THE INTEREST RATE ON INVESTMENTS

This most essential feature of a Life Company's success was thus referred to in the 1914 Report of The Great-West Life:

Interest Rate and Repayments As an evidence of the excellent financial position of Western Canada, it is pleasing to report a continuance of most satisfactory conditions in respect to investments. The gross rate of interest earned during the year was 7.88 per cent., practically the same as in the previous year, and the strength of the Company's securities was beyond question confirmed by the satisfactory receipts of interest and principal. Interest receipts alone exceeded those of last year by \$87,991.28.

The report will, it is thought, be found of unusual interest this year. Ask for a copy.

THE experience of churches using the Duplex Envelope system has invariably been that mission givings have been many times their former size without in any way decreasing the givings to current expenses. Ask any church using them. They will give you proof.

Why not put your church on a proper basis? If already using the system, get our samples before ordering.
