

GARDEN PARTY NETTED \$205

Successful Event Held at Residence of Mrs. Livingston Yesterday.

United in a good cause many prominent ladies of the city gathered at the palatial residence and grounds of Mrs. W. C. Livingston upon Brant avenue, yesterday afternoon and evening to dispense many good things, satisfactory to the inner man, in order to raise a sum worthy of the noble cause, that of the Patriotic Fund. Their efforts were entirely successful and the coffers of this splendid fund will be considerably enriched as a result of their glorious work.

The wooded lawn presented a scene of animation as the well laden stalls, in charge of gracious workers were revealed. Further away and at the other side of the residence which had been thrown open was the Salvation Army band who rendered first-class aid to the endeavors of the ladies by rendering popular music in accomplished fashion. During the afternoon a number of vocal solos were contributed by singers of local repute who included Misses Hilda Hurley, Marjorie Sweet, Bessie Johnson and Messrs. George Sweet and Whitaker.

The stalls brought in well over the amount aimed at which was a tribute to the efficiency of the salesladies. The home made cakes stall realized over \$50. It was in charge of Mrs. Hurley (convenor) assisted by Mesdames Schultz, McFarland, Ames Mair, Mitchell and Carlyle. The candy department in charge of the Junior Hospital Aid was in excellent hands and some thirty dollars was there realized.

The Military stall where ice cream and cake was sold, added well to the funds. It was in charge of Mesdames Colquhoun, Howard, Genet, Miller, Ball, Taylor and Miss Jones. It subscribed nearly thirty dollars to the total.

Soft drinks were dispensed by earnest helpers under the guidance of Miss VanNorman; they were Misses Marjorie Wilkes, Adelaide Montzambert, Gretchen Diers, Dolly and Kathleen Digby. Their "Punch" was a speciality.

A prize wheel which was sent from Montreal was given to the nearest guesser of its weight and created great amusement.

Altogether the Garden Party was a huge success and it is estimated that over \$1,500 would be added to the funds of the cause.

The receipts at the garden party were as follows:

Admission	\$ 75.40
Home made cooking	50.05
Candy	30.45
Tea room	9.40
Fruit	7.70
Refreshments	24.45
Donations	5.50
Guessing contest	2.05
Total	\$205.00

The weight of the melon was exactly 12 pounds and the party who won the contest can have the melon by calling at the residence of Mrs. Livingston, Brant Avenue.

PARIS RESPONDS TO EMPIRE'S CALL

Mr. J. H. Fisher, M.P., Called To-day to Say Good-bye to Battery Men.

Mr. J. H. Fisher, M.P., of Paris, was in town to-day bidding farewell to the Paris men in the battery contingent, which left at 11.30 for Valcartier. Mr. Fisher told the Courier man at the station that one of the contingent is a married man with a wife and two children. He served in the South African war, and after reading of the reverse of the allies this week came to Mr. Fisher and said: "I must go to the front. I can't stay here any longer." Mr. Fisher replied, "Bill, you have a wife and family." "Yes," replied the man, "but you will have to look after them, I'm wanted to fight for the Empire." Needless to say, the member for North Brant assured the loyal volunteer that Paris would look after the family and look after the reverse of the allies.

Mr. Fisher is leaving for Valcartier on Wednesday to bid a final farewell to the Paris boys going to the front. If his duties will permit, Mayor Spence will accompany Mr. Fisher. So also will Mr. R. Thompson of Paris, who has a son in the contingent and two or three other Parisians.

This morning six Parisians came down to enlist at the armories, but did not succeed in passing the medical examination.

With the City Police

The business of the police court was not of a lengthy character this morning. There were twenty-four poll tax summonses answerable, but in many cases the defendants had squandered up.

Two brothers, John and Adria Rowley were charged with breaking hydro electric lights. The evidence of one witness against them was that he had seen them during old home week beside the canal by the Mohawk. In addition, together they had bathed. Upon getting upon the banks the brothers threw wstones at the lights and broke two. Witness, who was on the opposite bank shouted to them, and they laughed derisively. He knew the defendants, Mr. Rowley, father of the boys, however, swore that on that particular day he and the boys were together and they had never bathed or broken lights.

The magistrate said that although he would dismiss the boys because of their father's statement, he was sure that they had broken the lights, and this being the first case of its kind, must act as a warning to all boys in the future. He would deal summarily with the next offender who was brought before him.

An Invitation to Sickness

Impure Blood Means a Breakdown in Your Health

Impure blood is an invitation to sickness. The blood is at work day and night to maintain the health and any lack of strength or purity in the blood is a weakness in the defence against disease. Anaemia is the doctor's name for lack of blood. There may be an actual loss in the quantity of the blood, or one or more of its constituents may be lacking. Its truest symptom is pallor. Anaemia is particularly common in young girls. It is not however confined to them alone, for it is this same lack of blood that prevents full recovery after la grippe, fevers, malaria and operations. It is also present in old age and in persons who have been under unusual mental or physical strain. If you are suffering from this trouble, take Dr. Williams' Pink Pills for Pale People. They make pure new blood with every dose and this new blood means health and strength. Thousands have proved the truth of these statements, among them Mrs. Minnie Barteaux, Annapolis, N. S., who says: "Following the birth of my third child I was a complete wreck. I felt and looked as if I did not have a drop of blood in my body. My heart would palpitate so violently that I could not walk upstairs without being completely exhausted. Night after night I would have to sit up in bed to get my breath. I had no appetite and suffered from severe headaches. I was taking doctor's medicine all the time and naturally felt very much discouraged. While in this deplorable condition my husband brought me home a couple of boxes of Dr. Williams' Pink Pills and before they were gone I could feel some improvement. I gladly continued their use until I had taken, I think ten boxes, when I was completely cured, and I never was so well in my life as I have been since."

Dr. Williams' Pink Pills are sold by all dealers in medicine or will be sent by mail at 50 cents a box or six boxes for \$2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

ANOTHER GIFT

MONTREAL, Aug. 28.—The Merchants Bank of Canada has given \$25,000 to the Canadian patriotic fund and \$5,000 to the Canadian Red Cross Society.

Mr. Joseph Shuttleworth, who has been sending the past year or so in England, has not only given his motor for the use of the Imperial Government but is himself acting as chauffeur. Another former Brantford family now living near Bournemouth, on the south coast of England, has put all their beautiful lawns under cultivation, planting them with vegetables for the poor.

Mrs. Geo. Watt who in company with her father and mother, Mr. and Mrs. Jennings of Toronto, and her sister has been touring Europe, returned home last evening. She reports a most delightful trip, although the termination of course, was marred to some extent by the breaking out of the war. Mrs. Watt was a delegate to the Women's Council in Rome. Afterwards she spent two weeks at the Vice Regal lodge, Dublin, the guest of the Countess of Aberdeen, who has again been re-elected president of the World's Council Mrs. Watt and party came over on the Grampan which was at first questioned by the Imperial Government for transportation purposes, but subsequently released. The trip over was uneventful but quite exciting as the Grampan was not once out of wireless communication with the five British warships which are patrolling the Atlantic trade routes.

The originator of the tribe is traced back to the eighteenth century when the French Fancher and the Scotch Walker united founding the tribe. Vermont was the first place of settlement, but with the opening of the nineteenth century the members were scattered and settled in various parts of the North American continent.

The reunion is but the natural trend of human nature and this reunion serves as a pleasant reminder of the strength and unity of family ties.

The programme rendered has been a most varied and interesting one which has been enjoyed in its completeness by every member of the gathering.

Numbered among those present are some talented men and women and they include Rev. Walter Fancher and Dr. Bert Walker both of whom gave splendid addresses upon different subjects to the assemblage at the Walker home.

Miss Marie McLellan Stehle and Dr. F. E. Walker have added to the entertainment with brilliant discourses.

Yesterday was the day of the annual banquet at which Toastmaster J. C. Walker presided. The toasts of "The Past," "The Present" and "The Future," were well proposed and excellently responded to, and a very happy time was spent.

To-day is the picnic day and a fine programme of games and sports will be participated in by the gathering at Mohawk Park.
