The traders were inclined to take the bull side, believing that the liquidation of the last few days had been thorough, that the wheat situation in Chicago had been sufficiently cleared up to avert all danger, and that the Milwaukes incident had ceased to be an influence. Some western selling, however, appeared shortly after the opening, causing rather a sharp reaction, in which U. P. lost a point. In making his charge to the grand jury, Chief Justice Meredith deplored the fact that they had two murder cases to consider. In the case Robert Quick, now in the Hamilton the court explained to the jury that they had simply to give their opinion as to whether Quick killed his brother or not, leaving the question of sanity out of consideration. Thus the city's revenue from the road for the year, exclusive of the amount allowed the city for interest on debentures issued to make repairs, is \$14,687 72.

This is exactly \$687 72 more than was estimated in 1904, and \$3,187 72 more than was received from the company Following is the report in full:

This is certified by Mr. J. L. Cramer. comptroller of the Pere Marquette system, in the accompanying letter and statement: A Falling Off.

Freight receipts are less than those of 1903 by upwards of \$4,000, in consequence of a much reduced quantity of coal having been carried over the division, which is partly due, no doubt, to the increased facilities for handling coal at Rondeau, to which point cargoes are directed which would otherwise go to Port Stanley. Sheets have been prepared collating the different sections of freight receipts for each month, from an examination of which it appeared that no coal had been freighted for the M. C. R during the past year, and that a very considerable reduction had taken place in the quantity delivered to the Grand Trunk Railway. Other deliveries had also declined, and the only offset was in the deliveries to points on main line, which had nearly doubled. but which, on account of the short proportion of the mileage to which the division is entitled, do not count for very much. I carefully checked the way-bills from Port Stanley for one month, and found them correctly col-

lated on the statement. The passenger business shows an improvement of over \$2,300; this also was represented by carefully prepared monthly statements. The express receipts had fallen off about \$130. The full amount received from the

DON'T despise a small beginning. "The lofty oak from a small acorn grows."
DON'T spend all your money on present luxuries, but make sure you will have them later on.
DON'T wait for a lucky turn of
the wheel to make you rich; be up and doing.

DON'T miss the feeling of comfort and satisfaction a substantial

savings account gives.

DON'T keep your money idle and hidden away in insecure places; look out for fire and burglars. DON'T lean upon others; rely upon your own strength; earn you own dollars, and save them. DON'T forget that, as a rule, the greater the risk you are taking. Be sure, not sorry.

Deposits of ONE DOLLAR and upwards may be made in our

SAVINGS BANK DEPARTMENT, and interest will be credited May 31 and Nov. 30 in each year.
