IS THE ROAD TO BE SOLD?

London's Street Railway in the Market,

As a Result of the Everett-Moore Financial Troubles.

Offer of \$180 Per Share for the Stock—It Is Said That E. W. Moore May Lose the Presidency.

E. W. MOORE MAY LOSE PRESIDENCY.

Akron, O., Jan. 18.—At the annual meeting of the Northern Ohio Traction Company here today, E. W. Moore, H. A. Everett, C. W. Watson, B. Mahler, J. R. Nutt, William Christy and Charles Currie were re-elected directors. The election of officers will take place next week. It is said that at the request of the Cleveland bankers' committee, William Christy, of this city, will succeed E. W. Moore as president of the company. The annual report of the road shows gross earnings, \$617,001; expenses and taxes, \$350,845; net earnings, \$266,156; fixed charges, \$136,162; surplus, \$130,004; dividends or preferred stock, \$50,000; balance for common stock, \$80,000. Operating expenses were 56 per cent of receipts.

LONDON STREET RAILWAY FOR SALE.

Cleveland, Jan. 18.—Chairman Newcomb, of the bankers' committee, in charge of the Everett-Moore syndicate, said today that the syndicate had accomplished, certain properties of the syndicate would be disposed of, and the proceeds turned into the Federal Telephone Company.

One valuable property that is to be sold will be the London, Ont., street railway, which has twenty-eight miles of track and exclusive rights to operate in London. Some time ago, it is said the syndicate was offered \$180 per share for the stock of the company, which has a paid-up capital of \$1,000,000 in stocks and \$400,000 in bonds, and last year showed gross earnings of \$141,000, with a surplus of \$33,454. The property will bring a good figure, the committee say that while they do not expect such a favorable offer at this time, they feel that the sale of the property will bring a good figure.

It is understood that the bankers' committee will sell the London street railway system if a favorable offer is made.

No meeting of the bankers' committee was held today, and the next meeting will be held Monday.

A MEETING TODAY.

Cleveland, Jan. 18.—The bankers' committee in charge of the Everett-Moore syndicate will hold a meeting tomorrow afternoon. The developments of the past week have practically caused the members of the committee to decide upon a somewhat different line of action than at first intended. The primary object of the syndicate is to preserve the value of the securities of those in the syndicate and to prevent any depreciation in the value of the securities. In order to accomplish this, the syndicate is to take the interest of the syndicate it is now extremely probable that a number of properties will be sold. That is all the syndicate has in regard to the sale of the property.

MR. EVERETT GOING TO DETROIT.

Detroit, Jan. 18.—In a letter to Mayor Maybury, replying to his asking for an opinion on the proposed sale of the London street railway, H. R. Newcomb, of the committee of Cleveland bankers, says that he, with Henry A. Everett and Myron F. Herrick, will visit Detroit tomorrow to talk the matter over. He adds that the committee will no doubt recommend the sale provided they can get back the money invested and interest at 6 per cent.

A LOW RECORD REACHED.

Cleveland, Ohio, Jan. 18.—One hundred shares of Detroit United sold at 55c today, the second time the low record has been reached this week. The Northern Ohio Traction Company, one of the strongest Everett-Moore holdings, sold at 50c, nine points below the previous low point. E. W. Moore will retire as president of the Northern Ohio Traction Company, at a meeting of the directors next week. This system controls many urban and suburban lines in the northern part of the state.

CANAL PROJECT

To Connect Lake Huron and Lake Erie—London May Be In It.

Ottawa, Jan. 20.—The Huron and Erie Canal Company gives notice that it will apply to the Ontario Legislature for a bill to authorize the construction of a canal not less than eighteen feet deep from a point in Huron or Lambton county, on the east shore of Lake Huron, to a point on the northern shore of Lake Erie in Elgin county. The company also asks for power to operate all existing canals and rights in navigable and unnavigable streams en route from point to point; also for the right to operate electric and steam railways within a radius of fifteen miles of the canal route.

Robbers vs. Gamblers.

Omaha, Neb., Jan. 20.—Two robbers held up a dozen men in a gambling hall on the corner of the corner of 14th and Douglas streets, Saturday, and secured the cash box and \$200 in money from the customers of the place. They were captured within minutes later. Neither of the robbers was masked. They drew revolvers and ordered the men in the room to hold up their hands. Both men admitted their identity, and said they had lost their money in the place, and that they thought their game was as fair as that of the gambling house.

THE UNHAPPY BRIDEGROOM

Comments on the Unenviable Ordeal of Him Who is About to Marry.

Inasmuch as there are many more eligible women than men, and the supply of bridegrooms is not, therefore, equal to the demand, it would seem that at a wedding the most conspicuous and important personage would be a man, and that his name would be the name that was the headline on the programme.

So far is this from being the case that at no other time and place is the word of creation of such small consequence, and many a man never fully realizes of how little importance he is in the world until he attends his own wedding.

Nobody notices him, nobody speaks to him, except the heroic friend who

SECOND SHOCK EXPERIENCED

Repetition of Earthquake at Chilpancingo.

Many Buildings, Spared in First Shock, Razed—Full Number of Casualties Is Not Known.

Mexico City, Jan. 18.—Chilpancingo, the capital of the state of Guerrero, has been for two days in indescribable panic, for yesterday there came a repetition of the earthquake shock of Thursday, raising to the ground many houses spared in the first earthquake. The people are camping out in the Alameda, and in the fields. Hundreds of families are ruined. The buildings destroyed include the 17th Battalion barracks, from which the soldiers were ordered, thus saving their lives. The school buildings are wrecked, but luckily the children were all saved, their teachers having rare presence of mind and giving the order for them to march to the street. The first shaking of the earth began on Thursday. The parish church, which was being repaired, having been injured in a recent earthquake, was destroyed. When the shock began it was nearly filled with worshippers, who fled in dismay, women being knocked down by men, but fortunately all had gained the street when the heavy stone arches fell in. It is believed that everyone escaped, though the soldiers are removing the debris which is piled up in great heaps.

Gov. Mora and his secretary escaped from the state palace in time to save themselves and proceeded to aid the wounded and panic-stricken people. The statue of Gen. Nicholas Bravo was thrown down and the town government building was so badly cracked that its fall was momentarily expected. Great fissures opened across the streets. The Church of San Mateo, in one of the outer districts, was nearly destroyed.

Among the dead already found are four young women and two young girls. The list of wounded is a long one, including many prominent citizens. No official list of dead and wounded has been given out as yet.

In the town of Chilapa many buildings were badly cracked and three persons were killed outright, while four were injured. In the towns of Tixtla and Marichalan many buildings were cracked. At Ingula several arches fell in and there was general wreckage in shops. At Zumpango del Rio, three persons were badly injured, and the prison, town hall, schools and courts are wrecked.

JEALOUS RIVALS
