MR. CUSTOMER,—  
Probably you've economised by doing without your usual suit and overcoat during Fall of 1914. Are you going to have that down-and-out look in Spring 1915? The Allies have millions of men on the firing line, each requiring thirteen pounds of wool every six or eight weeks. The British Government are keeping British Mills turning out army contracts.  
Spring quotations for woollens are sky high. We have on hand a particularly fine range of Serges, Tweed Suits and Overcoatings. Order now as you will have to pay considerably higher in the Spring.
