FIGURES SHOW BIG INCREASE

Canada's Trade is Advancing by Leaps and Bounds

Returns for June Show an Increase of \$9,428,898

Recovery from the Depression is Now Very Rapid

OTTAWA, July 19.—Canada's trade for June shows an increase of \$9,428,898 as compared with June of last year and for the first quarter of the present fiscal year, an increase of \$20,686,824 over the corresponding period of last year. The recovery from the depression which set in during the latter part of 1907 and which was reflected in the trade figures up to the beginning of the present year, has been so rapid during the past three months that imports and exports are now close to the record mark set in the summer of 1907. Imports entered for consumption last month totalled \$21,231,914, an increase of \$7,134,840 over the preceding June. For the three months imports totalled \$31,824,463, an increase of \$14,228,851; exports of domestic products during the month totalled \$21,654,000, and of foreign products \$2,661,639, increases respectively of \$1,766,639, and \$1,824,646. For the three months exports of domestic products totalled \$3,927,000 and three foreign products \$4,138,197, increases respectively of \$5,328,225 and \$2,725,614.

During the quarter of 1909-10, Canada imported coin and bullion to the value of \$2,043,322. This year for the same period the amount was only \$567,727.

BISHOP RICHARDSON

DEDICATES A CHURCH

Bishop Richardson was in the city yesterday on his way home to Fredericton. His Lordship spent a busy Sunday holding services at Mac's Bay, Musquash, and Prince of Wales. Those at the two former places were services of confirmation. Twenty-two candidates were confirmed in all. At Prince of Wales, the Bishop dedicated a new church which has been under construction for the past two years.

The church building is a pretty little structure in a fine situation. Rev. J. R. Martin is in charge of the parish of which it is the centre.

LILLIAN RUSSELL'S HATS AWE LONDON

Make the Bond Street Production Look Like Small Money

(New York Herald.)
LONDON, July 6.—Miss Lillian Russell and her sister are gladdening us with their presence. Miss Russell is here for rest only, and does nothing more exciting than take tea. Oh, yes, she does, she wears New York hats and they make the Bond Street production look like 1 and 6, which is the nearest thing to 30 cents you can say in English.

In the whole crowd in the Carlton today Miss Russell was the prettiest woman, and that's saying a lot. She tells me that her recent season in America was the most pleasant and profitable she ever had. That's saying a lot, too.

Martin Harvey is so well pleased with the results of his short season at the Adelphi and with the favor shown to his production of 'The World and His Wife' that he has decided to hold over that place for revival during his next London season, when it will be placed in the evening bill for a regular run.

Charles Dillingham prides himself on being the only American manager who ever spent a month in London without going to see a play.

"I am here to please myself," said he. "I don't get into trouble. It's my fervent wish that I will never contract the London microbes. It costs too much. Whenever I feel an inclination to leave a London theatre I take to the woods—I mean the Thames."

Marshall Wilder tells me he overheard this at the Empire the other night.

"What's his name?"
"Vasco."
"My word, he is a clever chap, what. So droll."

"Yes, that's capital."
"What's that instrument he's playing?"
"I don't quite know, but it's either a xylophone or a hautboy."

"But you know we ought to have gone to see Tree in Julius Caesar, that's better, really, than this sort of thing. Did you ever read Julius Caesar?"
"No, I never did."

"Oh, you ought to read Julius Caesar, it's excellent reading."

"I expect I shall read it some day."

"Dr. Shakespeare was such a clever chap. His people never seem to be like characters on the stage. They're such human beings. What?"

Wilder has been getting into his old lines here and entertaining ducks and such like every night. Next Monday he begins an engagement at the Palace.

The Chorus Lady will close on the 16th, having stayed in London three times as long as either Miss Stahl or Mr. Harris expected. In fact, they have to close then so that Miss Stahl can get back in time to open her American tour in Boston.

CORNING, N. Y., July 19.—T. H. Kirkendall, a farmer living near Campbell, had no confidence in banks and kept his savings of a life-time in an old trunk in his home. Today he reported to the sheriff that \$4,000, half in gold coin and gold certificates and half in greenbacks had been stolen from his hiding place. A farm hand is missing.

STOPS AT NORTON BUT FAILS TO GET MAIL

Trouble has arisen between the Railway Mail department and the Central Railway over the alleged breach of contract on the part of the famous road. Superintendent Gross is not disposed to accept excuses from the Central, and has said that he will insist upon the imposition of the fine made collectable by law. This means that at least two lines of 50 each are to be set against the credit of the road.

Failure to connect at Norton with the C. P. R. express is the charge held against the little railway. On two occasions recently the C. P. R. pulled up at Norton only to find that there was no mail to be taken in owing to the non-arrival of the Central train.

The C. P. R. people were not slow to complain of this, as they had previously realized the orders that they must make stops at Norton and Salisbury. These were given at the time of the change in the schedule to summer time arrangements, and the railway mail service insisted that the halts be made.

This forcing of the C. P. R. is also the cause of a part of the present grievance on the part of latter, as it affords the C. P. R. a chance to talk back. Another cause lies in the fact that the mail collected between Chipman and Norton is held back a day. It has all to be sorted in the post office here.

ELLA GINGLES WAS CLEARED OF CHARGE

CHICAGO, July 19.—Ella Gingles was cleared tonight of the charge of stealing lace from Miss Agnes Ewing, her former employer, but the story she told on the witness stand to the effect that an attempt was made to force her into white slavery was denounced as untrue by the jury that freed her.

MAN FROM MICHIGAN HANGED IN ENGLAND

BODMIN, Eng., July 20.—Wm. Hampton, formerly of Ingham, Mich., was hanged at the Bodmin gall this morning for the murder of his sweetheart, Emily Tredders, at St. Erth on May 2 last. Miss Tredders had refused to have any more to do with Hampton, whereupon he caught the girl around the neck and suffocated her.

Hampton submitted quietly to being bound and walked firmly to the scaffold. He did not utter a word after leaving his cell. Death was instantaneous.

COMMITTEE NAMED TO DECIDE ON SITE Tuberculosis Commission in Session

The tuberculosis commission met last evening in the rooms of the Medical Association. All members were present. Dr. McIntosh of St. John being in the chair. The other commissioners were Dr. Rossford of Moncton, Dr. Robertson of Kewick Ridge, Dr. Bourque of Richibucto, Dr. Rankin of Woodstock, Dr. McAvaney and Dr. Inches of St. John.

The commissioners discussed the question of a suitable site for a sanatorium. No choice of a site was made, however, but a committee was appointed to thoroughly investigate the merits of the various sites which have been suggested from time to time and to report.

Committees were also appointed to decide upon plans for combating tuberculosis and also for the prevention of the disease. These committees are to report at the next meeting of the commission.

JUST ONE MORE JOINT FROM MITCHELL BOOM

During the week ending July 17th there was raffed from the Douglas boom 2104 joints of logs, totalling 65,226 pieces. From Mitchell boom during the same period there came down just one more joint than from the Douglas. The pieces numbered 61,171. There were 348 hands employed at the booms during the week.

Murray & Gregory received 1,388 pieces, Randolph & Baker 451, A. Cushing & Co. 567, Steeden, Cutler & Co. 673, Hilyard Bros. 159, Charles Miller 339 and John E. Moore 137.

Tug Captain arrived yesterday with 573 joints and the Sea King and Admiral are now on the way down from Fredericton with large rafts.

The boom and towing crews are doing some of the greatest hustling ever seen upon the river, and the towboat people are now become a little apprehensive of accidents upon the river, so heavy is the amount of hauling being done.

PHILADELPHIA, July 19.—An interesting engagement just announced the information coming from Paris is that of Miss Frieda Wankmacker, the daughter of Rodman Wankmacker and grand-daughter of John Wankmacker and Arthur Heeren, the son of Count Heeren, of Paris and Hilarie.

M. Heeren is a member of an old and well known French family and recently visited friends in this city.

BACK TO WORK, STRIKERS STONE HIS DOMICILE

GLACE BAY, N. S., July 19.—There will be little difference in the outputs of today so the Dominion Coal Co. claimed today. In all about 7,000 tons was secured from collieries and banks on Saturday they state, and from the outputs at four o'clock the company were confident that the production today would be about the same. The collieries were working better than on Saturday, but a heavy rain interfered with operations at the banking stations to some extent.

Grand Master MacNeil tonight stated that from the standpoint of the P. W. A. everything was looking rosy.

Between Saturday and Monday one hundred and ninety had been initiated at Caledonia and No. 3 and a number of men would also be initiated at No. 2 in the morning, he said. At Dominion and Bridgeport the strike was practically of no effect he said, for these collieries were now running very well. There was some trouble at Reserve on Sunday night, when three or four U. M. W. and P. W. A. men got into a scrap in which the P. W. A. got the worst of it. This is the U. M. W. side of the affair. The P. W. A. men claim that a gang stoned a house in which a man named McDonald, who had seen out on strike but had since gone back to work, lived. When McDonald went to re-monstrate, the P. W. A. claims, he was greeted with a volley of stones and all the windows in his house were broken. A stone hit Mrs. McDonald, they say, inflicting painful injuries.

W. Roscoe, K.C., is here in the interests of the department of justice looking into the situation. A new tactic was introduced at one of the collieries today when a gang of strikers, armed with a megaphone horn, beseeched the men at work to come and join them. Undaunted by a succession of thunder showers, they kept this performance up from the roof until an officer of the detachment of troops stationed there went out and shooed them away. Another batch of men arrived from Montreal last night by one of the Coal Company's steamers and were taken out here in a special train.

Interest now centres in the collieries of the Nova Scotia Steel and Coal Co. at Sydney Mines, where the conciliation board which has been inaugurated into the grievances of the U. M. W. by a majority decision that the company is justified in not recognizing the U. M. W. As this is the question on which the miners of the other side of Sydney harbor have been called out, it is generally expected here that within a short time the men at Sydney Mines will be ordered out also. So far apparently no action has been taken by the district board of the U. M. W. A. The executive, however, has power to deal with the situation under the resolution by which the employees of the Dominion Coal Co. were called out and it is generally felt here that the same course which was followed at Glace Bay will be pursued at Sydney Mines. So far the management there say they have no notification of any strike and

ANOTHER PRIZE FOR CANADIANS

NEW LOVE CAUSED
ROTHSCHILD DEATH

Baron Now Said to Have Ended Life Because of American Attachment

CHICAGO, Ill., July 19.—The Tribune today has an article in which it asserted that it was not love for a poor, unknown Viennese girl that caused the suicide of Baron Oskar Rothschild in his home in Vienna five days ago. The refusal of his father, Baron Albert Rothschild, to permit his marriage to Olga Menn, the daughter of Dr. Rudolph Menn, a well known Chicago physician, is ascribed as the cause of the act.

It is declared that the young folk became acquainted after the baron had fallen ill in Chicago about six weeks ago, while making a tour of the world. He was attended by Dr. Menn, who later invited him to his home. Mrs. Menn and her daughter were decided to have gone to Europe two weeks ago.

The refusal of his father to consent to the alliance is given as the reason for his son's despondency and subsequent suicide.

WANTED \$100, GOT \$13,000 FOR CHINA

London Woman Surprised When Bidders Run Price Up at Christie's

LONDON, July 19.—Romances of salesrooms are not matters that often leak out, but a striking example occurred at Christie's Thursday afternoon, and the result was very much to the surprise of the woman principal.

Some time back she took a pair of old Chinese beakers to the famous King street salesroom, asking that they be sold. The modest estimate she put upon their value was from ten to twenty guineas (\$50 to \$100).

The beakers were included in Thursday's catalogue. Both dealers and collectors soon realized that they were fine specimens of the Kangho period. The opening bid was for no less than 500 guineas (\$2,500), and up the price went till it stopped at 2,800 guineas (\$14,000), the biggest figure yet reached this year for any one lot of old china.

"Marks is having a hard time testing his wife's will,"
"I didn't know she was dead."
"She isn't."

None of the members of the regular Canadian team entered in the Wimbledon, ten shots at 600 yards, but most of the unattached men did. Sergeant of Vancouver won first place, his score being a fine 45, his last shot going a big hit. The sergeant was tied with three others. It was shot off immediately, and the sergeant won with three more bulls. He used the Lee-Enfield rifle. Lieut. Mortimer also shot in this match, using the Ross rifle. His score was 47, but he was counted out.

The Canadian team added another trophy to its collection by winning the fabled trophy offered by the N. R. A. for the team making the lightest aggregate in the MacKinnon and Kolopole cup contests. The Canadian win was on any one, their score being 2,375, to the Transvaal's 2,370, a lead of 105 points.

"What are you so downcast over? Worrying about business?"
"Oh, no."
"Yet you seem troubled?"
"Well, I'm reading continued stories in the magazines. Keeps me busy carrying 'em all in my mind."

Capture Jubilee Trophy Offered by the N. R. A.

Unsportsmanlike Kick of Transvaal Men Not Allowed

Twenty Tie for First Place in Daily Graphic Contest

BISLEY, July 19.—Competitors are still protesting against the use of the Ross rifle, and the committee summoned the MacKinnon and Kolopole cup teams to appear before them this afternoon.

The sportsmanlike kick of the Transvaal team was not entered by the committee. The team first consisted on the removal of the "bond" from the forehead of the "bond" but claim that it should not be entered.

The committee's decision is that the bond is simply a protection to the eyesight and not a part of the equipment.

In the Stock Exchange competition the following Canadians won \$2,375,000, in thirteen places. Forst in twenty-third place; Lieut. Smith, in forty-third place; Lieut. Mortimer, in fifty-third place; Lieut. Smith, in seventy-sixth place won \$1.

In the Daily Graphic Lieut. Smith is tied with 25 others for first place, with a possible, while the other Canadian in the prize list are Capt. Sergeant of Hamilton, who is tied, winning 2; Maj. Brown of Toronto, 3; Lieut. Mortimer of Hamilton, 4; Lieut. Morris of Bowmanville, 5; Lieut. Russell of Ottawa, 6th, each winning 2; while Lieut. Mitchell of Hamilton, 11th, and Lieut. Richardson of Victoria, 11th, each won 2 1/2.

In the Graphic, seven shots at 500 yards, the scoring was almost phenomenal. The only Canadian to put on a possible was Lieut. Richardson of Victoria, and he has to shoot off for first place with 89 others, who did equally well. Capt. Forst of Vancouver was 83rd, and Lieut. Mitchell of Hamilton, 103rd, each winning 2.

In these matches not only were 34's counted out, but every man who made his inner after the second shot was numbered among the unfortunate.

In the Telegraph scores were not as high, 35's getting into the prize list. None of the Canadians put on a possible, and those to get into the prize list were Corp. McInnes, who was 22nd, and won 23 1/2; Lieut. Smith, who was 35th and won 22 1/2; Lieut. Mortimer of Ottawa, 65th, and Capt. Forst of Vancouver, who was 70th, the latter two each winning 2 1/2. The ties in these matches will be shot off on Tuesday.

None of the members of the regular Canadian team entered in the Wimbledon, ten shots at 600 yards, but most of the unattached men did. Sergeant of Vancouver won first place, his score being a fine 45, his last shot going a big hit. The sergeant was tied with three others. It was shot off immediately, and the sergeant won with three more bulls. He used the Lee-Enfield rifle. Lieut. Mortimer also shot in this match, using the Ross rifle. His score was 47, but he was counted out.

The Canadian team added another trophy to its collection by winning the fabled trophy offered by the N. R. A. for the team making the lightest aggregate in the MacKinnon and Kolopole cup contests. The Canadian win was on any one, their score being 2,375, to the Transvaal's 2,370, a lead of 105 points.
