

Last week the first instalment of our Labrador fishing fleet put in an appearance and since then day after day one or more Labrador vessels have arrived at both Carbonear and Harbor Grace, but to report little if any success. The voyage this season, from all the information we have received is below the average, though few parties have procured a good catch.

Messrs. Whiteway and Shea may be expected to arrive at Harbor Grace, in a few days in company with a staff of engineers. We ask them in the name of the people not to forget visiting this town.
