### WITH THE PACKERS

Former Has Secret Service Men Preparing Another Damning Report—Latter Say They Don't Care.

Washington, D.C., June 10.—President Roosevelt has Government employees busy at work in the preparation of another report attacking the packing houses of Chicago, and this report will be sent to Congress in a short time if action on the meat inspection legislation is delayed.

Under the orders of the president two secret service men were detached from their duty of detecting counterfeiters and sent to Chicago to collect information regarding the use of preservatives and coloring matter in packing house products and methods in the preparation of canned beef in food. These agents have been in Chicago several weeks. They have been very hard at work and have collected twenty-two affidavits bearing on the subject the president ordered to be investigated. These affidavits come from the most part from former employees of the stock yards and packing houses. The packers profess to be utterly indifferent to what the president does.

### DEATH STOPS WEDDING.

Wm. Walker, Guelph, Who Failed to Appear at His Wedding, Found Dead.

Joseph, June 11.—The lifeless body of William Walker, who was to have been married to Miss Mary Smith on Wednesday last, but who disappeared shortly before the hour set for the wedding ceremony, was found floating in the River Speed, near Goldie's mills, Friday. He had committed suicide. The deed is attributed to the fact that he had been laboring under mental depression for some time past and the excitement attendant upon the wedding no doubt intensified his weakness.

Three years ago he was to have been married, but failed to appear for the ceremony, returning a few days later in a state of mental collapse.

Coroner Dr. Robinson is holding an inquest.

Immigrant Cuts Throat.

Belleville, June 11.—N. Parker, a young English immigrant, only 20 years of age, tried to commit suicide near the Platon, Prince Edward County. The young fellow was in all-health, had no work, no money and no friends. He is very bitter on immigration agents in England, who, he says, told him "fairy stories" about Canada. Parker tried to cut his throat with a bread knife. Two doctors patched him up, and now kind-hearted people are looking after him.
