## Cleveland Loses, But Tris, Speaker is Star

Cleveland, O., April 18.—Stanley Coveleskie, brother of the "Giant Killer," made his debut as an Indian pitcher yesterday and for eleven innings held Cunningham even at one run all. The break came in the twelfth when Turner missed Crawford's easy grounder. Heilmann followed with a double, scoring Crawford. The Tigers scored again before being retired. Speaker started at bat with four singles, while Heilmann made two doubles and a single.

## Leafs Beat Cubs in Their First Game

Poughkeepsie, N. Y., April 18.—The first appearance of the Leafs in a game of ball this season here on Saturday was highly satisfactory to Manager Birmingham. The Leafs tackled the speedy Henriquez Cubans and beat them 4 to 2. The Leafs are recently from the Island republic, where they have been playing all winter. Saturday was the first occasion this season on which the Leafs have seen a curve ball. Nevertheless they hit hard and consecutively fielded with unexpected dash and ginger.

Baltesteros, the Cuban pitcher, delivered an assortment of curves and fast balls that would do credit to any major leaguer. He was accorded strong support in the field. Manning pitched five innings for the Leafs with Kelly catching, which the young McQuillan went to the mound.

## Walter Johnson No Puzzle to Red Sox

Boston, April 18.—The Red Sox knocked Walter Johnson out of the box yesterday, making five hits in a row, one a double, in the sixth inning and winning 5 to 1. The Senators' on-base marker came in the eighth on two passes and a single by Milan. Rain stopped the game immediately afterward. Ruth was in fine form, and although hit rather freely, tightened up whenever in danger.

## White Sox Pull Out a Win in Eleventh

Chicago, April 18.—It took eleven innings for the White Sox to defeat St. Louis yesterday, 6 to 5. Fielder Jones' men started out with three runs in the first inning and followed with one each in the second and third. Three healthy swats by the Sox sluggers brought in three runs in the fourth, followed by one more in the fifth. The Sox tied the score in the ninth, and in the eleventh, with Eddie Collins on third, Lynn batted for Leibold and singled, Collins batted for Leibold and singled, Lynn batted for Leibold and singled, Collins batted for Leibold and singled.

## Keating Comes to Terms With Yanks

New York, April 18.—Ray Keating, the spitball pitcher of the New York Americans, accepted terms with Manager Donovan yesterday, and notified the officers that he had mailed his signed contract.

## Dalton Not For Reds; Trouble Over Salary

Cincinnati, April 18.—The deal in which "Jack" Dalton, the outfielder of the Buffalo Federals, was to come to Cincinnati, will be called off, according to an announcement made by President August Herrmann at the ball park here yesterday.

## Short Right Field Stand Suits Baker

New York, April 18.—J. Franklin Baker threatens to bust all existing home run records this season. The fact that he's with the Yankees entitles him to play 77 games in the Polo Grounds. That means that he'll have about 30 chances during the season to belt the horsehide into the short right field grand stand.

The grand stand in the Polo Grounds.

Grounds is situated to Baker's liking. Oftentimes in the days when he was an Athletic he lammed home runs into that portion of the seating capacity. On other occasions he walloped the ball against the front of the stand for safeties.

Baker was quite a long distance clouter in the days when he played only eleven games per season in the Brush ball yard. His slugging power probably will be enhanced by the fact that he'll have seven times as many chances this year to drive the ball in among the patrons of the pastime.

## Pirate Hitters Have Real Busy Afternoon

Cincinnati, April 18.—The Pirates knocked Dale out of the box in the first round yesterday, when four hits, two bases on balls, a stolen base and a sacrifice fly scored five runs. They continued their onslaught on Moseley in the second inning, scoring three more runs and later in the seventh adding two more, the final score being ten to one. Kauthehn, although allowing seven passes was strong in the pinches. Score:

R. H. E.  
Pittsburg . . . 530 000 200—10 13 0  
Cincinnati . . . 000 001 000—1 5 0

## Saier's Home Run Made It Safe for the Cubs

St. Louis, Mo., April 17.—At the end of the fifth it was a one run tie for the Cubs and Cardinals but in the sixth Saier made a home run, scoring Williams ahead of him, and with two more runs for the Chicagoans, in the seventh the Cubs won 5 to 2. Vaughn and Fisher; Doak, Steele, Ames and Snyder. Gonzalez.

## BRISK BUSINESS SESSION HELD LAST EVENING BY CITY COUNCIL; COMMITTEE REPORTS RECEIVED AND APPROVED

L. E. & N. Station Plans Approved Of, and Waddell Preserving Co. Granted Fixed Assessment For Ten Years, the Mayor Stating the Dominion Inspector of Factories' Name Was "Bowly."

## QUITE A DISCUSSION OVER MOVING A FRAME HOUSE

Major Henderson Explained City and L. E. & N. Agreement Regarding the Sale of the Paris-to-Galt End of the G. V. Railway.

As anticipated, nothing very exciting or interesting came up at last night's council meeting. Chiefly routine matters occupied the attention of the city fathers. There was one rather warm display of repartee between the Mayor and Ald. Pitcher, but otherwise the proceedings were calm.

A short recrudescence of the oil debate occurred when it was announced that the bond to be supplied by the Crescent Oil Co. was yet in possession of the city. Though not formally put on record, it was finally understood last night that if the bond was not forthcoming by to-day, as promised, the city would seek oil from other sources.

A very interesting announcement came from His Worship in regard to the Waddell Preserving Co. He was talking about the Dominion Inspector of Factories. "May I be allowed to say it? His name is Bowly. Nothing will be passed over by him." The Waddell Preserving Co. will be allowed to do business, and it was granted the usual fixed assessment. A petition against it was filed. Numerous supporters of the petition were present to see the Mayor and sit in on the proceedings.

Major Henderson was present and announced that the agreement between the city and the L. E. & N. regarding the sale of the Paris to Galt end of the Grand Valley, was practically complete. The agreement was in accordance with the original proposal, except for a few minor changes which he indicated.

Chief Lewis is to have a new Ford runabout. The plans of the new L. E. & N. B. & H. station were confirmed with a few minor provisions which the companies must agree to perform.

Ald. P. H. Secord was back at the council table after a three months vacation, and was warmly welcomed by his fellow aldermen. The council maintained its good record for attendance, the only absentee being Ald. A. O. Secord, who is taking an artillery course at Kingston.

Mr. Bunnell's statement for March showed an overdraft of nearly \$50,000 at the bank.

The Brant Recruiting League asked for another grant of \$200.

Later in the evening, Ald. Dowling moved that the money be granted.

Ald. Minshall claimed that those who favored the moving did not live on Burwell street. Those who protested did live on the street.

Both parties were referred to the Buildings and Grounds committee.

The Mayor said in reference to Mr. Ludlow's opinion on the matters as to whether the petitions were proper or not, that city officials should state definitely what their opinion is, not what they think, or their belief.

There was some further discussion on the matter and it was decided that the buildings and grounds committee should look over the petitions carefully and if properly signed permission be given by the committee to move the house. It seems that if 60 percent of the ratepayers within a radius of 300 feet of the new building agree to the moving, a by-law gives the right to have the building removed without coming before the council.

There are ten ratepayers within this radius and seven have signed.

Ald. Bragg's amendment to grant the prayer of the petitioner forthwith was lost. Ald. Bragg, Hess and Melten voted for the amendment. The buildings and grounds committee will likely go down and look over the property on Burwell street; at least Ald. Wiley suggested that.

Dowling claimed that there were more than 100 properties within a radius of 300 feet of the lot in question; at any rate he wished to be satisfied that there were not.

The usual batch of accounts were paid.

PRINTING DEBENTURES.

Ald. Ward brought up again the matter of paying for debenture printing. Some of the councilmen had thought at a former meeting that they should be printed in Brantford. Investigation showed that they could not; the special paper used, etc., making special printing necessary.

FIRE AND LIGHT COMMITTEE.

The Fire and Light committee report recommended the purchase of Chief Lewis of a Ford runabout for \$495. Ald. Pitcher, in moving the adoption of the report, said that the horse now used by the chief could be utilized in the fire department.

Ald. Minshall suggested that a self-starter be put on the car.

A starter may be put on a little later on. Ald. Pitcher stated that a few extras will be given to the chief for his car by Ald. Minshall.

BOARD OF WORKS REPORT.

The Board of Works reported as follows:

1. Negotiations are being opened

with the Township of Brantford and the Steel Company of Canada, Limited, in reference to the construction of a Storm Sewer on Richardson street, to prevent the flooding of the lands on the upper parts of that street.

2. Owners of property wishing to have streets not hitherto opened paved on the list are requested to have petitions for the same placed immediately in the hands of the City Clerk as it is the intention to have this list closed not later than May 1st.

3. The Board of Works purpose making their annual rounds of the streets on Friday, April 28th.

Ald. Ward asked that the aldermen of the different wards send into the city engineer's department recommendations and suggestions of places to be visited by the Board on its annual tour of the city.

Regarding Clause One, Ald. Ward claimed a storm sewer on Richardson street would benefit chiefly the Canada Steel Co., and the Township. Therefore, they should pay most of the cost. The workmen who form the chief residents of the street would derive little benefit from the sewer and should not have to pay for it.

OIL.

Ald. Ward also announced that the bond of the Crescent Oil Co. for \$2,500 would be in the hands of the city on April 18th. The delay was because the head office of the bonding Co., was in New York.

Ald. Dowling asked the name of the bonding company.

Ald. Ward said that he had not the slightest idea. No matter what company it was the city solicitor had to approve of the bond.

Ald. Dowling said that he had seen the contract; that the bonding company was the London and Lancashire Guarantee and Accident Co. The head office for Canada of this company was in Toronto, not in New York. Either the contract had been changed, and a new bonding company chosen or else the Crescent Oil Co. misrepresented the reasons for the delay in supplying the bond.

wait until the bond was supplied.

Ald. Pitcher asked if one bond put
