IMPORTANT WIRELESS STA- TIONS ON NOVA SCOTIA COAST.

The Naval Department of Can-
ada has located four direction-find-
ing wireless stations. The stations
are at

Cape Sable
Halifax Harbor
Cape Canso
Cape Race, Nfld.

From any or all of these stations a
vessel equipped with wireless may ob-
tain a bearing while at a distance of
several hundred miles from the coast.
At ordinary wireless stations there are
no means for determining the direction
from which incoming signals are be-
ing received. At the opening of the
war efforts were concentrated on the
development of the direction-finding
station in order to locate the position
of enemy craft carrying wireless equip-
ment. An invention by two Italians
solved the problem and this has been
installed in the Canadian stations.

WILL OF D. W. B. REID.

His Estate, Valued at About \$90,-
000 is Left to Relatives.

The will of D. W. B. Reid, has been
probated, the estate, which is esti-
mated at \$90,000 being bequeathed to
relatives.

The house and property in Dart-
mouth, is left to his widow for life,
besides the income on \$15,000.

To his son, Rev. David Reid, of
Q'Appelle, is given 35 shares of British
Columbia Permanent Savings and
Loan stock and to him also goes half
of his stock in the Standard Construc-
tion Company his daughter, Mrs Ben-
vie, of Musquodoboit, receiving the
other half.

His children, John W. Reid, Rev.
David Reid, and Mrs. Benvie, are
given \$2,000 each, and a further sum
of \$3,000 is left to John W. to edu-
cate the children. To this legatee is
given also the bulk of his real estate
other than the Dartmouth property.

To his brother, John G. and to his sister,
Mrs. William McCurdy, are given
each \$500.

To the wife of Rev. David Reid,
\$500.

To his grandchildren is given \$500
each. This applies to the children of
John W. Reid, the only son, who has
children. It means about \$5,000
between them.

To his son-in-law, Eben Benvie,
is given \$500.

The residue of the estate is divided
into three equal parts. His son, John
W. is given one-third, Mrs. Benvie is
given the income of the second part,
and Rev. David Reid, the income of
the third. Eventually the whole
residue will go to his grand-children.

W. Martin Archibald, of Hal-
ifax, and testator's son John W. Reid,
are appointed executors and trustees.

Could Not Work

ON ACCOUNT OF

SEVERE HEADACHES.

Headaches are generally caused by
some disturbance of the stomach, liver
or bowels, and although not a serious
complaint, the cause should be removed
before they become habitual and make
your life miserable.

You will find that Milburn's Laxa-
Liver Pills will remove the cause by
moving the bowels gently, safely and
surely, refreshing and strengthening the
stomach, toning up the liver, and thereby
banishing the headaches.

Mrs. J. Armstrong, 7 Harris St., St.
John, N.B., writes:—"I take pleasure in
writing you concerning the good I have
received from using Milburn's Laxa-Liver
Pills. I had such severe headaches I
could not do my work, but after using
two vials of your pills, I can now do my
work with comfort and pleasure."

Milburn's Laxa-Liver Pills contain
purely vegetable matter and do not gripe
like harsh mineral purgatives do. Price
25c. a vial at all dealers, or mailed direct
on receipt of price by The T. Milburn Co.,
Limited, Toronto, Ont.

MR. FRED PRINCE RETURNS HOME.

Mr. Fred Prince, who has been at-
tending the Ford Convention at Mon-
treal has returned home.

At this convention one hundred
and fifty Ford Dealers were present
from the Maritime Province and Que-
bec.

While in Montreal a banquet was
given in their honor at the Windsor
Hotel.

Mr. Prince went from Montreal
to New York to the big automobile
show being held there. The cars on
exhibition were mostly high priced
limousine also closed and sport cars
all painted up in such a fancy manner
that they would not be suitable for
the trade here.

During the ten days trip Mr. Prince
said the weather was very mild he
saw no snow and the rivers were all
open which is very unusual at this
season of the year. He enjoyed his
trip very much.

Quit you like men, be strong;
There's a year of grace,
There's a God to face,
There's another heat in the great
world race—
Speed! speed with a song.

GOOD DIGESTION A GREAT BLESSING.

An Acute Sufferer Tells How She Found New Health.

Very few people appreciate what
good digestion means until they lose
it. To be able to eat what you want
and to properly digest it is a price-
less blessing. But if you find that
your digestion is in any way impaired,
you cannot afford to risk experiments
by trying uncertain remedies. Strong
medicines are hard on the stomach,
pre-digested foods only aggravate the
trouble. What is needed is a tonic
that will so strengthen the stomach
as to enable it to do its own work.

There is no tonic for the stomach
that is not at the same time a tonic for
every other part of the body. As the
blood circulates through all the body
an improvement in its condition quick-
ly results in strengthening any weak
organ. Rich red blood is absolutely
necessary to good digestion. If your
stomach is weak, if you are troubled
with sour risings in your throat, a feel-
ing of nausea after eating, pains of
fluttering about the heart, try at once
the true tonic treatment of Dr. Williams'
Pink Pills. So many people
have been helped by this treatment
that every sufferer from indigestion
should promptly try Dr. Williams'
Pink Pills. Among the many who
rejoice in a renewed digestion through
the use of this medicine is Mrs. Wil-
liams Dale, Midland, Ont., who says:

"I suffered for a long time from a
severe form of indigestion, and had
doctored so much without benefit that
I had all but given up hope of getting
better. Everything I ate caused me
intense pain, and some days I did not
touch a thing but a cup of cold water,
and even that distressed me. As a
result I was very much run down, and
slept so poorly that I dreaded night
coming on. I was continually taking
medicine, but was actually growing
worse instead of better. Having often
read the cures made by Dr. Williams'
Pills, I finally decided to
give them a trial. I have had great
cause to bless this decision for by the
time I had used a couple of boxes
there was no doubt the pills were
helping me, and in less time than I
had anticipated the pills had cured me
and I was again enjoying notably good
digestion but better health in every
way than before."

You can get Dr. Williams' Pink
Pills, through any medicine dealer,
or by mail at 50 cents a box, or six
boxes for \$2.50 from The Dr. Williams
Medicine Co., Brockville, Ont.

THE BUSY BEES OF THE RED CROSS HIVE STILL AT WORK

On Thursday afternoon a number
of the patriotic and energetic ladies
of the Red Cross Society met as us-
ual at their rooms in the Civic Build-
ing Truro.

In one department, packing was the
order of the afternoon. Over two
hundred pairs of socks, had been fold-
ed and neatly packed, beside a num-
ber of sweaters, mittens and scarves.
These are to be forwarded to Hal-
ifax, where there is still a great demand
for such comforts for our soldiers.

Unfortunately amputation socks
are much needed, for the wounded who
are arriving at Halifax. These are
very easy to knit, and it is hoped that
many of the women, who are rather
inclined to "slow up" on knitting, now
that the war is over, will again take
an active interest in making these ar-
ticles which are so much needed.

In the sewing room, a number of
ladies were engaged in making re-
fugee garments for the unfortunate
women and children of Belgium, France
and other countries, made so desti-
tute during the war.

A News reporter found this Truro
Red Cross Hive at work putting forth
every endeavor to meet the demands
for Red Cross comforts for the wound-
ed, for the sick and for the destitute
of Continental Europe; and their
every word is no "let up" in the work
commenced over from years ago until
the effect of the War are really over
and the highest military and medi-
cal authorities say "Enough".
Come in, other Truro workers and
give a helping hand.

TWO HOME SCENES OF LONG AGO.

By Margaret T. Russell

Extension Staff, Moody Bible In-
stitute)

The Gospel of Luke might be termed
"The Women's Gospel" written by one
whose calling as a physician gave him
a deep appreciation of and sympathy
with the needs of women. In its
twenty-four chapters there are twenty-
eight direct and two indirect refer-
ences to women, all seen in some rela-
tion to the home and family life. A-
mong the women of varied character
who ministered unto Christ out of
hearts of love and sympathy one
stands preeminently representative.
We find her with her sister in the min-
istry of love, graciously receiving
Jesus into their home. There at His
feet Mary sits, displaying a trinity of
womanly graces; humility, obedience
and spiritual insight. No home can
be called Christian until the woman
has taken this place before her Savior
there to learn from him the same les-
sons.

The scene changes, and again Jesus
is found in the home at Bethany,
where they made him a supper and
Martha served while Lazarus sat with
Him at the table. You will recall
Mary's act of devotion, which for ex-
travagance has never been equaled.
Having broken the precious box of
ointment she wiped His feet with her
hair, the symbol of woman's subor-
dination and glory, in this way bring-
ing to Jesus the very glory of her wo-
manhood. Have you done the same?
If so, what is commonly called wo-
man's weakness, meaning sympathy,
tenderness, love, trust and helpfulness,
becomes strength glorified by Him, the
perfume of which will fill the whole
world.

Home is the crystal of society the
nucleus of national character; and from
that source, be it pure or tainted, issue
the habits, principles, and maxims
which govern public as well as pri-
vate life. The nation comes from the
nursery.

—Smiles.

ROBUSTNESS

Nature has not been prodigal
with everybody in the matter
of robustness. Many, all
through life, must stand guard
and combat colds, coughs,
bronchitis or perhaps more
serious pulmonary ailments.
For nearly five decades

SCOTT'S EMULSION

has been helping to turn
weakness into strength. For
those who are delicate, with
tender lungs, weak throats and
a proneness to debility and
anemia, the definite nourish-
ing and tonic qualities of
Scott's are of special value.

The yield of wheat per acre for all
Canada in 1918 was 11 bushels, in
1917 it was nearly 16 bushels per acre,
so when we hear of farmers in wheat-
growing Nova Scotia having 30, 40
and even 50 bushels per acre we may
feel proud of this little area of the
Dominion.

A new wheat "Ruby", that ripens
earlier than Marquis and yields flour
of a high baking strength, has been
developed at the Central Experimen-
tal Farm, Ottawa. Get some of this
seed for next year's sowing.

Among the 12,000 arrivals at St.
Petersburg, Florida, the "Sunshine
City," are G. Reading Crowe and Capt.
and Mrs. J. A. Crowe, Winnipeg.

On Thursday, Feb. 6th, Messrs.
Roy and McGill Johnson, Cross
Roads, Upper Stewiacke, left Truro
for Calgary. Roy will take a course
in engineering, while "Mac" will
visit his father Mr. William John-
son, (a former resident of Truro) also
his brother and sisters. These boys
recently returned from overseas.

Rev. A. B. Higgins, of Dartmouth,
President of the Camp-meeting Associa-
tion, was in town on Thursday last,
in connection with Camp affairs. It
is understood that the speakers en-
gaged for next camp are Rev. Dr.
J. W. Aikins, of Dominion Method-
ist Church, Ottawa, a Nova Scotia
favorite, and Mr. W. L. Clarke, a
specialist in work with young people,
who is now filling engagements in the
chief cities of the Western States and
Canada.—Register.

The many friends of Mr. Andrew
Logan, Lower Truro, regret to hear
of his serious illness.

Mr. and Mrs. Thomas Blair, Sa-
mon River, who recently celebrated
their Diamond Jubilee, paid a visit to
Shubenacadie on the 6th.

Miss Jessie B. Campbell, B. C.
has been appointed Principal of the
Cumberland County Academy, suc-
ceeding F. G. Morehome, recently
appointed School Inspector.

No man in Truro, who wants to
work will be out of a job. McCallum,
"the real estate man" wants choppers
at once. Consult him.

Mrs. W. H. Rennie of Winnipeg, is
in town making a short visit with her
mother, Mrs. Chas. Roop, Muir St.
On the 10th Mrs. Rennie will start
for her Western home accompanied
by her mother and sister, Miss Lydia
Roop.

Mr. William Fraser, Alton, Col.
Co. was in town on the 6th on business,
his many Truro friends were pleased
to meet him again looking so hale
and hearty. Mr. Fraser is busy these
fine days storing ice and providing
stove wood for the different owners of
summer cottages at Shortt's Lake.

Rev. John Markham, the new rector
of the Anglican church, is meeting with
many friends who are gladly welcom-
ing him to town. During the week of
prayer Mr. Markham preached in both
the Methodist and Baptist churches
with great acceptance.—Lockport
Cor. in Shelburne Gazette.

William J. Taylor, the foreman of
the Middleton Outlook, a most effi-
cient officer, died of pneumonia last
week. He leaves a wife and family.

Mr. J. Gillespie, Manager of "The
Cash Shoe Store" Truro speaking of
"The Peerless" says he lived in Pic-
tou town during the winter of 1888.
It was a remarkably mild season and
the steamer Stanley made regular
trips between Pictou and P. E. Island.
All winter except one week when she
was off to make repairs to her boiler.

The "C" Class Students have now
entered our Provincial Normal Col-
lege and they make a welcome addi-
tion to our population. Tho here for
real hard study till June 26, yet they
will have a bit of time to enjoy life
in the "Hub." Welcome lads and
lassies.

Sunday was Candlemas Day, and
so far as this portion of the county
was concerned, the ground hog must
have stayed out all day, for he never
had an opportunity to see his shadow
from early morning until the end of
the day. There are many who place
much faith in this ancient supersti-
tion and firmly believe that with a
cloudy Candlemas, the "backbone"
of the winter is broken.—Berwick
