The Sackville Post says: On Friday last while Messrs. Arthur, George and Reuben Thompson were working on the marsh near the residence of the former they were attacked by three raccoons. Two dogs were disposed of in short order and the men put on the defensive. After a short skirmish Mr. Thompson shot them.

Albert A. Dodge, senior clerk in the I. C. R. freight office, at St. John, has been arrested, charged with having appropriated about $5,000, the property of the Dominion government. The appropriations have been going on for about a year. Dodge handled all the money paid in on freight bills. He is 38 years of age and respectably connected.

Mary Ann Murphy, was given a six months' term with hard labor, by His Honor, Friday morning. That's proper. We know of many who think with us in this matter, and will utter the same ejaculation. Not a voice of disapproval will be raised when personages of the Mary Ann stamp receive such protracted holidays.

True Merit.—All persons who have used Everybody's Pills, prepared by A. M. Johnson, find they make "the best family medicine," as they are mild, safe and certain. They are sold by all druggists throughout the Island at twenty five cents, or will be sent by mail on receipt of price. June 1 1y

At Shelvin Cove, Digby County, N. S. last week, the carcasses of five large cattle drifted ashore within a radius of about two miles. Among them was the body of an enormous bull, which being quite fresh when it came ashore was stripped of its hide, and the meat when fried out yielded 225 pounds of tallow. It is supposed that the carcasses were from some castaway ship.

The Carroll sailed for Boston, Thursday evening. Her passengers were: Miss Wakefield, J. Corcoran, Annie Corcoran, V. Corcoran, Geo. Lockaley, Ellen Walsh, Mary McLeod, Mrs. Small, Miss Houston, E. Powell, H. McCormack, Mr. Cameron. The Carroll is now in command of Capt. Hanson, late pilot on the Britannia. Capt. Brown, her old commander, has resigned.

John F. Steadman, of St. John, was arrested, Thursday, at Boston, whither he had fled, and was brought before the United States district court on the question of extradition. The hearing was postponed until the 28th inst., and bail fixed at $1000. Steadman was manager of the I. C. R. cattle yard at St. John, and is charged with the embezzlement of $370.

Dr. Byrne, veterinary surgeon, and his wife were found dead in their house at Victoria, Monday forenoon. It is supposed that both committed suicide by taking poison. Byrne was found dead on a sofa in the kitchen and the wife on her bed. Both husband and wife were inveterate drunkards. Byrne formerly resided in this city, but removed to Victoria some months ago. He was a native of England, and the wife belonged to Newfoundland.

At Millvale, Thursday night, the barn, stable and shed belonging to Mr. Peter McCourt, were destroyed by fire, together with about 500 bushels oats, 50 bushels wheat and the entire crop of hay and straw for the winter's feeding. The stock was saved with the exception of one pig. The fire originated in a stack of straw, situated in the rear of the barn, and quickly spread to the surrounding buildings with the above disastrous result. The blaze is believed to be of an incendiary origin. There was no insurance on the buildings or their contents.

A desperate attempt was made to wreck Thursday morning's early train from Moncton to St. John. A railway tie and a large deal were placed across the track just above Salisbury Station, but fortunately no serious damage was done. As the train passed the station several shots were fired at the cars, and one entered the station building, piercing the wall just above the operator's head. A man named Henry Campbell, who was some years ago in the lunatic asylum, has been arrested on suspicion.

The musical and literary entertainment at St. Dunstan's College, Last Wednesday evening, in commemoration of the 400th centennial of America's discovery, was a most enjoyable affair. His Grace Archbishop O'Brien, of Halifax, His Lordship Bishop McDonald, the Cathedral clergy and Rev. P. A. McEimoel, of Kelly's Cross, were in attendance, besides a large number of the parents of the pupils and other friends of the institution. The programme was an excellent one, and was carried out in a highly creditable manner.

The Montreal True Witness and Catholic Chronicle comes to us this week in a new form, and a new dress. It will continue, in future, to speak to its numerous readers in magazine form. The Witness under its present management, takes its place as one of the leading Catholic papers of the country, and the fearless and able manner in which it champions the cause of right makes it a valuable factor in the cause which it upholds. We wish our contemporary a long continuance of the success it so deservedly merits.

SINGERS
Public speakers, actors, auctioneers, teachers, preachers, and all who are liable to over-tax and irritate the vocal organs, find in Ayer's Cherry Pectoral a safe, certain, and speedy relief. It soothes the larynx, allays inflammation, strengthens the voice, and for whooping cough, croup, sore throat, and the sudden colds to which children are exposed, this preparation is without equal.

William H. Quartly, Auctioneer, Minister, Australia, writes: "In my profession of an auctioneer, any affection of the voice or throat is a serious matter; but, at each attack, I have been
BENEFITED BY
a few doses of Ayer's Cherry Pectoral. Thieremedy, with ordinary care, has worked such magical effect that I have suffered very little inconvenience."

"Having thoroughly tested the properties of Ayer's Cherry Pectoral as a remedy for bronchitis and throat affections, I am heartily glad to testify to the intrinsic merits of this preparation."—F. J. Macmurray, Author and Lecturer, Ripley, Ohio.

"Ayer's Cherry Pectoral has cleared and strengthened my voice, so that I am able to speak with very much more ease and comfort than before."—(Rev.) C. N. Nichols, Pastor of Baptist Church, N. Tisbury, Mass.

"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point.
