## A POWER on Every Farm

**T**HERE should be a power of some kind on every farm. It saves labor, time and money, and increases the earning capacity of the farm. It will work the raw material of the farm into a finished product. All up-to-date farmers agree that the modern gasoline engine is the best farm power. Our I. H. C. gasoline engine is the **best gasoline engine.** It is strong, durable, long lived and is of full rated, actual (not estimated) horse power. It is easy to operate and is easily kept in working order. It develops the maximum of power with the minimum of fuel. I. H. C. gasoline engines are made in the following styles and sizes:

**Horizontal—(Portable and Stationary), 4, 6, 8, 10, 12 & 15 Horse Power.**  
**Vertical—2, 3 & 5 Horse Power.**

Specially adapted to cutting dry fodder and ensilage, husking, shredding and shelling corn; threshing and grinding feed; sawing wood, separating cream, pumping water, etc. Indeed there is no service required of a power that will not be performed most satisfactorily by this engine. If you are not intending to purchase an engine now, you may want one in the future and really ought to know more about them.

Call on the **International Agent for information or write nearest branch house for catalog.**

**JUST ONE roof is required when it's Carey's, for the Carey roof lasts as long as the building stands. Send us your address. We want to tell you why**

### CAREY'S Flexible Cement ROOFING

affords the best protection for all farm buildings. The Carey roof is fire resisting, wind and water proof, and is unaffected by heat or cold. Because it is everlasting, requiring no patching, Carey's is by all odds the most economical roofing on the market. It is suitable for steep or flat surfaces; is easily and quickly laid on new buildings as well as over leaky shingle or metal roofs without removing same. Our patent lap covers and protects nailheads.

Write for free sample and beautiful booklet, which fully describes this wonderful roofing.

### FARMING WITH A TELEPHONE PUTS YOUR FARM ON A BUSINESS BASIS

Farming is a business and should be considered so. Nothing will aid you more in systematizing your farm than a telephone. With the aid of a telephone you can communicate at any time with your grain, stock and produce buyer, your bank, your station agent, your implement store—in fact, everybody with whom you have business relations. Think of the time and energy saved in calling over the telephone for the market quotations, which will enable you to buy and sell at an advantage. What a blessing to you to order broken parts for your machinery by phone. And the trips to town which are saved. All this means convenience and less work. With a telephone you can run your farm like a business. You can get all the profit there is in the business of farming. The telephone makes farm life pleasant, it brings you nearer to your neighbors. You can talk with your friends any hour of the day or night. You can instantly send an emergency call for a doctor when the life of a loved one is in danger. Don't think because of these many advantages that the telephone is expensive. It costs very little to have a telephone placed in your home.

**Our 80-page Rural Telephone Book Sent Free**

to you will fully explain how cheaply you can procure a **Hercules Instrument of the Swedish-American make.** It also tells everything else you want to know about a telephone. Write for it right away as the supply is limited.
