

# Wednesday Night Movies

*This week's feature*

## DIE HARD

Wednesday, Sept. 27th  
Showtimes 7:00 and 9:30

MacLaggan 105  
Admission \$1

presented by the  
**UNB Student Union**

and

# A higher form of engineering and science requires a higher form of calculator.

The further you go in engineering, math and other technical courses, the more you need a scientific calculator that speeds you through complex problems. With 254 powerful advanced scientific functions, the TI-68 from Texas Instruments is both a smart choice and an exceptional value.

entries and results.

A convenient feature lets you

The TI-68 easily solves up to five simultaneous equations with real or complex coefficients... evaluates 40 complex number functions... and allows polar and rectangular forms for

last equation replay check your

TI-68

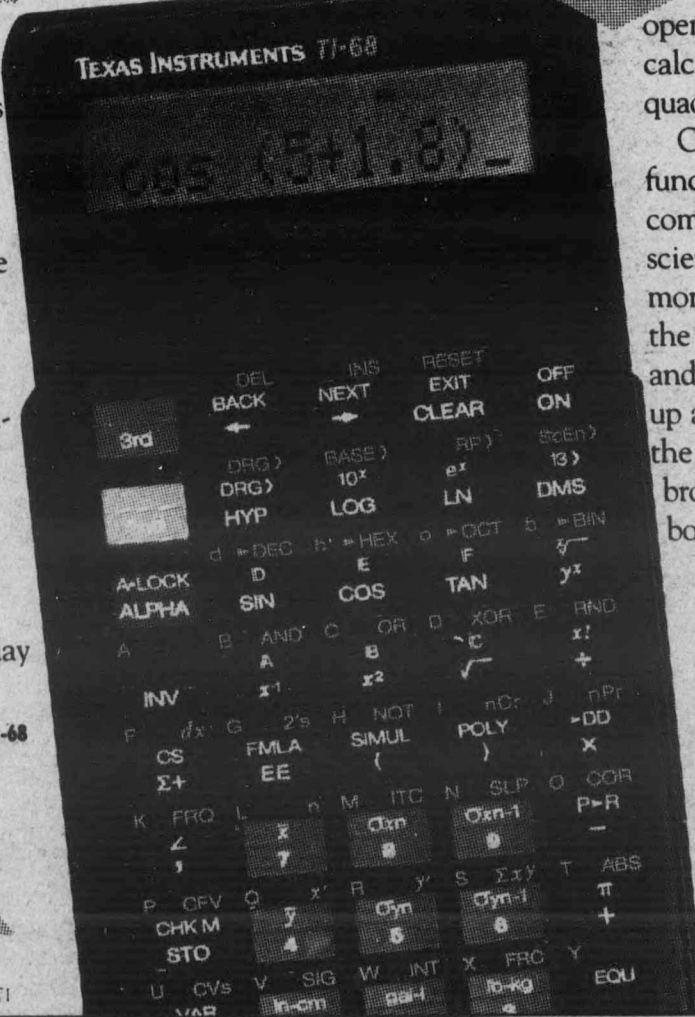

answers without re-entering them. Formula programming provides up to 440 program steps for as many as 12

user-generated formulas. Perform operations in four number bases, one- and two-variable statistics, and Boolean logic operations. The polynomial root finder calculates real and complex roots of quadratic, cubic or quartic equations.

Only the TI-68 delivers so much functionality, value and ease in one compact, advanced scientific tool. For more information on the TI-68's features and functions, pick up a free copy of the TI-68 technical brochure at your bookstore.
