## THE EVENING TELEGRAM

THE EVENING TELEGRAM, LIMITED, PROPRIETORS.

All communications should be addressed to The Evening Telegram, Ltd., and not to individuals.

St. John's, Newfoundland, Thursday, July 26, 1923.

## A Neglected Source of Wealth.

## PROTECT IT-DEVELOP IT.

Since the coming of the Rotary Club into our midst it has been the means of calling attention to many matters of public moment, and of these not by any means the least important was the subject upon which the Hon. Sir Edgar Bowring gave such an interesting address at their last meeting—Newfoundland as a Tourist Resort.

To summarise the attractions that we have to offer to the tourist is not our purpose. They have often been described, but even our most brilliant writers have failed to do them full justice. Nature has been prodigal with her gifts, and it is but for us to reap the benefits.

The first essential if this asset is to be turned to account is adequate protection. The Game Laws require revision, and more effective measures must be taken to patrol our rivers and our hunting grounds. To induce sportsmen of the right type to come to the country, they must first of all be assured that the game laws are rigidly enforced. This can only be done by considerably increasing the numbers of wardens, offering sufficient inducement to secure capable men, and employing supervisors, each in charge of a definite area, to see that the laws are being upheld. Hatcheries should be constructed to guard against depletion of the trout and salmon waters, and more reservations should be marked out for the protection of the caribou. This in particular is an immediate necessity owing to the reported reduction in the size of the herds, and also because the area in which shooting is forbidden at present is in the vicinity of the Humber activities. Good roads are necessary, and the rivers must be bridged.

The true sportsman is not seeking a happy hunting ground only. He has an eye to the artistic. He finds pleasure, unexpressed perhaps in the wide spaces, in the deep silence of the forests, in the roar of the thundering waterfalls, and in the solemnity of the everlasting hills. But our natural beauty is stripped of its splendour with the destruction of our plant life, and hand in hand with the precautions taken to protect our game must go every possible provision to reduce fire risks.

Adequate hotel accommodation will doubtless follow when the stream of tourist traffic is no longer an uncertainty. That can greatly be augmented by the circulation of literature both in England and America, and by advertising our attractions—not as the "Norway of the New World"—but as a Sportsman's Paradise peculiar to Newfoundland.

## The Political Situation.

Since the announcement on Tuesday by the Hon. W. R. Warren that he had been requested by his Excellency the Governor to form an Administration, and that he had undertaken the responsibility, there has been no further development in the political situation. In view of the difficulties with which the new Leader is faced, he is assured of the sympathy of the public generally, who trust that as a result of his deliberations a party will be formed which will be deserving of their confidence.

## New Machinery At Silver Cliff.

Last week over twelve tons of machinery arrived at Argentia for Silver Cliff mine consisting of a 100 H.P. Metz fuel oil engine, 14x24 roll crusher, and 10x7 jaw crusher. This apparatus will be capable of handling 120 tons in 24 hours. The run of mine produces one ton of concentrates from five tons. The concentrates being made run seventy-seven per cent. lead, twenty-five oz. silver, and seven to ten pennyweights of gold.

There are no objectionable elements such as Cobalt, Nickel, Arsenic, Antimony, Bismuth or Zinc. The latter being present in the raw ore, but is swept clean from the lead concentrates.

With the installation of a slanting blast sulphur content of the concentrates would be eliminated sufficient to bring the lead contents up to 33 per cent., which would be a world's record. The operations of the Silver Cliff Mining Co. have demonstrated there are enormous possibilities for the mining section of Placentia Bay as the lead bearing strata extends from the South East Arm to La Manche over thirty miles, and were operations existing producing twenty tons of concentrates per day it would warrant the installation of a lead smelter and refining works, which would permit operation of mines with very small capital as the operators would have a home market for their product.

## Juvenile Outing August 6th.

At a recent meeting of the Guardians in connection with the T. A. & B. Juvenile Outing were finalized. The affair will be held at Donovans on August 6th, the party going out by train at 10.30 a.m. At night a dance for the guardians and their lady friends will be held, a special train going out at 8.30 p.m.

## Express Passengers.

The following first class passengers arrived at Port aux Basques on the S.S. Kyle yesterday morning and are on the incoming express due about 4 o'clock this afternoon:—Mrs. H. Kelloway, Mrs. A. Evans, Miss E. Smith, Mrs. R. Field, Mrs. G. Stares, P. and Mrs. Yelman, J. Burke, A. Roberts, A. B. and Mrs. McLean, S. Evans, Mrs. A. Pelley, T. and Mrs. Garion, R. Norman, Miss Hartley, Miss E. Delaney, N. Gillis, Mrs. T. Hutchings, Mrs. C. M. Stickland, T. R. Hayes and daughter, F. and Mrs. Winsor and daughter, Mrs. S. Wheeler, Miss K. Taylor, Mrs. A. Parsons, Mrs. W. Way, A. T. Payne, G. Carpentier, W. R. Turnbull and two sons, Mrs. G. Stickland, Miss S. Morgan, Miss Beak, Miss J. Quinn, Miss G. Grandah, and two children, Miss H. Stickland, Mrs. W. F. White, G. Spracklin, H. and Mrs. Cook, A. T. O'Leary.

## Obituary.

**JOHN SPARROW.**—On Monday, July 16th a sad gloom was cast over the little settlement of Ship Harbour, when the news flashed over the wires of the death of a worthy and much respected young man of that place in the person of John Sparrow, who was drowned at St. John, New Brunswick, while swimming on Sunday, July 15th. The deceased was only in his twenty-first year and left home in May, bidding adieu to his relatives and friends. He leaves a mother, one brother and five sisters, who deeply mourn the loss of a kind son and loving brother. To the bereaved ones the writer and many friends of the deceased extend heartfelt sympathy in this sad time.

**BELGIUM GLASSWARE.**—The first shipment of Belgium Tumblers, etc., received by S. Richd. Steele, is now selling at remarkably low prices. Call in or phone 1476—the shop with the CUP & SOR. SIGN—opp. Court House.

## In Passing.

It is quite possible that Hon. W. R. Warren will be in a position to announce the personnel of his Ministry before Saturday. Everywhere yesterday self-opinioned politicians were issuing forecasts of the possible line-up of the new Government. Not a few strengthened their predictions with the usual assertion that were speaking with the sanction of various leaders whose confidence they claim to enjoy.

Notwithstanding all claims of self-elected authority, we are satisfied that up to time of writing nothing of a definite character has transpired and the situation remains practically the same as on Tuesday after the Assembly adjourned.

It is true that a series of small meetings and conferences have been held by the leaders of the distinct factions in the House to consider and discuss the question of a new executive, but no details of what transpired are revealed; accordingly all the statements and rumors circulated must not be accepted as facts until an official announcement is made by those on whom the responsibility rests.

A most amusing incident transpired when a member of the House of Assembly and a prominent ex-member challenged each other to write a forecast, the one jotting down the nearest to the official announcement would be enriched by a substantial sum. Both hastily applied their minds and pencils to the task and in less than a minute each submitted their list to a third party, who on reading them found that the two great minds were of the same thought. The two forecasts were the same and the orphans received the benefit to the extent of twenty dollars.

The Mail in its report of Tuesday's proceedings in the Legislature yesterday is of the opinion that Hon. Mr. Warren's statement predicts complete coalition of the two political parties now in the Assembly. Coalition Government had its disadvantages and to-day may enjoy many advantages depending solely upon the policy of such and the progressiveness of its membership.

The public expenditure in connection with the Agriculture and Mines Department and pit-props account for February and March is but a repetition of the months previous up to July 1922. An item worthy of passing notice is that of cab hire which list was very lengthy for these two particular months.

One cabman in particular received \$120.00 for four engagements. Altogether 25 cabmen received various amounts for March month. Another item that should be explained is the sum of \$200.00 to H. J. Duder for extra services.

## Annual Picnic.

**St. Thomas's Sunday School Hold Joyable Outing.**—The annual Sunday School picnic of St. Thomas's Parish, took place at Woodley's Farm, Quidi Vidi Road, yesterday afternoon, under ideal weather conditions. The teachers and scholars, numbering some two hundred and fifty, assembled at Canon Wood Hall at 12.30 p.m. from whence they proceeded to the grounds. Various games were indulged in during the afternoon. A feature of the programme was the football match played between the C. E. Orphanage and the Dunfield Boys' Bible Class, the former winning out after an exceedingly good game, by 3 goals to 1. The tea which consisted of a plentiful supply of the many good things was served on the green, and done full justice to by all. The outing was one of the best yet held. The boys and girls of the C. E. Orphanage, who were present during the afternoon, as invited guests, and Supt. Hodder, on behalf of the orphans, feel very grateful to Mr. Mott, the Sunday School Superintendent, and teaching staff for the many kindnesses shown.

## Western

## Fishery Outlook.

The fishery with traps and trawls is practically a failure from Ferryland to Caplin Bay according to a report sent to the Board of Trade by Sub-Collector M. J. White. To date with sixteen dories, forty-nine boats and forty traps in the water only 3,000 qts. of fish have been secured. From Cape Race to St. John's the fishery is somewhat better, although the prospects are not very good. To date 50 schooners and 29 dories and skiffs have landed 4,940 qts. There are 35 traps in the water in this section. From Northern Head to Cape Race to date 5,000 qts. have been landed. There are 45 traps in the water and 130 dories and skiffs operating.

## Personal.

Major Jennings, of the Armstrong-Whitworth Co., left by train yesterday to spend a few days up-country.

## Mount Cashel Garden Party.

The citizens of St. John's turned out in their thousands yesterday afternoon to attend what has always been predicted to be, the Premier Day, Mount Cashel Garden Party. It is estimated that fully eight thousand were present, which constitutes a record. The day was all that could be desired. The weather conditions, which did not look very promising during the forenoon, turned out to be ideal, while the gathering present clearly demonstrated their appreciation of the good work done by the Christian Brothers of the Orphanage. The scene at the grounds was a most picturesque one, flags and bunting fluttered here and there in the breeze of the refreshing westerly wind, while the tents, stalls, tables, etc., added greatly to the beauty. Amongst those present were His Excellency the Governor, Lady Allardice, Miss Allardice, Major Wilberforce-Bell, Vice Admiral Seymour and officers of H.M.S. Calcutta. The Vice-Regal Party arrived at the grounds at 3.30, and upon being welcomed at the entrance by Bro. Ennis, were escorted through the grounds and buildings, after which they moved to the space allotted for the field sports, where they remained a considerable time reviewing our local athletes either kicking football or running races. A notable feature during the sports programme, was when Ron O'Toole, the winner of the three mile race was introduced to His Excellency, who expressed his pleasure in witnessing the young athletes performance, and congratulated him on his splendid showing. The usual side shows, as other years were in evidence. There was plenty of amusement to be found in the throwing of rings, shooting, the arrow hitting the nigger on the head for a big fat cigar, and the throwing of a dime to try your luck on the wheel of fortune. The wheels were perhaps the most patronized, and it was interesting to watch how eagerly each spin was followed. Then again, energetic young ladies were on the look-out for everybody to purchase a ticket on something, whether it was a handbag, box of cigars, a dainty cake, and many other things which would readily attract a customer.

The swinging boats, which were pitched in conspicuous part of the grounds, were kept busily engaged all afternoon and evening, to the general enjoyment of the many who had a fondness for this invigorating pastime. The dancing of the Orphans in the various Irish Jigs, one steps, etc., was indeed a revelation to the thousands who had the pleasure of watching them. They were warmly applauded and responded to encores on several occasions. At 5 o'clock, when time came around for tea, the various tables were quickly filled. The ladies in waiting who had made every preparation for this occasion, were fully rewarded for their efforts. The tea tables were overflowing with many delicacies, and the appetites of all were appeased. In this department the table holders had big receipts, which helped considerably in the success of the affair. During the afternoon, lively musical airs were rendered in a masterly manner by the bands of the C.L.B., C.E.C., and the talented little bandmen of the Orphanage. The traffic regulations were all that could be desired, and not a single accident was recorded. The motor cars, buses, cabs, etc., were busily engaged moving to and fro from the city to the grounds, and they certainly did a rushing business. The police, under Sergt. Stapleton, at the entrance, directed the traffic very satisfactorily, while the mounted police in and about the grounds rendered yeoman service. When the final event of the day, (the pony race) had been brought to a close, the presentation of prizes to the winners of the various sporting events followed. Bro. J. E. Ryan, on behalf of Mount Cashel, presented the trophies in an Indian graceful manner, after which three hearty cheers were given with a will by the gathering for the Brothers and Mount Cashel.

**Successful Dance.**—As a fitting wind-up to the successful days proceedings a dance was held in one of the spacious buildings. Upwards of 800 people were present. The dance hall was specially decorated for the occasion. The music was furnished by the Mount Cashel Band, under the leadership of Mr. Arthur Bulley; the music being of such a high standard, that repeated encores had to be responded to, which were given with a will. The dance was a decided success, the receipts doubled that of last year. The affair did not conclude until 2 o'clock this morning. The gathering before they left joined in the singing of the National Anthem and cheers for Mount Cashel.

## Shipping.

S.S. Canadian Sapper arrived in port this morning with a full general cargo from Montreal and Charlottetown.

Schr. Hasbet has sailed from Burnt Island for Oporto, taking 2,373 qts. codfish and 93 qts. haddock from the Burnt Island Export Co.

Capt. George Barbour of the S.S. Senef, now at Holton, forwarded a message to the Department of Shipping this morning which reads as follows:—Ship went as far North as Hopedale, now West Turnavick, awaiting arrival S.S. Segona. From Indian Hr. to Hopedale, no ice in sight. Floe extends further North, but cannot say how much. Weather is exceptionally good, with fair sign of fish as far North as Hopedale. Passed three schooners North Turnavick, all well.

(Sgd.) G. BARBOUR.

## Cameras for the Regatta

At

## Actual Cost Price

An actual Cost Price Sale of Cameras is now on at the Kodak Store. From to-day until Regatta Day, Aug. 1st, every Camera in our store will be sold at COST PRICE. There is no "fake" in this wonderful sale, the genuine listed cost price of every camera will be its selling price.

Such an offer has never been made in the city before, and as Sales like this don't happen every day it's up to YOU to get your Camera NOW, in good time to snap "all the fun of the Races."

## The Slaughter of the Brownies

100 Brownie Cameras—the ideal Camera for children and beginners—are offered at the ridiculously low figure of \$3.00 each. Who'd be without one at that price? Think of the fun you can have anytime with a Camera and a roll-o'-film, and have a little Brownie in your home right away.

**100 \$3.00 Brownies \$3.00**

## In Memoriam.

THOMAS MURPHY (PAINTER.)

There passed to his eternal reward on Thursday, July 12th, fortified by the sacraments of Holy Catholic Church, Thomas J. Murphy, in the 41st year of his age. Deceased was the foremost signwriter and interior decorative artist in the country. His lettering was always an attractive feature in our business centers, and many of our outport churches have been enriched by his brush, with the reproductions of some of the most famous pictures that portray the Story of the New Testament. He was the trusted foreman and confidant of the painting firm of McGrath Bros., in whose employ he had entered as an apprentice 25 years ago, and to whom his passing is an irreparable loss. He was a man blessed with keen insight of the workings of life about him, and by his candor and straightforwardness won the admiration of a host of admirers who looked to him when bitterness and prejudice befogged the debate, for clear and unbiased opinion. He spent a few seasons in New York and Boston in his business, where he made many influential friends and at these times the Newfoundlanders visiting those cities would find no more congenial guide and companion than Thomas Murphy. He leaves to mourn their sad loss a loving mother, wife and one brother and the number of his friends was evidenced by the largely attended funeral that followed all that was mortal of him to the church and his resting place in Belvidere.

"And we kneel in prayer, then left him there  
And brought his memory home—"  
"Pray! yes pray! for God is sweet—  
Tears will trickle into prayers  
When we kneel down at His feet—  
With our crosses and our cares.  
He will calm the troubled breast,  
He will give the troubled rest—  
And the dead He watcheth best."

## Senef Reports.

**FISHERY LOOKS MORE PROMISING.**—Capt. George Barbour of the S.S. Senef, now at Holton, forwarded a message to the Department of Shipping this morning which reads as follows:—Ship went as far North as Hopedale, now West Turnavick, awaiting arrival S.S. Segona. From Indian Hr. to Hopedale, no ice in sight. Floe extends further North, but cannot say how much. Weather is exceptionally good, with fair sign of fish as far North as Hopedale. Passed three schooners North Turnavick, all well.

(Sgd.) G. BARBOUR.

## What You Should Know.

You often hear a person say "The people want something more than Chiropractic Adjustments." I have been asked why I do not use—Electricity, Baths, etc. As a Chiropractic practitioner, I know that the people want Health and I also know, that if Chiropractic fails, that no amount of Electricity, Baths, Massage, etc., will do any good. There is no denying the fact that the people being steeped in old methods are prone to leave the old ways for new ones. Chiropractors having the welfare of their patients at heart, use no petting and pampering methods. Not being Dollar chasers, we give them the one thing that we have been taught and know how to use. We give them the thing that we know. Gets them well—Chiropractic.

## Coastal Boats.

**GOVERNMENT.**—Argyle left Laminale at 1.40 p.m. yesterday, inward.  
Clived arrived at Lewisporte at 11.25 p.m. yesterday.  
Glencoe leaving Argentia to-day.  
Home, no report leaving Humbermouth.  
Kyle left Port aux Basques at 11.35 p.m. yesterday.  
Meigle at St. John's.  
Segona left Ragged Islands at 7.30 p.m. yesterday, coming South.  
Malakoff arrived at Port Union at 7.15 p.m. yesterday.  
Portia left King's Cove at 9 a.m., going North.

## Susu Sails.

S.S. Susu, Capt. Roberts, sailed for the Fogo Mail Service route at 10 o'clock this morning, taking a full freight and the following passengers:—Misses M. White, Irene Kelloway, N. Buckler, Hunt; Messrs. R. Burt, Capt. Canning, S.A., Lieut. Pearce, S.A. and Rev. S. Rowe.

## Silvia Has New Purser.

Donald Robertson has succeeded Alfred MacFie as purser of the Red Cross liner Silvia. He was formerly on the American liner President Adams. Mr. MacFie has accepted a responsible position at the head office of the Cadillac Motor Company in New York.

**C.C.C. Band Concert, Quidi Vidi Lake, Friday, July 27th.** Weather permitting.—July 26.21

## McMurdo's Store News.
