"Fawn-footed Nannie" was sung by Mr. Kilpatrick, R. M. Arnold, and the secretary, leaving the impression on practical workers that it is a weet little melody with a pleasing refrain and one that well bears repeating. It was never better rendered than on Friday evening, when the verses were sung in unison, as the voices blended together very sweetly.

Thursday, Oct. 22.—The weather has grown somewhat colder and to-day snow is falling.

Mr. Thor. Taggart has lately invested in a mica mine on the property of John Antwine, near Devil Lake. The mine bids fair to be one of the best mica deposits in the country. Already seven shows have been opened, all revealing voins of mica varying from four to eight feet in width, a good depth, and by all appearances of considerable length. Samples of the mineral have been inspected by experts and pronounced to be of first class quality.
