THE SOUTH AFRICAN UNION.

The English papers just to hand give a much clearer idea of the terms upon which the South African colonies are power, while the appellate authority is to be united than was afforded by the outline cabled to this country.

There would be danger in that, for Mr. Jackson is recognized as the most scholarly Methodist minister in Toronto. It would be a fatal mistake to encourage the view that superior scholarship is necessarily heretical, and to associate ignorance with the traditional theology.

MISS EVA CARTER

Anyone whose bronchials have been weakened by frequent colds will rejoice with Miss Eva Carter, of Denver, Colo., who was subject to bronchial trouble for years, but finally found a remedy that affords quick relief.

Miss Carter's Letter

"I have been subject to bronchial trouble for years, and never found anything that gave me the almost instant relief that Chamberlain's Cough Remedy does. Every cough or cold I would contract seemed to affect the bronchial tubes. The phlegm was very disagreeable and troublesome, and before used Chamberlain's Cough Remedy would hang on for months at a time. Now a bottle or two of this remedy is all that is required to rid me of this unpleasant bronchial trouble. I am only too pleased to recommend it."

> EVA CARTER, 1120 Adams St., Denver, Colo.

WAS RARE TREAT Chamberlain's Cough Remedy

This remedy has been in general use for almost forty years. Its great value in the treatment of coughs and colds has been proven in many thousands of households. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. People in almost every walk of life have testified to its valuable properties. It can always be depended upon and is pleasant to take.

Chamberlain's Cough Remedy has been a favorite with mothers of young children for coughs, colds, croup and whooping cough to which children are so frequently subject. They have found it contains no narcotic or harmful drug, that it can be given with implicit confi dence. and that it always cures. Price twenty-five cents. large size fifty cents.
