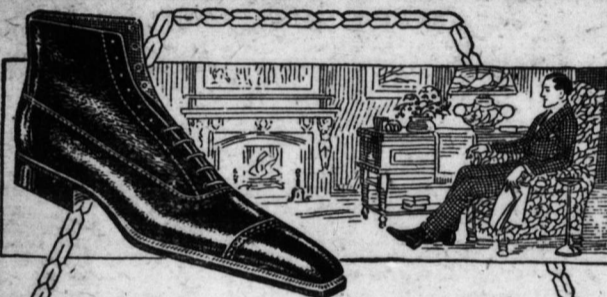

The making of the turn is an incident of some importance and it would seem as if it ought to be done with some measure of seaminess and propriety.

When we come to look it squarely in the face about the worst that can be said about the Past is that it was full of opportunities and undeserved blessings.

And about the worst we can say about the Future is that it, too, will be full of opportunities and undeserved blessings.

This store's New Year Resolution is to serve the Public as much better as is possible—Better Quality, Lower Prices, Better Service.

TOWN AND VICINITY

Anniversary services will be held in the Glencoe Methodist church on Sunday, Jan. 14th.

It is not yet time for the weather prophets who predicted a severe winter to give up hope.

A regular sitting of the fifth division court was held at the town hall on Tuesday afternoon.

Mrs. Williams will receive at the rectory on Thursday and Friday afternoons of next week.

Dr. Robert Laird, of Toronto, is expected to occupy the Presbyterian pulpit next Sunday evening.

The annual congregational meeting of Glencoe Presbyterian church will be held on Wednesday evening, Jan. 10th.

Repeated interruptions in the hydro-electric current yesterday forced the Transcript to be late in issuing this week.

The second annual convention of the Middlesex Trustees Association will be held in London on Friday and Saturday, Feb. 2 and 3.

Auto owners who apply for motor licenses are expected to fill out the application completely. It is not the duty of the license issuer to do this work.

The moving picture show was patronized by a crowded house on Monday evening. Mr. Cunningham is putting on some very attractive features this season.

Mrs. George Ramsey, of Glencoe, recently gave birth to twin sons and is now the mother of 11 boys all under 30 years of age. Her only daughter was born five years ago at the age of nine years.

The editor acknowledges receipt of many personal forms of greeting from subscribers and friends, extending the season's greetings and New Year good wishes. These kindly sentiments are heartily reciprocated to one and all.

The evening service in the Presbyterian church last Sunday took the form of a memorial for members and adherents who had passed away during the year. Don Payne, baritone soloist, of First Presbyterian church, London, sang an appropriate solo.

Glencoe intermediate hockey team were defeated two goals to one in an exhibition game at Woodstock on Friday evening. Woodstock scored their second goal just before the bell rang in the final period, which was cut short in order to allow the Glencoe team to catch the train for home.

This is "week of prayer" in the Glencoe churches, with services on Monday evening in the Anglican church conducted by Rev. A. S. Whitehall, in the Methodist church on Wednesday evening conducted by Rev. D. G. Patton, and in the Presbyterian church on Friday evening conducted by Rev. Mr. Williams.

At the annual meeting of the Guild of St. John's church, held in December, the following officers were elected:—Honorary president, Mrs. Wm. Williams; president, Mrs. Isaac Walker; vice-president, Mrs. W. Hillman; secretary, Mrs. M. J. McAlpine; treasurer, Miss Blackburn; president of Chancel Guild, Mrs. John Tait.

The coal situation is anything but satisfactory. If the weather were severe there would be much suffering as not enough coal is being received to take care of the needs of local householders. Fortunately a good deal of wood has been sold in the village and other varieties of fuel have come in, so that there is no real distress.

The death occurred at Phillipsburg, Montana, on Wednesday of last week of George William Young, brother of Chas. H. Young, of Glencoe. Deceased was born in Ekfrid township and after teaching school for a number of years took up the practice of dentistry, moving to Montana in 1889.

He was 42 years of age and leaves a wife and one son and one daughter.

Arthur Carrière, of Windsor, died in the hospital at Chatham on Saturday morning from injuries received when his automobile upset on the provincial highway the day before. Carrière was 35 years old and leaves a wife and five children. This is the third accident that deceased had with his car in the last few months. On one occasion he ran into a horse and buggy at Battle Hill when Clare Trevelin and L. D. Siddall were slightly hurt. At another time his car overturned in the ditch at Strathroy.

At the regular meeting of the Presbyterian Guild held last Tuesday evening the following officers were elected for the ensuing year:—Honorary president, Rev. D. G. Patton; president, Miss Evelyn McAlpine; secretary, Cecil McAlpine; treasurer, Mrs. Lorna Luckham; pianist, Mrs. H. J. Jamieson; assistant pianist, Miss Reta Christner; conveners of committees—literary, Murray Standing; missionary, Miss Marjorie Gillies; devotional, Miss Jessie McAlpine; social, H. J. Jamieson; membership, Mac McAlpine.

A social time was spent and the following musical numbers were rendered: Violin and cello duet, Misses McLean and Hazel McAlpine; vocal solo, Miss Irene Roth. On Tuesday evening, Jan. 2, Earl McDonald, university student, gave a talk on his mission field in the Saskatchewan district. Misses Marion and Lillian Campbell rendered a vocal duet. Next Monday will be an evening of Robert Burns.

Some Flies Before It—There are many who have been afflicted with sores and have driven them away with Dr. Thomas' Electric Oil. All similarly troubled lose no time in applying this splendid remedy, as there is nothing like it to be had. It is cheap, but its power is in no way expressed by its low price.

Systematic Field Arrangement.

Many an old farm has waste land, unproductive pastures, irregular field and fence lines and rundown soil, but still the proprietor does not become a bankrupt. The farm gives him board and lodgings, and if an early homesteaded area it has no burden of carrying charges. When these old farms come into the ownership of young and progressive men, purchased at a price in keeping with the present market values, reorganization must be effected. The reorganization will usually consist of a general cleaning up of fields, fences, buildings and trees and planning anew the old farm area to conform with the modern and necessary farm plan with its systematic arrangement of fields, straight fence lines, drained areas, tidy orchard and tidy farm yard, so different from the half-century of accumulation too frequently seen about old farm homes. Old farms are not modernized or made over in a year. Time is required to clear the stone piles and stumps away, to drain the fields, to rebuild the fences and to repair the buildings. The present day investment requires that every foot of land should be productive, and that the best arrangement and general farm plan should be such as to reduce the labor to a minimum. This is accomplished by having the farm buildings located in proper relationship to the fields, the lane and the highway.—L. Stevenson, Toronto.

Marl.

Marl is a mixture of disintegrated limestones and clay. It contains in varying proportions lime, phosphorus and potassium. There is no better fertilizer for sandy lands than peat and marl, and it is surprising that greater use is not made of this material on many farms. Small marl beds are common over the Province of Ontario, and this material can usually be obtained for the labor of excavating. From lakes and teams might be well employed during odd days during the summer and autumn period getting out marl for future applications. Crushed or finely divided marl can be directly applied to the land at any season of the year.—L. Stevenson.

Pure-Bred Makes Best Gain.

The grade hog is more profitable for the farmer than the scrub or razorback and the pure-bred is more profitable than the grade. The pure-bred gains weight faster on the same feed than either the grade or the scrub and finishes so much better for market. It invariably commands a much better price.

The bigger a hog can make of himself the more profitable hog he is. Labor saving home machinery can be replaced: women's backs cannot.

All millinery sold at greatly reduced prices. Winter goods, underwear and hosiery.—The Keith Cash Store.

The Oil of the People.—Many oils have come and gone, but Dr. Thomas' Electric Oil continues to maintain its position and increase its sphere of usefulness each year. Its sterling qualities have brought it to the front and kept it there, and it can truly be called the oil of the people. Thousands have benefited by it and would use no other preparation.
