### SMOTHERED BY GAS.

A Kerwood Drover Suffocated in a Toronto Hotel.

Toronto, Oct. 29.—The body of Wm. Denning, a cattle drover of Kerwood, west of London, was found dead in a bedroom at the Jersey Hotel, King and Niagara streets, this morning. Death was caused by asphyxiation, the gas being found turned full on in the bedroom. Denning was a brother of Mr. J. A. Denning, the postmaster of Kerwood. A companion, named Atkins, who occupied the same room, was unconscious, but by a prolonged effort the doctors revived him through. The two men came to the city with a drove of cattle and retired at 11.30.

### QUEEN OF AUSTRALIA

It is Suggested That Her Majesty Should Take Such a Title.

Sydney, N. S. W., Oct. 28.—Mr. Wm. John Lyne, premier and treasurer of New South Wales, during a speech at the opening of a German fete here today said:

"The temper of the Australian people was never so affectionate toward the mother country as it is now. The war in South Africa has produced a patriotic bond which should last eternally."

"It has been suggested locally that Her Majesty should assume the title of Queen of Australia. To me it seems a good proposal. Indeed I think Her Majesty might well be approached with a view to her assumption of the title of empress of the British empire, thus embracing all the colonies and dependencies."

## THEY WON AGAIN. ARE STILL STRONG.

Glencoe Duplicates its Recent Victory Over Chatham

And is Now in a Fair Way to Win the Walker Cup

A good-sized crowd of onlookers saw the cup-holders go down to the team representing Glencoe in the league football match on Tecumseh park on Saturday, to the tune of three goals to two, while one of the latter was temporarily disallowed.

Before the commencement of the contest Captain Wilson, of the Chathams, served Referee Wm. McDonald and Captain Galbraith, of the Glencoes, with notice of protest, on the ground that the visitors were utilizing six players not upon the Glencoe registration list and residing outside the league district.

Chatham lost the toss and Mowbray set the sphere in motion against the breeze. The locals took the initiative and took the game away on a clever run. From the goal kick Laurie took possession and he and Anderson worked it down, Cook heading the centre just over the bar. Then the visitors took a long look in and Wren was responsible for some particularly fine individual forward work. Several shots were rained upon the Chatham custody and Sowerby had an opportunity to duplicate some of the fine work that has given him his reputation in this district. One of his stops—a scorching from Wren—was of the sensational character and earned him round upon round of applause.

The contest then swung to the centre of the field, where Laurie did some splendid checking, but the Glencoes broke away shortly before half time, and Galbraith swung upon a pass from the left and notched their initial point. On resuming, the Chathams rushed matters hard, determined to equalize, but several scrimmages in the mouth of the goal failed of result. Finally in their anxiety Glencoe made a foul near their own goal, and Wilson took the kick. He put in a beautiful drop and Fraser carried ball and goal-keeper through the posts amid an uproar of applause.

The Chatham's renewed the attack and a few moments later Mowbray sent in a clever shot. Fraser and Anderson were upon the goal-keeper and he was forced to surrender. Chatham's second goal. Goal Umpire Elliott, of Glencoe, however, disallowed the point.

Then the locals fell back and fast rushes by the Glencoe line realized them two more points by Galbraith and McAlpine, ere the call of time. This defeat, if the league executive rules against the doctors, would put the locals practically out of the race for championship honors.

### PENALTY KICKS.

Begins to look like ex-champions. Laurie's throw-ins deserve more than passing notice.

Referee McDonald proved himself a model official.

Well, here's to you, Captain Galbraith and the Glencoe club! Outside of ourselves, there's no club we sooner see decorating the championship.

Boers Sald to Have 15,000 Men in the Field.

Divided Up Into Small Commandos—Some Heavy Fighting Reported.

London, Oct. 29.—According to a despatch from Cape Town to the Daily Mail, a force of Boers attacked and surrounded a patrol of Cape police with a convoy near Hoopstad, Orange River Colony, last Wednesday, and a sharp fight ensued. "The police," says the correspondent, "were compelled to abandon two Maxims. Ultimately reinforced by the Yeomanry, they succeeded in getting away with the convoy, but lost seven killed, 11 wounded and 15 captured. The colonials were outnumbered ten to one, and the engagement lasted two hours. The Boers have fifteen thousand men in the field, nearly half of whom are in Orange River Colony. These are divided into commandos of some 300 each, but are capable of combination for large operations."

### MORE FIGHTING.

A despatch received at the War Office from Lord Roberts, dated Pretoria, Friday, Oct. 26, referring to the fighting of Gen. Barton's column with Gen. DeWet's forces October 25, says:—

"The British losses were heavier than at first reported. An additional officer and twenty men were killed and three officers and twenty-five men were wounded. The Boers left 24 dead 19 wounded on the field, and 26 Boers were made prisoners."

"Three Boers, who held up their hands in token of surrender, and then fired on the British, were court-martialed, convicted and sentenced to death. I have confirmed the sentence."

The despatch also refers to minor affairs in which the troops of Gen. Kitchener and Gen. Methuen were engaged, and to a serious incident between Springfield and Philadelphia, Orange River Colony, where fifty cavalrymen were ambushed and captured by the Boers, only seven of the party escaping.

Another despatch from Lord Roberts says:—"Barton attacked the ubiquitous DeWet near Fredericksdal. The Boers were scattered in all directions."

### SIX IN TWO WEEKS.

Two Children of a Family Die and Four are Drowned.

Port Clinton, O., Oct. 29.—A quadruple drowning occurred near Plater Bed on Sandusky bay, eight miles east of here, yesterday afternoon. The drowned: Douglas Stark, aged 3; Geo. Stark, aged 5; Alfred Stark, aged 8; Henry Stark, aged 13 years. They were the children of William Stark.

Mr. Stark and the children went for a boat ride yesterday afternoon. On returning to shore the boat became fouled in a fish pond net and the four children could neither force the boat ahead or go back. The children became frightened, and, leaning over the side of the small craft, it capsize, resulting in the four deaths by drowning. Mr. Stark came here from Toledo three weeks ago. He then had a family of a wife and ten children. Last week, Harvey, aged 4, died, and the week before another child, aged 3 months, also died.

### GOOD NEWS FOR OUR READERS.

Who have scrofula taints in their blood, and who have not! Scrofula in all its forms is cured by Hood's Sarsaparilla, which thoroughly purifies the blood. This disease, which frequently appears in children, is greatly to be dreaded. It is most likely to affect the glands of the neck, which become enlarged, eruptions appear on the head and face, and the eyes are frequently affected. Upon its first appearance, perhaps in slight eruptions or pimples, scrofula should be entirely eradicated from the system by a thorough course of Hood's Sarsaparilla to prevent all the painful and sickening consequences of running scrofula, sores which drain the system, sap the strength and make existence utterly wretched.
