of the consequences of the British na- weights.

But as if in a moment the skies clear- abominable brigandage, seeking above by Foch on the German flank was recognized by all clear-sighted observers as the dawn of a new day. It Thourout have been destroyed by was perfectly in harmony with fire. Foch's theories of the art of war, as fully exposed in his works, and it stinging commentary on German

to a situation where he could wo his will but that his will would work. Spanish It was the evidence of a triumph of mind over matter. From that moment the stream ha

flowed exactly the other way from declared in all the pages of his story, that the stream of the nations' affairs is not a resistless mountain torrent, but much more in the nature of an artificial canal, in which the current may be turned one way or the other by the application of the genius of man. Free at last to apply his genius, Foch in a day changed the current in France. Where before all had favored the German advance, all things have since gone against it. What before was easy for the Germans has now become easy for their enemies The Germans have in these two months been driven back in some spots beyond the line from which they advanced in March, in other spots very nearly to it. Evidently they are still on the go. From strength they have passed to weakness. From the summit of successful organization they have passed to disorganization of Foch. and almost panic.

Has a magic wand been waved over the armies? No. Simply, a concrete, harmonious, single, thorough and fartion at last to the situation of the best military brain that the Allies possess and the consequent instant elevation fighting presence of the fresh, new is grand, when there is rain to beat the psychological moment.—Boston And if I talk of politics, and stand up

for a lot of hicks these friends of ine destest, they say my dome is full slats until they spoil my vest. I surely like the honest skate who doesn't pause or hesitate at speaking of his mind; but I dislike the urbane gent who always is in salaams bent, who has an ax to grind. He is so passing Jersey in a heavy silk net weave sweet this morn that I might transple on his corn, and he would only smile; but I most certainly will find what sort of ax he has to grind, in just a little while. Some day he'll grab me by the coat and say he'd like to have my vote, he needs it, forty ways; and when I gently turn him down he'll shelve the smile and spring a frown, and hote me all his days.

Sunday Gasolene Sales Stopped.

Ottawa, October 8.-Fuel Controllor Magrath announces that regulations have now been approved by the Governor-General in Council to control the wholesale and retail sale of gasoline in Canada, and certain fees are prescribed, based on the volume of gasoline sold during the previous

In cases where dealers fail to obey the provisions of the law the Fuel Controller has absolute power to cancel or suspend licenses without notice. All persons who continue to deal in gasoline without making application for a permit to do so will be subject to a penalty of \$50 for each day such business is conducted i intravention of the regulations. Provision is also made for the keep-

ing of certain sales records, and all retailers of gasoline are called upon to post in their places of business the wholesale as well as the retail cost of gasoline handled by them. One portant provision of the regula tion is that for the duration of the war the sale of gasoline on Sundays is

Retail maximum prices are pre for establishments selling coline in quantities over a tho allons a month. Profits are based a 10 per cent. advance over the whole mark the first step toward bringin the control of the sale of gasoline under the same sort of supervision as is .
