

CONTENTS.

PART I.—PREGNANCY.

CHAPTER I.

	PAGE
ANATOMY AND PHYSIOLOGY OF PREGNANCY	17
Conception and Generation	17
Placentation	30
Anatomy of the Fetus	71
Fetal Physiology	80
Anatomic and Physiologic Changes in Maternal System	90

CHAPTER II.

BACTERIOLOGY OF VAGINA IN PREGNANCY	111
---	-----

CHAPTER III.

DIAGNOSIS OF UTERINE PREGNANCY	113
Signs and Symptoms	113
Differential Diagnosis of Pregnancy	125

CHAPTER IV.

LENGTH OF GESTATION	129
-------------------------------	-----

CHAPTER V.

MULTIPLE PREGNANCY	133
------------------------------	-----

CHAPTER VI.

PSEUDOCYESIS	138
------------------------	-----

CHAPTER VII.

HYGIENE AND MANAGEMENT OF PREGNANCY	138
---	-----

PART II.—LABOR.

CHAPTER I.

CLINICAL PHENOMENA OF NORMAL LABOR	145
Comparative	145
Classification of Labors	146
Clinical Phenomena	146
First Stage	147
Second Stage	151
Third Stage	155
