Berlin Short Wave. Feb ²⁶~~24~~, 1940 (In German)

Ottawa Arrests

N 305-1-4

"In Canada enthusiasm for the war does not seem to be nearly as great as the British radio repeatedly maintains. This is proved by an announcement from New York according to which the authorities in Ottawa have arrested three state leaders, including one soldier, for distributing a pamphlet entitled "Canada should withdraw from the War."

Another Short Wave broadcast from Berlin referred to the institution of income tax in Malay States and Hong Kong, adding that there had been a considerable increase in income tax in Canada. This was a way Britain had of making her Dominions and colonies pay for the war.
