He Wants a Spending Department

According to the Quebec despatches the result of the election was scarcely realized when Tarte was informed by his grateful leader that if there was anything that he wanted he had but to name it, and it was his. Since then Tarte has put in a claim for the Department of Railways, and there it appears he is to be established. The Toronto Globe published, not long ago, a history name it, and it was a list. When, in spite of Tarte's efforts, Mercier fell, Tarte passed himself over to Mr. Laurier, managed his campaign fund, and raised the raceal keynote at Sohmer Park last year in a speech wherein he 'declared that the purpose of the Liberal party was to down the Orangistes and fanatics. During the past two years Tarte has been the leading spirit in the racial conflict. Now Tarte is to be rewarded with the Railway Department. In that branch of the service no less than \$8,000,000 is expended annually. Tarte will thus control about one-fourth of the Dominion expenditures. Why should he want the Railway Department? The gold fields of Kootenay, B. C., continue to attract increasing attention. Mr. Pritchard, F. G. S. mining expert from London, Eng., passed through Winnipeg from Koc. tenay a few days ago. He has spent two months in British Columbia looking over the gold fields in the int rest of a wesliby English syndicate, which has invested there. Mr. Pritchard thinks the gold mining of Rossland and Southern Koctenay marvellously rich. It bids fair, be said, to exceed the output of South African mines. Having had thirty-six years' experience in min-ing, passing some time at the Bal-larat mines, Australia, and being on the Rand, South Africa, less than a year ago, consulting engineer for the largest mining syndicates in South Africa, Mr. Prichard knows whereof he speaks. It is his opinion that the Rossland district surpasses in mineral wealth any mines yet examined by him.

The month of May is going to be one of very unusual interest in our big store. An immense quantity of goods has arrived, and we are all on the jump selling them.

Spick and Span New.

That's what the new Hats and Bonnets are. There is not a ladies or child's face on this Island that we can ot suit to a "T." The new trimmings are elegent—the flowers and ribbons especially. you can't find just what you want in our big stock, you will find it exceedingly hard to get a husband to suit you.

A Nine Days Wonder.

That's what our big stock of Dress Goods is. We bought nearly 3,000 yards direct from the man that made them, and so are selling them at lower prices than we ever were able to do before. At 40 cents we have a beautiful line of new goods, and at 28 cents we show a saw mills there were barely saved. On handsome novelty. At 70 cents you get elegant goods fit to be Saturday night Billarie Island was swept married in; in fact goods that usually sell at \$1.00 a yard.

Love at First Sight.

When you see our \$2.98 stylish Capes, that's what's going to hap pen, we know as a fact that \$4.00 is frequently asked elsewhere for no better goods. If you want a good serviceable Cape \$1.40 will buy it at our store, and if that is too high we have handsome Capes

Of course we've lots cheaper lines, but this breaks all records and stamps our store as the cheapest on P. E. Island.

save money by dealing with us, and more than that we've got just the very thing you want. Facts are Stubborn Things.

We don't pretend to have all the bargains in the world, but we do claim that no shop on P. E. Island is offering so many bargains to-day as we are. Call and prove for yourself.
