Complaints About The Post Office

Some people who find it necessary to complain of treatment at the Post Office would like to know where the Postmaster-General keeps himself during the day? He is never seen around the Post Office. He never looks around to see how the service and system is working.

Mr. Woods may find an excuse in being mighty comfortable in his private office somewhere up in the tower of the building, but we think it more of an act of duty to mix with his officials, and to see that the General Public get what they are paying for.

Any master who is satisfied to be served by satellites and time-worshippers, and to run his business by their little one inch rule, must be held in general contempt by the boys.

Has the Postmaster-General the authority to tell two of the clerks in a certain Department that they could work at nights and HE would pay them full time? The question is "Who will pay them?"

There are on an average three "rows" in the Post Office (between the clerks) every day, while open revolt is too common to be written about. Does not the P.M.G. hear the noise up in his sanctum?

The Parcel Post and Registration Departments constitute a huge COD not through the faults of the superintendents of these Offices, but because the P.M.G. will not give any attention to certain requirements.

'Tis an honorable and old axiom that men in charge should have no favorites. We recommend the old saw to the P.M.G.

"The boy is father to the man"—and the youth, who a little time ago went upstairs as stenographer is now MASTER to a good many men.

And so the poor public groan and pay and try to bear it.

VERITAS.

PERSONALS

At the R.C. Cathedral

A very large congregation attended at the R.C. Cathedral last evening to hear Fr. Cox, S.J. preach another of his Lenten sermons on "Scandal," explaining how this scandal can be given and taught and illustrated to the undoing of the little ones. There are scandals of the tongue, of the desires, and of the action, and he pointed out particularly to parents the grave responsibility which rested upon them in the examples of goodness or of evil for the scandal of "action" was threefold criminal here. "Woe to the scandal giver," to the drunkard, the back-biter and the assassin of character—all those were guilty of the scandal which God Himself hath cursed for ever.

The sermon throughout was most interesting and impressive and was listened to with great attention by a devout and large congregation.

On Monday, Tuesday, Wednesday and Thursday mornings, as announced yesterday at all the Masses, and last night by Fr. Cox, a Special Mission Retreat will be given to the women of the Cathedral parish.

The services on Monday and Tuesday evenings too, are exclusively for women, but on Wednesday evening the usual general congregation are welcome to the church. Fr. Cox will preach at that night.

A Retreat for men will be given next week.

The weather along the line to-day is very warm and the wind westerly and temperature ranging from 15 to 25 above.

Allendale Road is in a very dreadful condition and funerals passing into the graveyard yesterday were very much impeded by the huge banks of snow deposited across the road. Snow also fell on the other side of the road, making it very difficult to pass. Allendale Road is unhappily but too well frequented.

THE NICKEL

The Nickel commences a new week with a new and splendid bill—an interesting bill—a funny bill.

This is it. Hearst-Selig News. Lord Roberts is seen in this film reviewing 1500 men from the offices and shops of great London. It is probably the last snap of the late general taken before his passing.

"The Poor Folk's Boy," is a delightful little piece of acting, and in two reels.

"His wife and his work" sounds good, and being of the Nickel it must be good.

Want to Seize Mexico

Nation Wide Group American Capitalists Plot to Divide That Country

Los Angeles, Feb. 27.—Twenty-four arrests of Los Angeles persons charged with violating the neutrality of the United States are imminent, as the result of some information furnished Federal authorities by Mexican officials investigating the alleged nation-wide plot of American capitalists to gain possession of Mexico.

More than half this number, it is charged, are implicated in the alleged conspiracy against Lower California, in connection with which Harry Chandler, the Los Angeles millionaire and owner of a million acres of Mexican land, who with six others, was last week indicated by the Federal Grand Jury.

Besides the Los Angeles men said to be under surveillance here are a number of wealthy Americans, said to be nationally prominent, and it is said the arrest of these men is imminent.

Adolfo Carrillo, Carranza's agent here, who figures prominently in exposing the alleged plot, declares that the nation-wide investigation will be pushed more vigorously, and that he will within a very short time furnish the Federal authorities with evidence which, when made public, will startle the American continent.

STEBAURMAN'S OINTMENT

To Whom it may Concern:—I was a great sufferer for months with "Cancer" and during that time was treated by no less than six doctors; all failed to do me any good.

I was advised to enter the General Hospital for treatment, and after spending one month there it was found that nothing could possibly be done for me, and I was suffering from "Cancer on the liver, and was therefore discharged incurable.

I felt I could not live much longer in such a week and painful state. My husband learned that Mr. Stebaurman was successful in curing "Cancer," advised me to try him, which I did, with the result that I am perfectly cured of this dreadful disease, and I feel it my duty to let all sufferers particularly of this ailment, know so that they may before it is too late embrace the opportunity, and be restored to their former health.

Any persons doubting this statement may call at my home, 17 Flower Hill, where I shall be only too pleased to verify or give any further information necessary.

Words fail to express my gratitude to Mr. Stebaurman.

Yours faithfully,
MRS. JAMES DARRITT.
