The schooner Mary Joseph, Captain  
Cicophas Arsenault and three others of a  
crew, went ashore on Friday at Sandy  
Hook, Magdalen Islands. The Captain  
and one of the sailors managed to save their  
lives. The Mary Joseph had a cargo of  
merchandise from Souris for the Magdalen.  
The Mary Joseph was a vessel of forty-  
three tons and was built at Margomah in  
1877. She was owned by Matthew & Mc-  
Lean, of Souris.

Judge Burbridge, of the Krieger Court  
of Canada, and his auditor, were here last  
week. The Judge held court and consid-  
ered the matter of damages to the different  
persons whose lands have been expropriated  
for the new railway site. The case of  
Patrick H. Byrne vs. the King, to recover  
\$150, the value of a horse killed as the re-  
sult of injuries sustained in crossing the  
railway track near Georgetown was also  
argued. Matheson and McDonald ap-  
peared for the plaintiff and Hazard and Gan-  
det for the defendant, the King. Judg-  
ment in all cases reserved.

The schooner "Antelope" employed by  
M. J. Haney, while building the Hills-  
borough bridge was recently lost on Lake  
Huron. The crew were saved. She was  
commanded by Peter McMahon, Charlottetown  
and there were three other Charlottetown  
men on board. The news of the  
wreck reached this city in a letter from  
Mr. James McIvor to his wife. Mr. Mc-  
Ivor writes from Toronto November 20th  
as follows:—"I write you to let you  
know that I am living, but had a close  
call. We lost the Antelope in Lake Huron  
and we got out with what we stood in."

The annual meeting of the Nova Scotia  
Provincial Exhibition Commission took  
place at Halifax last Wednesday evening.  
The president said that the deficit of this  
year was \$10,932.56; and in view of the  
fact that there had been \$5,000 of a falling  
off in the receipts, he was surprised that  
the showing was so good. The expenditures  
had been \$34,704.51, and the receipts  
\$23,771.95. The deficit of last year was  
\$8,230. The expenditure this year was  
\$34,704.51, as against \$34,381.30 last year.  
The Dominion Exhibition next year will  
open September 24th and close October  
7th.

The sale which was regarded as the final  
passing of Crescenzo from the race track  
was witnessed by breathless thousands  
who crowded every seat in Mason Square  
Garden, New York the other day. When  
the beautiful chestnut stallion was led into  
the arena reserved for him he was cheered  
so heartily that the racket frightened him  
and the auctioneer requested silence in  
behalf of the famous trotter. The bidding  
was brief. P. H. Maguire opened with  
\$20,000 and after a short silence Mr. Sa-  
se said "Twenty-one thousand." With  
in five minutes more Crescenzo was sold at  
this figure.

The steamer Marina returned to Yar-  
mouth last Thursday evening from the  
scene of the wreck at Black Ledge on Fri-  
day. She confirms what few doubted,  
that the steamer which went to her doom  
was the Turbin. The Marina stopped at  
Mud Island and picked up half a dozen  
men who witnessed the Turbin's close proxi-  
mity to the dangerous ledge, three miles  
away, and who had seen the steamer dis-  
appear. They then repaired to the spot  
indicated by the men. On their arrival  
there they found the gulf and near it a  
broken spar. Under the water the hull  
could not be seen, but probably it will be  
when the water is calm.

A terrible fatality occurred at the head  
of Toronto, near Murray Harbor on Wed-  
nesday last, the victim being a six year old  
girl, daughter of Isaac Bull. She and her  
two little brothers were playing in a large  
barrel, which was closed in on all sides  
and used instead of a barn. One of the  
boys and the girl climbed to the top, the  
other boy sat a fire below. The boy  
escaped from the top with his hair burn-  
ed off and one arm badly burned, but  
the little girl was burned to a crisp only the  
head remaining. The incident has been  
to the woods and the frantic father had to  
go and hunt for them, fearing they would  
perish with cold. The mother died about  
two years ago.

A Halifax despatch of the 24th says:  
There is some probability that the question  
of discontinuing the modes vivendi as to  
fishing rights between Canada and the  
United States may be introduced into par-  
liament next session by the minister of  
marine and fisheries. The Sydney Record  
in an article today, which is believed to be  
inspired, raises the question as to whether  
the time has come for discussing the ques-  
tion and compelling the fishermen of the  
United States to exercise their calling in  
Cape Breton waters under the provisions  
of the treaty of 1818. It is learned that  
Hon. Mr. Prefontaine has already taken  
the matter up and has instructed Alex.  
Johnston, M. P., to ask the fishermen of  
the province to express their opinion as to  
whether or not the treaty should be con-  
tinued.

A bold attempt was last Friday night  
made to rob the Trade Bank of Bridge-  
burg village on the Canada side of the  
Niagara river, opposite Buffalo. A gang  
of six to eight men, after fastening all the  
doors of the nearby houses with ropes,  
secured a heavy stick of timber and pro-  
ceeded to batter in the front door of the  
bank. Ralph C. Young, an 18 years old  
boy, was the only person in the bank when  
the robbers opened their attack. Armed  
with a revolver he went to an upstairs  
window and opened fire upon the thieves.  
They replied with revolvers and shot guns.  
With his face streaming with blood from  
shattered glass and splinters of wood caused  
by the fusillade from the street Young  
kept the robbers back until, finally alarmed  
by a shot from up the streets, the thieves  
fled.

Perhaps it may be news to Easterners to  
learn that the Indians of the Yukon have  
regarded themselves at war with whites  
ever since their arrival there in 1897. This  
remarkable information is contained in a  
report from the Police Superintendent at  
White Horse, just received at Ottawa.  
However the officers in question add some  
further news of a reassuring character. At  
time of writing the Indians were assem-  
bling at White Horse from Taku, Teyin,  
Allen, Little Salmon, and Dalton House  
for the purpose of holding intertribal dan-  
ces and entertainments. This would be  
followed by a gathering at Little River  
where the hatohel would be formally  
buried. The same mounted police officer  
reports that at Windy Arm the vein of  
rich silver in the Montana Mine, proves to  
be a mile and a half in length. It is one  
of the Curad consolidated group of mines,  
the owner of which claims to have \$12,  
000,000 worth of ore in sight by actual  
measurement.

day morning with a large inward cargo  
but no passengers. On her return today  
she had a full outward cargo including  
4000 bags potatoes for Boston and sundry

According to Abbe Ladame's report  
Canada possesses nine tenths of the flow of  
Niagara Falls and one fourth at the Soo.  
Canada's share at the two Falls is 214,500  
cubic feet per second and the United States  
167,300 feet. The Canadian Commissioners  
rejected the rather cool proposal of their  
American colleagues for an equal division  
of these Falls.

Without formality the final chapter  
in the bloody war between Russia  
and Japan was enacted in the diplomatic  
room of the state department Washington  
Saturday afternoon when at 4.05 o'clock,  
Baron Rosen, the Russian ambassador,  
and Mr. Takahira, the Japanese minister,  
on behalf of their respective sovereigns,  
exchanged ratifications of the treaty of  
 Portsmouth, which was signed Sept. 5th  
last.

The new King and Queen of Norway  
made their state entry to Christiania Sat-  
urday afternoon, and were received with  
very demonstration of goodwill. Fog  
delayed their arrival several hours. Members  
of the Norwegian parliament greeted their  
Majesties on their arrival at the Castle.  
In reply to the president's speech of wel-  
come, King Haakon said he hoped the  
splendid reception accorded him and his  
consort would be a good omen of further  
relations between himself and the people  
of Norway.

George Cleavayde, of Massachusetts, re-  
turned to Lunenburg, Scotland, the other day  
from a whaling expedition in Davis Strait,  
bringing news from Eskimo sources that  
Capt. Admair Arctic expedition ship  
has been crushed in the ice at Boothia  
Felix (the northern most part of the  
mainland of North America) and that the  
explorers escaped and have been living  
with the natives. The Dundee whalers  
who were appointed to meet Capt. Ad-  
mair's with stores, have not been able to  
trace him.

native of Kelly's Cross, who died at the  
Boston City Hospital on Friday last, ar-  
rived at Charlottetown Monday evening,  
accompanied by his widow and  
his two brothers. Deceased lived  
in Charlottetown some time before  
going to Boston, and his wife was for-  
merly Elsie Edith Gallant of this city. In-  
terment took place at Kelly's Cross today.  
Deceased was a member of Branch 216 C.  
M. B. A. A delegation from the Branch  
met the remains at Summerside and the  
Branch turned out in large numbers yester-  
day and escorted the body to the railway  
station, whence it was taken to North  
Wiltshire on route to Kelly's Cross.

A sad and painful accident occurred at  
the home of Mr. Michael Budge, Five  
Houses, Fortune Road on the morning of  
the 9th, inst., by which his youngest  
daughter Irene, a bright little girl of four  
years and nine months lost her life. While  
in the act of putting some wood in the  
kitchen stove her clothing caught fire  
and she was burned to death. The time  
attracted by the screams of the little  
girl came rushing into the kitchen and was  
horrified on meeting the little one at the  
door with her clothing in flames. With  
the intention of smothering the fire in her  
clothing, the mother enveloped her in a rug  
or mat and succeeded in quenching it to a  
certain extent, but the fire already had  
reached the quivering flesh and when the  
clothing was removed the left arm was  
found to be almost burned to a crisp. Her  
life, side, face, and neck were also badly  
burned and notwithstanding tender care  
and the best medical skill she passed  
quietly away on the evening of the 10th,  
about 38 hours after the accident occurred.  
Mr. Budge and family have the sympathy  
of the community in their sad and trying  
affliction. Examiner please copy.—Com.

Secretary Foster, of the provincial board  
of health, of N. B., is making a careful  
investigation of smallpox conditions in  
Queens and Sunbury counties. It is un-  
derstood that eighteen houses will be quar-  
antined in two settlements in Queens, and  
there are three or four other places where  
the disease is mild from exists.

The longshoremen's strike at St. John  
came to an end last night. The men have  
agreed to work for last years rate of wages.  
A large party of shipbuilders from Mon-  
real arrived yesterday and work on all  
the ships in port was carried on without  
delay. This brought matters to an end, so  
far as the strike was concerned.

Speaking at Bodmin, Cornwall, England  
last Monday night, Lord Rosebery re-  
pudiated the lead taken by Sir Henry  
Campbell-Bannerman, leader of the party  
in favor of home rule for Ireland during  
his speech at Stirling Tuesday night, thus  
emphasizing the split in the liberal party.  
Speaking deliberately Lord Rosebery said  
he objected to raising the banner of home  
rule on account of high constitutional ob-  
jections, and also on account of the well-  
fare of the Irish people, but mainly be-  
cause it impaired the unity of the free  
trading party and indefinitely postponed the  
task of educational reform.
