THE LOCAL BUDGET

Miss Kathleen O'Hara, of Toronto, is the guest of Mrs. James Fleming, King St. West.

Miss Minta Oldershaw of this city, has returned home after a three week's visit in Pontiac, accompanied by Miss Maud Robert.

Willie Gray was unfortunate enough to break his arm yesterday. He sustained the accident while going down cellar to get material with which to repair his automobile.

Take a day off and go with the Ancient Order of Foresters to Lake Huron Park and Saranac, (Civic Holiday) Aug. 14th. Those who went on the A. O. F. excursion last year had a good time—there will be a better time this year. Route—Grand Trunk, by way of Glenora.

Miss Gertrude Hollinrake, soprano soloist, of St. James Square Presbyterian church, Toronto, who sang so acceptably in the Park St. Methodist church on Sunday, the 16th July, has accepted the position of soloist and choir leader of the Park St. church, in succession to Miss E. Hill, and will assume her duties the first Sunday in Sept.

POLICE COURT

John Watkins, of Buxton, was fined \$10 for being drunk yesterday. He came up before Mayor Cowan and was remanded until to-day. He was given until Monday to raise the money.

Spafford and J. Fairbanks paid \$3.50 apiece for assaulting Sam Kovinsky and Peter Pizer. Mr. Kovinsky says he will appeal the case as he thinks they were not sufficiently punished.

Geo. Taylor, a colored man, was fined \$1 and costs, \$5.50 in all, yesterday, for being drunk and disorderly.

TOWNSHIP WON

In the Court of Appeal before Judge Dowling held last week the appeal of County Commissioner John Grant against his assessment on the Mills drain was dismissed.

Mr. Grant appealed before the Court of Appeal, who sat as a Court of Revision on the assessments on this drain and his appeal was thrown out by them. He carried his case before Judge Dowling, who upheld the council in their action.

Mr. Grant's complaint was that he was over assessed to the amount of five dollars.

BAPTIST S. S. EXCURSION

The City of Chatham left her moorings yesterday morning taxed to the very limit of safety by the large crowd attending the William St. Baptist excursion to Belle Isle. It is estimated there were 750 on board. The day was delightful and was marred only by a thunder storm just as the excursionists were embarking at Belle Isle. It is expected that the venture will not about \$100.

A regrettable accident occurred during the stay on Belle Isle. Miss Truett, an operator in the Bell Telephone Company's office, in getting out of an automobile was unfortunately enough to injure her ankle. The member was temporarily attended to on board the boat, and a surgeon was called when Chatham was reached.

SOULFUL SINGER

J. W. White, all-round athlete, professional man, and sprinter, takes interest in many things. A short time ago he appeared on the public horizon as an estimator of journalistic adroitness and, later, brandied, unjustly, by the P. M. picnic officials as a professional foot racer. All these things Mr. White modestly admits, but he has one talent not so far famed which he last night excavated from the napkin in which it has been concealed—his singing. On the homeward trip last night he gathered about him a band of seraphs and led the chorale singing. So inspiring was it that those living on either side of the river were of the opinion that a band of earthly martyrs were leaving their troubled state and were being caught up to glory. Evidently the sporting harrier was, again debarred for he is around taking his usual interest in things to-day.

It is far easier to argue eloquently on economy than it is to practice it.

The best way to keep ahead of the races is to keep away from them.

Silence is always safe, and is frequently the smartest we can say.

ROUTE OF THE NEW ROAD

Wrong Impression Corrected—Aldermen Want Copies of Documents—Other Civic Notes.

"A wrong impression seems to exist concerning the proposed route of the Windsor & Essex Electric Road through the city," said Mayor Cowan this morning. "The road at first wanted to come along King street and asked a bonus of \$100,000. This, of course, was so preposterous that no attention was paid to it. The company then proposed to come along King street to Inches avenue, along Inches avenue to Harvey street, along Harvey street to the market square. Residents of Harvey street thought that King street residents got the road to pass along Harvey street so that King street dwellers would not be bothered with it. Such is not the case as that route is one proposed by the company, along with some optional routes, one entering the city by Park avenue, to Queen, to School street, another entering the city by Lacroix street, to Richmond, to Queen street."

"You might add," said Ald. Austin, "that the Industrial committee had nothing to do with the route. The statute governing the matter provides that notices of the request for a franchise, the proposed route, etc., should be posted for 60 days. It is during that time the duty of any who wish to challenge the giving of a franchise, the proposed route or other details to do so. The Industrial committee would be meddling if it had anything to do with it at that stage."

"We intend going on with the pavement of the market square and the work of laying of the sidewalks as soon as the sewers shall have been laid," said Ald. J. A. King this morning.

The Mayor had a complaint this morning from Park avenue residents that the granolithic sidewalk being laid on that street is too low. The Engineer, they claim, has refused to bring it to a level where the water will not lie on it. The matter is being looked into.

Several of the aldermen complain that they are not able to judge intelligently of questions before them by reason of not being provided with copies of documents upon which they are required to pass. "It is very difficult to absorb a lengthy document when it is hurriedly read over to you," said one alderman this morning. "We should be provided with copies of the more lengthy documents at any rate."

The managers of McKeough school and trustees Robertson and Paxton inspected the school yesterday preparatory to making some changes in the working of the lavatories.

CURE FOR HAY FEVER

The Central Drug Co. Say Hyomei Will Give Relief—Sold Under Guarantee.

The season for hay fever is almost at hand, and many people feel that they will be obliged to go away in order to avoid the sneezing, watery eyes, and other annoying symptoms of this disagreeable summer disease. The Central Drug Co. wish us to announce that when Hyomei is used as a preventive, or a cure, there will be no hay fever. They advise daily treatment with Hyomei for two or three weeks before the usual time for the annual appearance of hay fever. If this is done, the attack will be prevented. However, if the preventive treatment is not started soon enough, and the disease makes its appearance, use Hyomei six or seven times daily, and relief will be given at once.

There is no stomach dosing when Hyomei is used. Breathed through the neat pocket inhaler that comes with every outfit, its medicated air reaches the minutest air cells, killing off germs and soothing and healing the irritated mucous membrane. The complete Hyomei outfit costs but \$1, extra bottles 50 cents. It is the only treatment for hay fever sold by the Central Drug Co. under a guarantee to refund the money if it does not give satisfaction.

That which is accepted on faith often suffers on critical analysis.

HE EXPLAINS

Ald. Austin Gives an Interview on his Position in Reference to Proceedings at Monday Night's Council Meeting.

Ald. Chas. Austin was interviewed by a Planet reporter this morning in reference to the proceedings at the Council meeting last Monday evening, a report of which appeared in this journal.

"I am reported as saying that I insisted on pilots being used on the cars instead of fenders," said he, "whereas it was exactly the opposite statement I made; that is, that we insisted on fenders being used in all cases."

"You omitted to state that when Ald. O'Keefe charged me with not advising the Industrial Committee of the meeting with the railway people to consider the whole agreement together, and when he also stated that I insisted on retaining ridiculous clauses, that my reply was that I had notified the whole Council of that particular meeting, and in regard to the retaining of the clauses the railway people not only had the assistance of their stockholders (two of whom were barristers) but also of the Council; my point in that reply was that in place of receiving assistance from all of the Councilors present they were there in the interests of the railway. Another omission was when Ald. Edmondson asked me 'If I would assume all the responsibility for what happened at the bridge,' I replied, 'No, I won't,' and I added, 'I am willing to assume my share of it, and asked Ald. O'Keefe if he had read clause 7 of the by-law.' Had Ald. Edmondson read the by-law carefully he would have seen that the 'bridge question' was to be decided by the whole Council, and it was his duty or any other alderman's, was to save the city interests from being jeopardized, to see that active and immediate steps were taken to protect them. I acted in the bridge question simply as an alderman, not as chairman of the Industrial Committee, as it was not the special business of that committee."

"Ald. King's statement that members of Industrial Committee have been ignored and matters decided by one or two, I have been given to understand was in reference to matters concerning the proposed franchise to Windsor and Essex Ry. Ald. King was imputing motives and actions to members that had no foundation in fact, that is that he thought that this road had requested an entrance to the city by means of King St. West, and that the Mayor and myself, reading on that street, had used our influence and had the application changed to Harvey St., which is the street that Ald. King lives on. We pointed out by the correspondence, in the presence of the City Clerk this morning, that the railway never asked for any such franchise at any time, and he admitted his mistake."

"This whole trouble has arisen through aldermen voting on by-laws and agreements and not minding what were contained in them, and not taking the trouble to find out before they make rash assertions. In conclusion, should there be any question respecting the city's interests on which the Engineer and I have any difficulty in deciding, it will be brought before the Council."

DEMISED

The death occurred yesterday of Frances Ward, of the 3rd concession, Chatham Township. Deceased was better known as Mrs. Hutchinson and was 55 years of age. She had a husband and three sons living in Chatham—Syvester, Edward and A. H. Hutchinson, and two daughters, Mrs. Maggie Hurst and Miss Sarah Hutchinson, of the same place. The funeral will take place tomorrow at two p. m. from the Union A. M. E. church and will be conducted by Bishop Wilmore.

WILL WATCH LEGISLATION.

Convention of the Union of Canadian Municipalities at Winnipeg, July 26.—The convention of the Union of Canadian Municipalities opened yesterday with a large attendance from the east, Manitoba and the Territories. Mayor Urquhart of Toronto, in the absence of Mayor Laporte of Montreal, president of the union, occupied the chair.

Mayor Thomas Sharpe welcomed the delegates to Winnipeg. Ald. Couture of Montreal responded on behalf of the convention. The president's address was given by Mayor Urquhart, who referred to the battle at the House of Commons over the Toronto & Hamilton Railway two years ago, in which Montreal came forward to fight for the rights of Toronto. There should be a provincial union in each Province, meeting annually, and appointing delegates to the convention of the Union of Canadian Municipalities. Provincial organization could look after legislation in Provinces. Parliament while the Dominion union could watch the interests of municipalities in the Ottawa House.

The annual report of the secretary-treasurer was read by W. D. Lightall. The union, he said, has had a history of continued success since its formation. There are now on roll 180 members, comprising practically all the leading municipalities of Canada. The principal event of the year had been the formation of the Dominion telephone committee, which had been the means of throwing a flood of light on the telephone situation. In Ottawa and Montreal the municipal forces were lining up for a corporation fight.

Hurled Down An Embankment.

Toronto, July 26.—After having his wagon jolted by a street car while crossing over Dundas street bridge, causing horse, wagon, driver and all to plunge through the railing at the eastern end of the bridge, turn two somersaults in the fall down a 50-foot embankment, dash through a second fence and finish on the railway tracks below. Thomas Mill, 55 years old, a sewing machine agent, of 137 Beaconsfield avenue, emerged yesterday afternoon with only his little finger sprained. The horse is a little nervous as a result of the accident, and the wagon lacks a dash-board.

ONE DOLLAR SAVED REPRESENTS TEN DOLLARS EARNED.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house of old saves a doctor's bill of several dollars. For sale by All Drugists.
