

SESSION WILL BE IMPORTANT.

(Continued from page 1.)

have another session this afternoon. The company has an expert here to-day going into the matter. While the by-law could be given two readings to-night, without including the specifications, it is thought better to have this point settled first. Some of the members of the sub-committee say that their views in this matter must receive some attention if they are to support the new deal.

The Board of Works on Saturday afternoon approved of a by-law for permanent pavement and road improvement, which calls for an expenditure of \$300,000. Of course the good roads scheme will depend on the people endorsing the new street railway agreement. It provides for permanent pavements, paving the balance of the Market Square, repairing the damage done at the Jolley Cut and making permanent improvements there, also building a new road from Ferguson avenue on the Jolley Cut to a point on Charlton avenue near Emerald street.

Although it was the intention to wait until January to submit the by-law for the home for incurable consumptives, Ald. Allan suggested that it would be a good idea to settle the controversy at once. Mayor Stewart agreed with him, and to-night the Council will be by-law on to the people providing for the raising of money for a new institution and site. If it is voted down the present Southern Home, now in course of erection, will be completed, and used for the purpose originally intended. This will make six by-laws to be submitted to the people on July 27, the two power by-laws, the street railway agreement, the good roads by-law, the by-law providing for the extension of the Catharine and Ferguson avenue sewers, and the hospital by-law. It is just possible that the waterworks debenture by-law, \$60,000, will also be submitted. The Mayor says he can see no reason why this should not be voted on when a number of other by-laws are being submitted, even though the Railway Board is agreeable to giving the city permission to issue the debentures.

City Engineer Barrow to-day received a report showing the amount of filling in done by the Government dredges at the reclamation wall. The dredge Hamilton put in 52,728 cubic yards and the dredge Chief put in 52,728 cubic yards, a total of 105,456. Mr. Barrow has been asked to define the distance the dredging shall be done from the walls, so as not to interfere with the piles. He will likely fix twenty feet.

75-day building permits were issued to George F. Webb for a brick addition to the spike factory of the Hamilton Steel & Iron Company, to cost \$1,500, and to Samuel Howard for a brick house on John street, between Robert and Barton, to cost \$1,500.

The fine weather so far this year has been of great assistance to the assessors in getting their work done. There was a big rush last year, the staff being obliged to work almost night and day for several weeks. That will likely be avoided this year.

The Mayor declared to-day that if the Council found it impossible to-night to handle all the business before it without rushing it through unduly he would move for an adjournment and call another special meeting this week. The aldermen do not think thoroughly understand the by-laws to be submitted to them. He will insist on having a clause in the street railway agreement which will provide that the company must begin paying into the sinking fund by 1911. The company wants to begin paying in small amounts, and the large sums towards the end of the franchise. The Mayor wants it to pay equal amounts each year.

The city is having some trouble fixing up the Wentworth street steps. While under the new plan the steps will go as far back at the top of the mountain as before, it is proposed to widen the cut and zig-zag the steps. Messrs. Webb and Farrell threatened to get out an injunction if the city proceeded with the work. The plan was submitted to them to-day, and they promised to notify the Board of Works this afternoon if it was satisfactory.

THREE VISITS.

John Alter Said to Have Been Caught Three Times.

John Alter, John street south, a store-keeper, is said to have been caught selling tobacco yesterday three different times by three different policemen in plain clothes. The police did not deliberately do this, but through a mistake the three men were sent there within a short time of one another. Constable Gravelle went in the morning, and bought some cigars without any trouble. A short time after this Constable McKay went up and got "coffin nails," and still later Constable Harry Smith secured some cigars from Alter. Alter was summoned, and will be brought up tomorrow.

LAWRENCE ESCAPED

Was Arrested Here and Had Few Days to Serve.

Lou Lawrence, who was arrested at a house on Ferris street by Detective John Miller, since appointed to the Provincial force, and G. T. R. Detective Robson, on a charge of holding up the night clerk at Caledon East, escaped from the Peel County jail Saturday. He was sent down for six months, and had only a few days to serve when he made his getaway. He was reported to be a model prisoner, and was a "trustee," and that is how he got away so easily. The police are looking for him, and he is likely to get a long term when caught, as he has a record, having escaped from Kingston Penitentiary a year ago last November by swimming the river.

TEA TABLE GOSSIP.

The Ontario Gazette announces that Wonderland has been granted a Provincial charter. Capital \$40,000.

Miss Gertrude Kirby sang "Hold Thou My Hand" very sweetly, at the St. Saviour's Church last night.

Mr. William Forsyth, father of Mr. George Forsyth, died this afternoon at his late residence, 73 McGill street.

The sergeants of the 13th Regiment and those of the Royal Grenadiers, of Toronto, will have a rifle match next Saturday.

Albert Melvin, a Hamilton youth, was fine \$1 and costs for breaking the seal of a Grand Truck car at Toronto this morning.

The choir of Centenary Church held its annual picnic to the grounds and residence of Charles Miller, at Burlington, on Saturday afternoon.

Miss Lulu Markle has been awarded the gold medal presented annually by W. H. Hewlett for regular attendance in Centenary Church choir.

Dr. Donald C. Balfour, of Rochester, Minn., is at his home for a short time. He will return west after visiting eastern hospitals for a few weeks.

Dr. S. W. McConochie sailed last week for the old land. He will spend two months in Great Britain and Germany and will take up improved methods in medical work.

The names of Isabella Anderson, Queenie Truscott and Annie Woodman were omitted, through an oversight, from the domestic science diploma list of Victoria avenue school.

The priests of the Hamilton Diocese will hold their annual retreat at St. Jerome's College, Berlin, during the two weeks, beginning Monday next, July 6th. Half of them will go that day and the other half on the 13th.

Saturday afternoon while going to a fire the Victoria avenue company ran over a black spaniel, which ran from Gibb's box factory. The dog's back was broken, and Constable Stewart shot it.

Much regret will be felt among the numerous friends of James D. Barr over his death, which occurred this morning. The funeral will be held privately from his father's residence, 70 Catharine street north, on Wednesday at 10.30 a. m.

A small fire in a stable at the rear of the Court House Hotel, caused by boys and matches, did slight damage on Saturday evening, about supper time. This afternoon the department were called to Catharine and Jackson streets, on box 2. A small place, used as a residence, in the rear of 80 Jackson street east, was scorched a little.

A despatch from Detroit, Mich., says: Harry H. Hedges, who has been manager of the Gayety Theatre for the last two years, has resigned to go to Toronto. Mr. Hedges receiving an income of \$10,000 a year, is to manage his new Star Theatre. Immediately upon Mr. Hedges taking hold of the Star, Mr. Stair will leave for a trip around the world.

The remains of Mrs. Hannah Fotheringham, who died at 182 Buenavista avenue, Highland Park, Detroit, Mich., arrived in the city last evening. Deceased was born in England, and was 72 years of age. She leaves three daughters, Mrs. William Penney, Mrs. A. S. Plunger and Mrs. R. J. Cowan. The funeral will take place on Tuesday afternoon at 3.30 o'clock from the residence of her daughter, Mrs. Penney, 344 King William street, in Hamilton Cemetery.

Shortly after noon to-day a horse attached to a light wagon tied in front of Dunlop's flour and feed store, on John street south, became frightened at a passing T. H. & B. train, broke its fastenings and ran off down the street, breaking all records, until it reached Main street, where it capsized. The horse turned up Main street, but was easily caught by the corner of Hughson. It suffered some damage to two of its legs, and the wagon looked as if it had been struck by a cyclone or tornado.

AFTER A NEST.

Cecil Freeman Received Shock and Bad Fall.

Attempting to reach a bird's nest was the indirect cause of injuries which keep Cecil Freeman confined in a cot at the City Hospital. Cecil is the twelve year old son of W. R. Freeman, 48 Liberty street. Saturday evening he went to a tree near his home and he climbed the tree. When he had just about reached the nest he ran against a pair of wires running through the tree top. He grasped the wires and received a shock that nearly wrenched his arms off. He did not realize the fall. He will be around in a short time.

FALLS TO QUIT.

League to be Moved After the Fourth of July.

There will be a change in the International League before the beginning of next week. Saturday will see the last of international ball at Niagara Falls. Promoter Austen having failed to float a company there to take over the team, and Boss Paige has left for pastures new. Manager Bill Murray was at the Hotel Royal this morning, and he says he will pay salaries in full to July 1st, but after that the players will have to work on the co-operative basis till he gets a new home for them, or disband. McCabe and Doremus quit the Yankees after the game on the holiday here, being sent to good berths in a summer resort team in the Adirondacks. Manager Murray intends to visit Chatham and Port Huron this week, with a view to moving the team there, after the game at Niagara Falls on July 4th. He says if the Hamilton stockholders would appoint a heady and energetic manager that baseball could be made to pay here. Curtis does not seem to have the command of the play-teams that a captain and manager should have, and he is openly defied by some of the nine.

In Nelson's Independent League on Saturday the St. George's defeated the Superiors by a score of 7-3. The winning battery was Guest and Memphis.

Fred Paige, the promoter of the International League, is now in Rochester.

Ottawa, Ont., June 29.—(Special)—Fred Taylor, of the Capital lacrosse team, who in the Toronto-Capital lacrosse game at the oval on Saturday here struck referee Tom Carling, of Montreal, appeared in the Police Court to-day before Deputy Magistrate George B. Mulligan. At the request of Chief De La Ronde the case was adjourned until Friday. The court room was crowded, as there was the greatest interest and anticipation as to what Taylor would do.

Such well-known lacrosse enthusiasts as Ald. Rosenthal, George B. Mulligan, Tom Clancy, Dr. Chabot and others were among the spectators. Taylor, who is putting up such a wonderful brand of lacrosse this year, belongs to Listowel, Ont. Ald. Rosenthal, who supplied the bail of \$25, renewed it again to-day.

NEARLY DROWNED.

Penman's Thorold Factory to Shut Down Indefinitely.

(Special Despatch to the Times.) St. Catharines, Ont., June 29.—Patrick McGarry, of Merrittown, a School of Practical Science student, who has been working during the vacation with a Government survey party near here, narrowly escaped drowning on Saturday. The party has been camping for some days near the Fifteen Mile Creek, west of the city. McGarry had been out on the creek trying to shoot a duck and coming in miscalculated the distance between the boat and the shore. He jumped for shore, but landed in the water. Fortunately the chief of camp was near by and went to his assistance. He succeeded in bringing the young man safely to shore and carrying him to the camp, applied resuscitating, and then wrapped him up in blankets. Yesterday he was reported all right again.

The Penman Manufacturing Co. have notified the employees of their Thorold Mill, in which one hundred hands are employed, that they intend to close down this week indefinitely. They have all the stock on hand in all lines manufactured by them that they require for the season's trade, judging by the outlook, and until the present financial stringency passes and business brightens up the mill will remain closed. There are now but few factories in this district in operation, and consequently the outlook for next winter in this city and the surrounding towns is not by any means promising.

STOCK ADJUSTING SALES

Commence to-morrow at the Right House—Saving of a Fourth to a Full Half.

The early summer stock adjusting sales starting at the Right House to-morrow are rich with bargains and money-saving opportunities. Thousands of dollars' worth of crisp, fashionable, new holiday apparel and accessories will be on sale at a straight saving of a fourth, a third, a half and even more than a half. Every economical person in Hamilton and for many miles around should make it a point to take advantage of these splendid savings. All the goods offered are fully equal to the Thomas C. Watkins quality standards. Read the details on to-night's Right House page in this paper.

LOST AND FOUND.

(Special Despatch to the Times.) (Guelph, Ont., June 29.)—Two hours at noon yesterday a vigorous search was conducted in the River Speed for the body of little Harold O'Donnell. About half past 12 the five-year-old daughter of Mr. O'Donnell came home in the utmost excitement with the news that her little three-year-old brother had fallen into the river, while they had been playing together. The flood gates were opened and the river almost drained, when the Chief of Police made his appearance with the little chap in his arms. The boy had never been in the water at all, but had wandered away into another part of the city, where he was taken in at the home of John Hunt, Grove street.

The Land of Bananas.

At the meeting of the ministers of the Methodist Church at Wesley Hall recently, says the Philadelphia Telegraph, one of the brethren who had recently visited Jamaica, told some wonderful tales of that island of lovely climate and monstrous tarantulas. The men are of no account, he said, and the women do all the work. Within a short distance of Port Antonio are 30,000 acres of land devoted to banana growing, and on them were grown last year 11,000,000 bunches, valued at more than \$4,000,000. The women put the bananas on the boats of the company which controls the trade from Sunday to Thursday and work night and day. They earn from \$3 to \$4 a week, which they regularly spend during the remainder of the week on finery. He says they will wear a pink silk shirt waist and

a white skirt, but insist on going bare-footed and bare-headed. They are people of color and all shades of negro blood. He says that green bananas are just as good after they ripen here if they are not put in the ice box, and that the natives always pick them green for their own use. An acre of land will produce bananas of a nutritive value equal to 40 acres of wheat.

Choice of Trees by Lightning.

Now that the season of thunder storms is here, this long debated subject assumes fresh interest. It has been rediscovered by Dr. A. W. Borthwick in "Notes from the Royal Botanic Garden of Edinburgh," who concludes that no tree is immune, and that lightning will strike one species quite as readily as another. In opposition to the popular belief that "it is quite safe under a beech, while the danger under a resinous tree or an oak is, respectively, 15 to 50 times as great," Dr. Borthwick says that the beech is struck quite as frequently as any other tree. Apparently the taller trees in any neighborhood are the ones most liable to be struck.
